It has become necessary to impose a tax on luxuries as also on entertainments like cabaret, floor-shows, etc., provided in certain hotels and restaurants.

There is scope for augmentation of revenue by the levy of taxes on such luxuries and entertainments. In these circumstances "The West Bengal Entertainments and Luxuries (Hotels and Restaurants) Tax Bill, 1972" has been devised.

In a hotel or restaurant which is provided with luxury as defined in the Bill and where entertainment is also provided a tax shall be levied at the rate of 10% of the total price paid or payable by the customer for all the services including food and drinks supplied to him. In the case of a hotel or restaurant which is provided with luxury, a luxury tax at the rate of Rs. 100 per 10 square metres or part thereof in respect of so much of the floor area of such hotel or restaurant which is provided with luxury shall be levied and the same shall be collected from the proprietor.

The existing authorities for collection of Entertainments Tax in Calcutta and other districts shall administer this tax. Additional expenditure envisaged for giving effect to the provisions of the present Bill is likely to be marginal.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri B. C. CHAUDHURI, Judge,
Fourth Industrial Tribunal.

For the Union: Shri S. R. Ghosh, Advocate.

For the Company: Shri N. Das Sarma, Advocate.

By order No. 7764-I.R./IR/11L-535/70, dated the 24th November 1970, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Messrs. The East India Hotels Ltd., Oberoi Grand, 15 Jawaharlal Nehru Road, Calcutta-13 (hereinafter referred to as the Campany), and their workmen represented by Oberoi Grand Hotel Karmachari Union, 249 Bepin Behari Ganguly Street, Calcutta-12, to this Tribunal for adjudication on the following issue:

Issue

Whether dismissal of Janab Suleman, Bar Cooly, Ticket No. 386, is justified? To what relief, if any, is he entitled?

On receipt of the Order of Reference, usual notices were served on the parties and they appeared and filed their written statements.

The case of the Union is that Janab Suleman was in the employ of the Company as Bar Cooly from 1951. On 29th November 1969 he was served with a charge-sheet for some alleged misconduct on his part in accordance with clauses 17(2) and 17(19) of the Standing Orders and Service Rules of the Company He submitted his explanation on 1st December 1969. The Company was not satisfied with his explanation and held a domestic enquiry to victimise him The Enquiry Officer was bias and the enquiry was not fair and proper. The workman was denied reasonable opportunity to defend his case. The findings of the Enquiry Officer are perverse and suffer from basic error The workman was dismissed from his service on 16th January 1970. He wrote a letter to the Company raising objection to the order passed against him. There after the matter was referred to the Labour Commissioner There was conciliation without success. The Union asserts that the dismissal of the workman is unjustified and he is entitled to reinstatement with full back wages.

The Company has filed written statement denying the allegations made in the written statement of the Union According to the Company the workman was properly charge-sheeted on the basis of a complaint received from the customer of the Company, Shri B S. Sethi of Hindustan Motors Limited on 28th November 1969. He was given all reasonable opportunities to explain the charges levelled against him and an enquiry was held wherein he was given all reasonable opportunities to defend himself. The enquiry was fair and reasonable and the entire disciplinary proceedings were in persuance of the Standing Orders. The Enquiry Officer after considering all the facts and evidences placed before him found the workman guilty of the charges. After carefully going through the findings of the Enquiry Officer, the Company agreed with his findings and dismissed the workman from his service after considering his past record The decision to dismiss the workman was taken by a competent person and the letter of dismissal was also issued by a person competent to issue such dismissal letter.

Both sides have adduced oral and documentary evidence. In view of the amendment of the Industrial Disputes Act relating to discharge or dismissal by introduction of section 11A, the Company has not adduced any evidence on merits save and except the documents regarding the enquiry proceedings.

Before dealing with the merits of the case it is necessary to state briefly as to what is the legal position in regard to the discharge or dismissal of a workman as a result of introduction of section 11A into the Industrial Disputes Act. The purpose of amending the Act by introducing section 11A is to enlarge the powers of the Labour Court or Industrial Tribunal to review the evidence obtained before the domestic enquiry. As could be seen from the statement of objects and reasons the amendment has been made empowering the Labour Court, Industrial Tribunal or National Tribunal to sit in judgment over the decision of the employer dismissing or discharging the workman from service, to set aside the discharge or dismissal effected by the employer and to award relief of reinstatement or any lesser punishment in lieu of discharge or dismissal depending on the facts and circumstances of each case Section 11A has come into force with effect from 15th December 1971. It is contended on behalf of the Company that section 11A does not apply to the present case as the reference was made before the Act came into force. I am unable to accept such contention. The words 'has been referred to the Labour Court, Industrial Tribunal or National Tribunal' indicate that the provision of section 11A would apply to the pending proceedings as well. Upon a proper construction of section 11A and after giving my anxious consideration to the arguments advanced on behalf of both the sides I am inclined to hold that I have to decide the present reference on the basis of the materials placed by the parties before the Enquiry Officer at the time of domestic enquiry.

I shall now consider whether the dismissal of the workman is justified. It is not disputed that the workman who was employed by the Company sometime in 1951 was a Bar Cooly at the time of his dismissal It is not also disputed that the workman was on duty on 28th November 1969 from 5 p.m to 1 a.m. in the Small Banquet Room of the Company and he was deputed to look after the service of drinks which were kept in the Small Banquet Room for the Cocktail Party of Hindustan Motors. It appears that at about 9 35 p.m Shri B S. Sethi of Hindustan Motors, one of the hosts of the Party, lodged a complaint against the workman before Shri Agrawal. The relevant portion of the complaint runs as follows :

> "This is to bring to your notice that the Barman on duty during the Cocktail Party on 22nd November 1969 in Small Banquet Room was caught by me for pouring whisky in a gingerale bottle. When I saw it I asked him why he was doing it, so he immediately poured out more than half the gingerale bottle in the tub, saying it was only gingerale"

On the basis of above complaint the workman was charge-sheeted. Ext. A is the charge-sheet served upon the workman The substance of the complaint lodged by Shri B. S Sethi was incorporated in the charge-sheet.

It also appears from the charge-sheet that the workman was charged for major misconduct as per clauses 17(2) and 17(19) of the Standing Orders and the Service Rules of the Hotel. Clause 17(2) refers to acts and ommision which amount to theft, fraud or dishonesty in connection with the Company's business or property. Clause 17(19) refers to acts and ommision which are prejudicial to the interest or reputation of the Company. Ext B is the

explanation submitted by the workman. The relevant portion of the explanation runs as follows :—

> "That I am a Bar Cooly having been deputed to work after the work of Barman for attending a party consisting of 50/60 members. I was rather responsible to bring the drinks from downstairs and to supply them in the party at small Banquet Room. It is also common practice to pour-down the drops of remaining of drinks while taking back the empty bottles. Accordingly, after returning from downstairs, I found the empty bottles and poured down the remaining drops to take them down as I did not like being drenched with liquors during 'Roza period'."

It is not disputed that Provat Kr Das held a domestic enquiry against the workman He recorded the enquiry proceedings, Ext. E, in presence of the workman. It appears from Ext. E that the charge-sheet was read over to the workman before the witnesses were examined in his presence. It also appears that four witnesses, namely, Shri Agrawal, Shri Bakshi, Shri Suleman and Shri Lal Singh, were examined on behalf of the Company at the time of domestic enquiry. Three of the witnesses stated what they had heard from Shri Sethi. There is nothing in their evidence to show that they themselves saw the workman pouring any liquor in the manner as alleged by the complainant. It appears from the evidence that empty bottle was shown to them by Shri Sethi and there was smell of liquor in the said bottle. There is nothing in the evidence of Shri Pyarelal that any bottle was emptied by the workman in his presence as alleged in paragraph 3 of the charge-sheet mentioned above. There is nothing in evidence of the witnesses to show that it was not the duty of the workman to empty the bottle in the manner as stated in the explanation On the other hand, Shri Pyarelal admitted that the workman was doing the duty of both Barman and Bar Cooly job on the date of occurrence. It is clear from the evidence of the witnesses that the workman stated before them that the bottle contained the Nimboopani and Ginger and for that he was pouring the contents in the tub. Ext. F is the report submitted by the Enquiry Officer before the management. He found the workman guilty of the charges levelled against him. According to him the workman had poured whisky in the empty Ginger bottle with some motive behind him. He also found that the motive was to cheat the customer and also to cheat the Company. Thus from the evidence discussed above, the question is whether the enquiry was fair and proper and whether the Enquiry Officer is justified in finding the workman guilty under clauses 17(2) and 17(19) of the Standing Orders of the Company. I have already stated that the person who lodged the complaint against the workman was not examined at the time of domestic enquiry. No attempt of any kind was made by the Company to summon the witness to prove the allegations made by him against the workman. The witnesses who were examined by the Company were not present at the time of occurrence. They are not competent to say what had actually happened. They simply stated what they had heard from Shri Sethi. They also stated that there was smell of liquor in a bottle shown to them. In my opinion, this sort of evidence is insufficient to prove the charges levelled against the workman. It is admitted that it was the duty of the workman to remove the bottle after serving the liquor. It was also his duty to empty the bottle after ginger and liquor were served. In the circumstances there is no reason to disbelieve the explanation submitted by the workman. In view of the nature of evidence adduced before the Enquiry Officer it must be held that the workman was negligent in performing his duty. In that view of the matter the conclusion is irresistible that the Enquiry Officer has committed an error in finding the workman guilty under clauses 17(2) and 17(19) of the Standing Orders. That being the position the order passed by the Enquiry Officer must be set aside. In my opinion, the period under suspension and the period from the date of dismissal to 31st May 1972 may be treated as period of suspension and that is sufficient punishment for the nature of offence committed by the workman.

In the result, I find that the order of dismissal passed by the Company against the workman is illegal and the same is set aside. I also direct reinstatement of the workman and he should be treated in service from 1st June 1972 with his usual pay and allowances. I further direct that the period from the date of suspension to the 31st May 1972 will be treated as service without pay and the said period would not in any way interfere in the matter of increment and other allowances, etc.

This is my award.

AWARD

By order No. 6033-I.R./IR/11L-586/71, dated the 7th December 1971, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. H. A. Tapissier Industries (P) Ltd., 20 Rose Mary Lane, Howrah and their workmen represented by H. A. Tapissier Workers' Union, 37 Jelia Para Lane, Salkia, Howrah, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issue :

Issue

Whether the closure of the Factory from 3rd November 1970 is real ? To what relief, if any, the workmen are entitled ?

After service of statutory notices, both parties entered appearance, whereupon order directing the Union to file its written statements was passed. The Union thereafter took several adjournments to file written statements.

The last date for filing of written statement by the Union was 12th May 1972. However, the parties meanwhile settled the dispute out of Court. On 9th May 1972 the parties filed a joint petition of compromise as also a Memorandum of Settlement recording the terms of settlement between the parties. It was submitted that the parties had already settled the dispute and it remained for the Tribunal only to pass an award in terms of the Memorandum of Settlement.

The terms of Memorandum of Settlement appear to be fair and legal and these should be acted upon. In the circumstances, it is necessary to record the factum of amicable settlement and resolution of the industrial dispute under reference

On consent of the parties, therefore, I pass a "no dispute" award in this case making the Memorandum of Settlement, dated 7th May 1972, signed by the parties, part thereof.

By order No. 9349-I.R./IR/11L-783/69, dated the 2nd December 1969, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Lloyd's Register of Shipping, 1 Fairlie Place, Calcutta-1 and their employees represented by Motor Transport Workers' Union, 249 Bepin Behari Ganguly Street, Calcutta-12, under section 10 of the Industrial Disputes Act, for adjudication upon the issue mentioned below.

Issue

Bonus for the year 1967-68.

Notices were served on the Company and the Union, and they appeared and filed their respective written statements. The case proceeded along its course. Adjournments by one party or the other were taken on several occasions. Then a stage was reached when both the parties thought it expedient not to proceed with the reference but to come to an amicable settlement of the dispute. Accordingly time was prayed for and the Tribunal granted time to the parties for such purpose. Some time rolled on in this way, and ultimately on 29th April 1972 both the parties appeared and filed a joint petition of compromise. It is stated in the compromise petition that the parties have since come to an amicable settlement of the dispute, and as such it is prayed that the Tribunal may pass an award in the light of the terms of settlement embodied in the compromise petition. The compromise petition is signed on behalf of the Company by the Senior Surveyor,, and on behalf of the employees by Assistant Secretary of the Union. The representative of the Company and the Advocate for the employees who have filed the compromise petition before the Tribunal, have also signed the compromise petition. I heard both sides on this compromise petition, and it is submitted before me by them that the parties have since come to an amicable settlement of the dispute, and that they prayed that the Tribunal may pass an award in terms of the settlement incorporating the same in the award as a part thereof. I have gone through the terms of settlement which appear to be beneficial to both sides, and the dispute in question is covered by the settlement. So there is no reason why the settlement should not be accepted and an award passed in terms of the settlement.

Accordingly I pass this award in terms of settlement contained in the joint petition of compromise which do form part of the award as Annexure A.

The reference is thus disposed of.

Present for the Union: Shri S. K. Dhar, Advocate, assisted by Shri N. C. Roy, Advocate.

AWARD

The above industrial dispute over the issue mentioned in the Order of Reference and reproduced below, was referrd by the Government of West Bengal, in its Labour Department, order No. 7928-I.R./IR/10L-155/70, dated 4th December 1970, to this Tribunal for adjudication.

Issue

Whether the termination of employment of Shri Babulal Verma is justified? To what relief, if any, is he entitled?

Admittedly Shri Babulal Verma was employed as a temporary Fitter in August 1966. It is also an undisputed fact that Babulal sustained an injury outside the factory for which he had to absent himself on medical ground from 16th

August 1967, for about a year. On 30th November 1968, Babulal got a Fit Certificate from the E. S. I Doctor. The Company acted thereupon and confirmed his services with effect from 1st January 1968. Thereafter the trouble arose. The aforesaid facts of the case have been quoted from the written statement supplied by the Company.

For reasons best known to the Company, it thought it desirable to get Babulal thereafter examined by its own Medical Officer Dr. Manik Lal Chatterjee. Dr. Chatterjee re-examined him on 21st December 1968 and this time found him completely unfit. The result was that the Management terminated Babulal's service on and from 27th of December 1968.

Babulal has challenged this termination order on the ground first that the order of termination is illegal and secondly that the Company acted mala fide in the matter of terminating his service.

In this proceeding I have been called upon to decide as to whether the termination of employment of Babulal is justified in the facts and circumstances of the case.

I have already adumbrated in a nutshell the admitted facts of the case. It is indeed difficult to appreciate as to why and how Babulal's service could be terminated even after receipt of the Fit Certificate of the E. S. I. Doctor. Admittedly, Babulal sustained his injury in the year 1967. The Fit Certificate which the Company at first did not dare to denounce was of the date 30th November 1968. This was granted by the E. S. I. Doctor who is not evidently a Private Doctor appointed by Babulal himself. Evidently also, the Company had accepted this certificate and had acted thereupon for otherwise the Company would not have confirmed Babulal's service with effect from 1st January 1968. It is difficult to understand and appreciate as to why the Company thought it fit to get Babulal re-examined by its own Doctor, Manik Lal Chatterjee. Dr. Chatterjee admittedly allowed him to proceed on with his work for about a month. Dr. Chatterjee did not dare to pronounce Babulal unfit on the very first date of his examination. He had to pause and think for a month over that and thereafter suddenly on 21st December 1968, he declared him to be altogether unfit. The materials on the record show that the Company even did not accept Dr Chatterjee's certificate on its face value. The Company went further. It called for a Board consisting of 3 members who sat on 29th January 1969, at 3 p.m. and in that sitting found Babulal unfit for his job. Very naturally Babulal threw a challenge to this finding of the Board and he appealed for reconsideration of the whole matter by addressing a letter to the Joint General Manager of the Company. That letter has been marked as Ext. 1, on the record.

The aforesaid facts have been described by me only to show the inherent infirmity in the finding of facts over Babulal's health by the Company. The facts and circumstances described in the previous paragraph make it crystal clear that it was the paramount duty of the Company to give Babulal at least an opportunity of being heard before he was condemned in the fashion adopted by the Company. The established principles of law and equity nor the Rules of the Standing Orders of the Company empower the Company to call for a sitting of the Board, thereby denouncing the necessity of sitting of a domsetic enquiry over the matter. There is nothing to show on the record that in the sitting of the 3 Members constituting the unlawful Board, Babulal was given an opportunity to adduce his evidence. Therefore, the fact regarding the finding of unfitness by the Company is itself suspicious and dubious: Nay, it was all the more necessary for the Company to arrange and call for a domestic enquiry so as to remove all doubts which are likely to arise in a prudent and impartial mind. Necessity of calling for a domestic enquiry was foreseen by the Supreme Court as early as in 1957, when His Lordship Mr. Justice Venkot Rama Ayer had to observe that the order of dismissal on grounds of health could not be sustained as legal unless the same had been passed with due enquiry. I am referring of course to the facts as reported in 1957, Supreme Court, page 38. In that case one S. N. Chatterjee had an eye defect and although he had produced a fit certificate, he had been discharged by the Company without holding a domestic enquiry over the matter. The Appellate Tribunal denounced that dismissal order as unjust and this order was confirmed by the Supreme Court on the ground as aforesaid.

On behalf of the workman, viz., Babulal, the propriety of the termination order has been challenged on the ground that the order not being in consonance with the Standing Orders of the Company is liable to be denounced as bad. This necessitates me to refer to the relevant portion of the Standing Orders. The portion stands as follows:

> Clause 23(a)—"The employment of any permanent workman may be terminated by the Manager by giving one month's notice or pay in lieu thereof."

Now admittedly in the instant case one month's notice was not given. Instead, the Company wants me to believe that one month's wages were tendered to Babulal. I am however, unable to accept this version of the Company My attention has been invited to the letter of termination which has been marked as Ext. D on the record. Ext. D adumbrates inter alia—"You are advised to contact the Time Office for your dues, if any, on any day during office hours after obtaining the necessary clearance certificate as usual." Shri Maitra, the learned Advocate, appearing on behalf of the Company has argued on the score of the aforesaid quoted lines that one month's pay was, as if tendered to him by the aforesaid letter. I am afraid, I cannot accede to this contention of Shri Maitra. The letter does not state that one month's wages were tendered to him. All that the letter refers, is "dues" and that too with unhappy addition of the words "if any". The learned Advocate for the workman has rightly argued that the words "dues", "if any", may as well mean and imply Provident Fund, etc., I do agree. Shri Maitra, appearing on behalf of the Company, has drawn my attention to the bottom portion of Ext. D(1), a letter which had been addressed by the Special Officer to the Time Officer of the Company, wherein the Time Officer had been asked to supply one month's wages to Babulal. As I have already pointed out before, the letter addressed to Babulal, Ext. D, is significantly devoid of this bottom portion of Ext. D(1). In other words, Babulal was never informed that the Company was willing to pay one month's wages to him in compliance with the Standing Orders of the Company.

There is yet another sense by which I can say that the order of termination has been utterly illegal. I have already said while quoting clause 23(a) of the Standing Orders that under the Standing Orders the termination order is required to be passed by the Manager and the Manager alone. Now admittedly in this case, one Mr. Jain, the Special Officer of the Company, passed the termination order. The last line of the cross-examination of P.W. 2, the Works Secretary of the the Company, read with other materials on the record, make it abundantly clear that no document has been filed by the Company to show that the Manager delegated his power to Mr. Jain. That being so, the order of termination of service must be pronounced as not sustainable in law and in this view of the matter, I think, I am strongly supported by the Ruling reported in 1968, L.L.J., Vol. I, S.C., p. 571.

From what has been stated above, it is quite clear that both in facts as well as in law, the Company's case seems to be quite unfortunate. I must add some few facts more here in continuation of my previous findings. Babulal is now aged 55 years vide the evidence of P.W. 1, Dr. Manik Lal Chatterjee. On several dates Babulal appeared before me during the instant proceeding and I found him substantially fit for working in the Company. Grievance of the Company is this that Babulal cannot walk and sit properly. As I have seen Babulal here in the Court, I do not agree with this version of the Company. Company's own witness Dr. Chatterjee stated in his cross-examination that at the time of his examination he himself had found that Babulal was in a position to perform light jobs during standing position or posture. The last line of his cross-examination is that while declaring Babulal unfit, he did not take him to his place of job to verify as to whether he was practically suited to his job as a fitter on the spot. Why therefore, terminate Babulal's job on the advice of the Doctor alone? The evidence of the Senior Mechanical Engineer, P.W. 3, Shri Dibakar Singh is that Babulal was unfit to rise up to a ladder to cope with a hanging crain and his evidence is that "his performance was not satisfactory". Babulal's evidence which I have believed, is that he was not required to rise up to a ladder to do such jobs. The evidence of Babulal which finds support in the evidence of the Works Secretary of the Company, P.W. 2, is that there are 4 Grades of Fitters—A, B, C and D. Babulal is an "A" Grade worker, that is to say, belonging to the worst and ill paid group. This group requires lesser skill and ability compared to the three other groups. Dr. Chatterjee himself had advised the Company to give Babulal light jobs for about a month. I do not believe that a flourishing Company like Messrs. J. K. Steel & Industries Ltd., cannot provide Babulal, at the fag end of his career with the pigmy monthly emoluments of Rs. 162 including dearness allowance by supplying him with some jobs of light nature for which he had been recommended by the Company's own Doctor before. Considering the overall facts and circumstances on the record which I have described hereinbefore, I do hold accordingly that the termination of employment of Shri Babulal Verma was never justified. As for the reliefs of reinstatement with compensation as claimed in paragraph 12 of the workman's written statement but not pressed during the trial, I think I should pass an award directing Babulal's immediate reinstatement only in the overall facts and circumstances of the case and specially in view of the fact that Babulal did not press for any compensation during the trial in his evidence before me. I do hold thus that Babulal is not entitled to any compensation whatsoever. I have already stated that the termination of service of Babulal is not justified. Babulal is thus entitled to immediate reinstatement with continuity of service.

This is my award. The award is to be implemented within 30 days of its publication in the "Calcutta Gazette".

This case had a chequered career. In response to statutory notice issued by the Tribunal, the I. R. P. Radio Workers' Union entered appearance and filed written statement. On 25th November 1969 the Company and the Union abovenamed filed a joint petition of compromise and prayed for an award in terms of joint petition of compromise. However, 19 workmen thereafter filed petition, dated 28th November 1969, complaining that Shri Paresh Nath Dey, the Secretary of the I. R. P. Radio Workers' Union, had signed the petition of compromise without their knowledge and consent. These workmen submitted that they wanted to proceed with the "pending industrial dispute". Consequently, the Tribunal declined to pass a compromise award in the case.

Under the Order of Reference, dated 6th December 1967, the workmen in this case were to be represented by I. R. P. Radio Workers' Union. The Union's endeavour to settle the dispute with the management having been foiled by the 19 workmen mentioned above: it became necessary that the workmen be properly represented in this proceeding. After the Tribunal had refused to pass a compromise award in the case, the Union withdrew from contest. Some 20 workmen thereafter filed written authority in favour of Shri Biswanath Ash, Advocate, through whom they thereafter contested the proceeding.

In this case the contesting workmen adopted the written statement filed by the Union before it receded to the background Briefly stated, the case of the workmen is that I. R. P. Radio (P) Ltd., has two establishments, one at 17V Garcha Second Lane, Calcutta-19 and other, at Rajpur, 24 Parganas, the number of workmen of the two units being 60 and 22 respectively. According to them, two industrial disputes between the management and the workmen arose (1) when services of 16 permanent workmen of the Garcha Second Lane Factory were terminated and (2) when the management refused employment to 22 permanent workmen of the Rajpur factory. The workmen contend that 16 workmen of the Garcha Second Lane Factory described in List 'B' annexed to the Order of Reference were retrenched with effect from 1st May 1967 without notice and without payment of legal dues of the workmen. It is claimed that such retrenchment of workmen was effected by way of victimisation. Regarding the other industrial dispute it is pointed out that 22 workmen of the Rajpur factory described in List 'A' annexed to the Order of Reference were victimised by refusal of employment with effect from 8th June 1967. It is also pointed out that the management effected illegal lock-out of this factory on 26th June 1967.

Conciliation proceedings started at the instance of the Union proved fruitless. Thereafter this order of reference was issued for adjudication on two issues relating to refusal of employment to the workmen of the two factories.

The Company seeks to resist the claims of the workmen on technical as well as factual grounds. It is pointed out that there is no justification to refer the issues which put the Company to proof of justification of alleged refusal of employment. It is necessary to decide whether there had been refusal of employment to the workmen. Only after the Tribunal comes to a decision that there was refusal of employment there can be any enquiry as to justification of such refusal of employment. The reference is also assailed on the ground that the dispute is covered by memorandum of settlement, dated 2nd September 1967 Lastly, it is pointed out that the issues do not relate to any industrial dispute in respect of which the Tribunal could exercise jurisdiction.

The above technical objections apart, the Company challenges the foundation of the workmen's claims for relief in respect of alleged refusal of employment to workmen. All material averments of the workmen's written statement are challenged It is admitted that on 1st May 1967 the Company had to terminate the services of 16 workmen of the Garcha Second Lane Factory, whereafter trouble arose. According to the Company about 22 workmen had been working at the Rajpur Factory and about 35 workmen had been working at the Garcha Second Lane Factory at the material time. The Company's business was declining and the situation further deteriorated due to subversive activities of some workmen. In any event, there was no refusal of employment in any of the factories of the Company and issues regarding refusal of employment are untenable.

Some material facts of this case remain undisputed. The workmen employed in the two factories worked under piece-rate system but they were employed less than 240 days during a period of 12 calendar months i.e., they were not in continuous service. It follows that the workmen are not entitled to compensation admissible to workmen in continuous service in terms of section 25(b) of the Industrial Disputes Act.

Further it is common ground that in May 1967, sixteen employees in Garcha Second Lane Factory had been discharged (Vide evidence of P. W. 2 Sm. Bejoya Chatterji and evidence of D. W. 1 Shri N. N. Dutt, Managing Director of the Company). Despite contrary claim of the workmen, discharge of employees cannot be equated with refusal of employment with which the Tribunal is concerned in this case. In Feroz Din & others vs. State of West Bengal reported in A. I. R. 1960 S. C. 363, Supreme Court laid down that refusal to continue to employ any person cannot include his discharge. It must, therefore, be held that in this case the issue relating to refusal of employment to 16 workmen of the Garcha Second Lane Factory does not cover termination of their services. That being so, the issue No. 2 relating to refusal of employment to 16 workmen, is untenable in fact and in law.

In paragraph 3 of the workmen's written statement, the industrial disputes out of which these issues were framed were described as follows:-

> "They raised to industrial disputes by their two separate applications, dated 26th June 1967, filed before the Labour Directorate, West Bengal, (1) in respect of the illegal and wrongful termination of services of 16 permanent workmen of the Calcutta establishment, with effect from 1st May 1967 and (2) in respect of the refusal of employment to 22 permanent workmen of the Rajpur establishment with effect from 8th June 1967".

Of these disputes one relating to termination of services of 16 permanent workmen is not within the purview of the present reference. Refusal of employment to 22 workmen of the Rajpur unit alone requires consideration. This dispute has been described in greater detail in paragraph 6 of the written statement of the workmen. "It is submitted that the workmen of the Rajpur unit.

an unregistered factory, all permanent workmen with continuous service of various periods up to 5 years individually, were abruptly refused employment by the management with effect from 8th June 1967 without assigning any reason therefor. Since after 8th June 1967, the workmen attended the factory regularly every day, but the supervisory and the managerial staff did not, presumably under instructions from the management. The result was that while the workmen tried their best to perform their duties peacefully inside the Factory, in the absence of the Supervisory and/or Managerial Staff, their production could not be checked or verified, and further eventually there was no work to perform since 26th June 1967 due to illegal lock-out by the Management." Adverting to such refusal of employment P. W. 1 Shri Nikhil Majumdar stated that between 8th June 1967 and 26th June 1967 workmen attended the factory but no work was given to them. On 26th June 1967 the management declared a lock-out. D. W. 1 Shri Narendra Nath Dutt who is the Managing Director of the Company, however, claimed that from 8th June 1967 there was complete stoppage of work due to attitude of the workmen. He denied that lock-out of the unit at Rajpur was effected from 8th June 1967. In cross-examination the witness was not even asked whether he had effected a lock-out and refused employment to the workmen. Instead he was asked whether the factory was under closure. The witness denied that the factory was ever under closure. Consequently, evidence on the point of refusal of employment to the workmen of the Rajpur unit is inconclusive to a degree and it must be held that the workmen have failed to prove that the management had refused employment to them.

On behalf of the management exception is taken to the fact that the workmen have now chosen to place their claims before the Tribunal individually. As stated above, the workmen were at first represented by the I. R. P. Radio Workers' Union. In fact, this Union was mentioned in the Order of Reference as the Trade Union representing the workmen. The Union arrived at a kind of settlement with the management and the Tribunal was invited to pass a compromise award in this case. However, the twenty contesting workmen then resisted recording of compromise and sought to press their claim, independently of the Union. They are individually represented by Shri Biswanath Ash, Advocate. In Ram Prasad Vishwakarma and Industrial Tribunal Patna and others reported in 1961 I L.L.J. 504 the Supreme Court laid down that a dispute between individual workmen and employer could not be an industrial dispute unless it was taken up by a Union of the workmen or by a considerable number of workmen. It was laid down that a necessary corollary to this was that the individual workmen was at no stage a party to the dispute independently of the Union. The Union or those workmen who have by their sponsoring turned the individual dispute into an industrial dispute can, therefore claim to have a say in the conduct of the proceedings before the Tribunal. In the instant case also it is the Union which by its sponsoring converted the individual dispute into an industrial dispute. It is true that the Union has now declined to champion the cause of the contesting workmen. The learned Advocate for the Company argues that the contesting workmen who constitute a minority cannot override the wishes of the Union which must be deemed to enjoy the confidence and support of remaining majority of workmen. In any event, the Tribunal cannot permit the minority of the workmen to contest this proceeding independently of the Union. The other objection taken by the learned Advocate for the Company is that the workmen who actually attended the Tribunal at the time of hearing and gave evidence could be heard but under no circumstances could they represent other contesting workmen who were not present and who did not place their claims personally. On a careful consideration of the argument advanced by the learned Advocate for the Company, I must, however, hold that in this case exceptional circumstances warrant a departure from the usual procedure of representation of workmen by the Union. In Ram Prosad Viswakarma's case also Their Lordships of the Supreme Court conceded that there might be exceptional circumstances "which may justify the Tribunal to permit other representative of the workmen concerned." In this case also the workmen who jointly engaged a Lawyer to conduct their individual cases must be deemed to have a kind of understanding which rendered it possible for one workmen to give evidence on behalf of fellow workmen sailing in the same boat. The first objection, though not without force, must, therefore, fail.

Next, it is claimed by the learned Advocate for the Company that in this case no industrial dispute could ever materialise because the workmen did not formally take up the industrial dispute with the employer before the Government referred the dispute to the Tribunal for adjudication. On the authority of the Sindu Re-settlement case reported in 1968 I L.L.J. 834, the learned Advocate points out that an industrial dispute must be a dispute between employers and workmen. A mere demand to a Government without a dispute being raised beforehand by the workmen with their employer, cannot become an industrial dispute. In the instant case there is absolutely no documentary evidence to show that the employees ever took up the dispute with the management. P. W. 1 Shri Nikhil Majumdar admitted that there is no documentary evidence to show that the workmen raised the dispute with the management regarding lock-out of the factory. Of course, the witness claimed that he had personally led a deputation of workmen to the employer's residence and made verbal demand for employment. But there is no corroborative evidence in this behalf and the claim that verbal demand had been made, is negatived by the evidence of D. W. 1 Shri Narendra Nath Dutta. This witness was not even asked about such verbal demand by the learned Lawyer for the workmen. He claimed that the workmen had settled the dispute under a written Memorandum of Settlement and the workmen were or their representatives never saw or discussed with him.

That being so, it must be held that the workmen failed to raise the dispute with the employer and no industrial dispute came into existence. It follows that the Order of Reference is invalid and this Tribunal cannot assume jursdiction to try this case to decide the dispute.

Lastly, the Company relies on a Memorandum of Settlement which covers the dispute under reference. It is claimed that by virtue of this Memorandum of Settlement, dated 2nd September 1967, Ext. C, the Order of Reference is negatived and the Tribunal loses jurisdiction to adjudicate in the matter. P. W. 1 Shri Nikhil Majumdar denied that on 2nd September 1967 there was a settlement between the management and the workmen. He also denied that he signed such Memorandum of Settlement. P. W. 2 Sm. Bejoya Chatterji also denied the existence of verbal settlement between her. D. W. 1 Shri Narendra Nath Dutta, however, claimed that the present disputes are covered by settlement, dated 2nd September 1967, Ext. C. He also claimed that under this settlement compensation at the rate of Rs. 25 was paid to workmen. The acquittance in respect of payment to workmen in terms of the settlement has also been produced and is Ext. D in this case. On a careful consideration of the evidence on record I must hold that the Memorandum of Settlement is genuine and covers the issues under reference. The Tribunal, therefore, has no jurisdiction to entertain these issues. Not only is the evidence of D. W. 1 convincing, the documents proved in this case speak a volume of the bona fides of the Company's claim. Although both the workmen denied the existence of the formal settlement, P. W. 2 Sm. Bejoya Chatterji could not deny that against serial No 4 of the payment-sheet showing payment of Rs. 25, her own signature appears. This admission takes away all force of denial given by the workmen. There is no explanation why the workmen signed in the acquittance roll, evidently acknowledging payment of compensation settlement of 2nd September 1967. It is unreasonable to hold that the workmen like Sm. Bejoya Chatterji signed in blank paper. It is also impossible to hold that the employer-Company resorted to forgery. In 1962 II L. L. J. 364 the Supreme Court was concerned with an irresponsible workman who wanted to set at naught an important document merely by asserting that he had signed on a blank paper. Their Lordships held that in the absence of any reliable evidence to show that the workman indeed signed on a blank paper, it is impossible for any reasonable Judge of facts to persuade himself that the employer-Company had descended to a step of forgery. In the instant case too I must hold that there was settlement which was signed by the Union leaders and the Managing Director and that the workmen had received payment in terms of that settlement. I must hold that Sm. Bejoya Chatterji made an untrue statement. She admitted her signature but denied receipt of money in terms of the settlement. That being so, the Memorandum of Settlement must be accepted as genuine. Since it covers the dispute between the Management and the workmen in respect of refusal of employment, this Tribunal has no jurisdiction to entertain the said issue referred by the State Government.

In view of my findings above, I must hold that the issues under reference are incompetent and the workmen are not entitled to any relief.

This is my award.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Bhattacharya Engineering Private Ltd., having its workshops at (1) 1/1 Kasundia 2nd Bye Lane, Howrah and (2) 146 Mahendra Bhattacharyya Road, Howrah, and their workmen represented by Bhattacharjee Brothers Engineering Workers' Union, 11/5 Andul 2nd Bye Lane, P.O. Botanic Gardens, Howrah. (Case No. 398 of 1969.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri K. K. SARKAR, Judge,
Fifth Industrial Tribunal.

By order No. 7589-I.R./IR/10L-419/69, dated the 25th September 1969, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Bhattacharyya Engineering Private Ltd., having its workshops at (1) 1/1 Kasundia 2nd Bye Lane, Howrah, and (2) 146 Mahendra Bhattacharyya Road, Howrah, and their workmen represented by Bhattacharjee Brothers Engineering Workers' Union, 11/5 Andul 2nd Bye Lane, P.O. Botanic Gardens, Howrah, to this Tribunal, under section 10 of the Industrial Disputes Act, for adjudication upon the issue mentioned below.

Issue.

Gratuity.

On receipt of the reference notices were served upon the Company as well as the Union, and both the parties in course of time, appeared and filed their respective written statements. The case proceeded along its course, and the date of hearing was fixed. The Union remained absent on about 15 consecutive occasions when the reference was fixed for hearing. The Company also remained absent on a number of occasions. Ultimately 5th April 1972 was fixed for the hearing of the reference with an order that no further time will be allowed to the parties. Then again on 5th April 1972 both the parties remained absent and took no steps. In view of the above facts and circumstances I am inclined to think that the parties are no longer interested to proceed with the reference for some reason or other, presumably because there exists no dispute between them any more. I, therefore, pass a "no dispute" award and dispose of the reference accordingly.

ANNEXURE

In the matter of an industrial dispute between The Calcutta Jute Manufacturing Co. Ltd., 93 Narkeldanga Main Road, Calcutta-54 and their workmen represented by Bengal Chatkal Mazdoor Union, 249 Bepin Behari Ganguly Street, Calcutta-12. (Case No. 58/72.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri B. C. CHAUDHURI, Judge,
Fourth Industrial Tribunal.

By order No. 187-I.R./IR/7L-18/70, dated the 11th January 1972, the Government of West Bengal, Labour Department, referred the present dispute betweln Messrs. The Calcutta Jute Manufacturing Co. Ltd. and their workmen represented by Bengal Chatkal Mazdoor Union, 249 Bepin Behari Ganguly Street, Calcutta-12, to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issue mentioned below:

Issue

Whether the termination of service of Shri Sunil Porey by way of refusal of employment to him is justified? To what relief, if any, is he entitled?

After receipt of reference by the Sixth Industrial Tribunal usual notices were served upon both the Company and the Union. Thereafter the case was transferred to this Tribunal. Ultimately both the parties filed a joint petition of compromise on 24th May 1972. I have gone through the petition. In my opinion, the terms are fair and reasonable, and the present dispute between the parties appear to have been satisfactorily settled by this compromise. In the circumstances, I pass an award in terms of the joint petition of settlement which shall be made an annexure to my award.

Dictated and corrected by me.

B. C. CHAUDHURI,
Judge.

B. C. CHAUDHURI, Judge,

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri B. C. CHAUDHURI, Judge,
Fourth Industrial Tribunal.

This reference under section 10 of the Industrial Disputes Act, in respect of an industrial dispute between Messrs. Kejriwal Iron and Steel Works, 12/2 Girish Ghosh Road, P. O. Belurmath, Howrah (Office at 30-31 Kalakar Street, Calcutta-7) and their workmen represented by (i) Howrah District Engineering and Metal Workers' Union, 25 Netaji Subhash Road, Lilluah, Howrah and (ii) Howrah Metal and Engineering Workers' Union, 7 Dayaram Naskar Lane, Ghusury, Howrah, was made to this Tribunal under Government Order No. 5786-I.R./IR/10L-93/71, dated the 29th November 1971, for adjudication of an issue, viz. :

Issue

Whether the closure of the Factory is real? What relief, if any, are the workmen entitled to?

On receipt of the reference notices were issued to the Company and the Unions by registered post fixing 21st December 1971 for appearance. Notices were duly served upon the parties. The Company appeared on 13th January 1972 and filed a copy of Memorandum of Settlement arrived at between the parties. No appearance was, however, made on behalf of the Union in spite of service of notice. In view of what has been disclosed in paragraph 6 of the Memorandum of Settlement it must be held that at present there is no dispute between the parties regarding the issue under reference. The dispute is, therefore, to be deemed to be non-existent and an award is to be made on the basis that at present there is no subsisting dispute for adjudication. In the result, I make a 'no dispute' award in this case.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Commerce Industry Supply Co., 92 Bagmari Road, Calcutta-54, and their workman Shri Md. Younus, 8A Circus Avanue, Calcutta-17. (Case No. VIII-324/70.)

BEFORE THE THIRD INDUSTRIAL
TRIBUNAL, WEST BENGAL

Present:

Shri P. K. BANERJI, M.A., B.L., Judge,
Third Industrial Tribunal.

AWARD

By order No 5902 I-R-/IR/10L 196/70, dated the 12th August 1970, the Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Commerce Industry Supply Co., 92 Bagmari Road, Calcutta-54 and their workman Shri Md. Younus, 8A Circus Avenue, Calcutta-17, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, read with section 2A thereof, for adjudication on the following issue :

Issue

> Whether the termination of service of Shri Md. Younus is justified? To what relief, if any, is he entitled?

After service of notices, the workman appeared on 16th September 1970 and filed his written statement on 12th November 1970. Company failed to file its written statement in time. The case had to be adjourned on nine occasions to accommodate the Company. As the Company failed to file its written statement, the case was fixed for ex parte disposal on 11th August 1971. On that date the Company entered appearence and again prayed for time to file written statement. The case was, thereafter, adjourned twice to enable the Company to file written statement, but no written statement was filed by it. The parties were asked to file list of documents on 8th September 1971. None appeared on that date. The case was again fixed for hearing on 6th January 1972. On that date the Company's Advocate appeared and filed a petition for time which was consented to by the representative of the workman. Hearing was then adjourned to 21st March 1972. On that date neither party appeared. The parties also took no steps. In the interest of justice the case was again adjourned till 2nd June 1972. On that date also none appeared The record is not put up before me for disposal according to law.

From the above resume it is clear that parties have been extremely negligent and failed to appear before the Tribunal on several occasions without showing cause therefor. In the circumstances, the Tribunal may now submit a suitable report to the State Government and submit an award on the footing that the industrial dispute under reference is no longer in existence

Accordingly I submit a "no dispute" award in this case.

Dictated and corrected by me.

Judge.

The consumer price index number for Birbhum area has gone up by 4 points in June 1971 from 227 in May 1971 to 231 in June 1971 and was stationary at 231 in July 1971 and again recorded a rise of 7 points in August 1971 and further rose up by 4 points and 3 points in September and October 1971 to reach 242 and 245 respectively. Afterwards it came down by 7 points and 4 points in November and December 1971 to 238 and 234 respectively.

The rise of the index number in the months of June, August, September and October 1971 was due mainly to the rise in the prices of rice, all varieties of dal, sugar, gur, mustard oil, potato, brinjal, onion, chillies, (dry), fish, meat, eggs, coal, firewood, cowdung cakes and certain items in the clothing groups. The fall of the Index number in the months of November and December 1971 was due mainly to the fall in the prices of rice gur, sugar, mustard oil, potato, brinjal, chillies (dry), halud, firewood and a few items of clothing group

STATEMENT OF OBJECTS AND REASONS.

It is necessary and expedient to provide for the establishment of a Statutory Housing Board in this State with a view to solving the acute problem of shortage of housing which deserve greater and quicker attention. It has not been possible to make the desired expeditious progress in this regard not only because of inadequate resources but also because of set rules and orthodox routine procedure of work prevailing in the Government Departments.

The Housing Board will be in a better position to undertake housing and allied projects on a much larger scale. It will be able to secure adequate funds by raising market loans or by obtaining institutional finance.

The Bill has been framed with the above objects in view.

FINANCIAL MEMORANDUM.

As the Housing Board will be a new organisation, it will be necessary to provide for its funds at the initial stage. It is proposed to advance a sum of Rs. 50 lakhs to the Board during 1972-73 for the purpose of execution of works, etc., to be entrusted to the Board depending on its programme of work. It has been provided that the State Government will give adequate grant to the Board to meet all the administrative expenditure for the first three years. The amount will be of the tune of Rs. 20 lakhs per year approximately. The State Government will also give loan and subsidy to the Board as may be necessary for execution of Schemes. It is expected, however, that in future most of the projects of the Board will be financed from out of their own resources.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. J. D. Jones & Co. Ltd., C-5 Gillander House, 8 Netaji Subhas Road, Calcutta-1, and their workmen represented by J. D. Jones H. O. Employees' Union, C/o. Federation of Mercantile Employees' Union, 12-A Netaji Subhas Road, Calcutta-1. (Case No. 126 of 1970.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri K. K. SARKAR, Judge,
Fifth Industrial Tribunal.

Present for the Company : Shri Dilip Kumar Das Gupta, Advocate.

Present for the Union : Shri Patit Paban Pathak, an officer of the Union.

The Government of West Bengal, Labour Department, by its order No. 2312-I.R./IR/11L-769/69, dated the 14th March 1970, referred an industrial dispute existing between Messrs. J. D. Jones & Co. Ltd. and their workmen represented by J. D. Jones H O. Employees' Union, C/o. Federation of Mercantile Employees' Union, 12-A Netaji Subhas Road, Calcutta-1, to this Tribunal, under section 10 of the Industrial Disputes Act for adjudication upon the issues mentioned below.

Issues :

1. Grades and Scales and Dearness Allowance.
2. Out tation Allowance.
3. Tiffin Allowance.
4. Children Education Allowance.

5. House-rent Allowance.
6. Medical Aid.
7. Uniform and Umbrella.
8. Retirement Age.
9. Gratuity.

On receipt of notices from the Tribunal both the parties appeared and filed their respective written statement.

The case of the Union in short is that Messrs. J. D. Jones & Co. Ltd. is an old and reputed establishment, and it is a highly prosperous concern standing on sound financial position. The Company manufactures all kinds of hydraulic, steam, alkalic, jute cotton, asbestos greased and graphited packings, and it has got branches in various places. The present dispute is with regard to the staff in the Company's Head Office at 8 Netaji Subhas Road, Calcutta-1, where the total number of employees is 39. Of this total number of 39 employees 28 belong to the clerical grade, 9 belong to the subordinate grade, 2 are drivers. To ameliorate the conditions of service the Union made various representations to the management, but to no effect. So the Union submitted a Charter of Demands consisting of various demands. No headway could be made for a settlement at bipartite level and, accordingly, the Union took the matter to the Labour Directorate where chances of a settlement failed. The Union submits a Charter showing its claims issuewise, and the claims are in the line with the benefits enjoyed by the employees of the same region. It is stated that the demands of the workmen are just and reasonable and the Company has the capacity to meet those demands. The Union therefore prays that an award may be given by the Tribunal directing the Company to grant the benefits as detailed in the annexures to its written statement.

The Company denies the material allegations of the Union. It denies that the Company is a prosperous concern and its financial position is sound. On the other hand its case is that the business of the Company has become stagnant and it has been earning a very nominal profit as will appear from the statement attached to the written statement of the Company. It also denies the number of employees working in the Head Office as alleged by the Union. It is alleged by the Company that the members of the clerical staff at the Head Office of the Company earn a very high remuneration in comparison with employees in similar concerns in the region, and it is submitted that it will be impossible for the Company to bear any further financial burden on the score of higher remuneration of the employees. Basic pay and dearness allowance of an employee of the Company is paid in consolidated manner. The prevailing system in the Company is that it pays 10 per cent. of the consolidated wages as additional dearness allowance, and at the end of the year this 10 per cent. dearness allowance is added to the consolidated wages, and again 10 per cent. of such consolidated wages is given as additional dearness allowance, and this process is repeated year after year. By the repetition of the above process, the Company says, the wages of the employees have become disproportionately high. The Company then gives its own version in respect of various demands as raised by the Union and states their own case as to how the Charter of Demands of the Union should be m/t. The Company has also given a scheme outlined by it by which new entrants will be given certain scales of pay and the old employees who are already in service will be treated in another way in respect of their pay and allowance.

Various rulings were submitted by both sides at the time of hearing in support of their respective cases, and the main among them are as follows :—

1. Hindusthan Times Ltd. Vs. Their workmen [1963-L.L.J. (1) p. 108, S.C.]
2. All India Reserve Bank Employees Association Vs. Reserve Bank of India [1965-L.L.J. (II) p. 175, S.C.]
3. Lipton Ltd. Vs. Their employees [1965-L.L.J. (I) p. 431, S.C.]
4. D. C. M. Chemical Works Vs. Its workmen [1962-L.L.J. (I) p. 388, S.C.]
5. French Motor Car Co. Vs. Their workmen [1962-L.L.J. (II) p. 744, S.C.]
6. Workmen of Balmer Lawrie & Co. Vs. Balmer Lawrie & Co. Ltd. [1964-L.L.J. (I) p. 380, S.C.]
7. Standard Vacuum Refining Co. of India Vs. Their workmen [1961-L.L.J. (I) p. 227, S.C.]
8. Burn & Co. Ltd. Vs. Their workmen [1959-L.L.J. (I) p. 450.]

Grades and Scales of Pay and Dearness Allowance Issue No. 1 :

I have gone through the rulings submitted by the parties which enumerate the law and the principle on the subject. Admittedly there are no grades and scales of pay for the workmen prevalent in the Company. In order to bring a uniformity both the Union and the Company want that grades and scales of pay should be fixed by the Tribunal to promote better understanding between them. In view of the disparity prevailing in the pay of the employees, which would appear from the list submitted by the Company (Ext. E), it is desirable and there is need for introduction and fixation of grades and scales of pay for the various categories of staff. The law and principle with regard to fixation of pay are now well-settled by various judicial pronouncements. The lower rung of the ladder is the minimum wages which must be given by a Company to its employees irrespective of its financial capacity. Living wage should be the goal, but that is far cry in view of the present economic condition in the country as a whole. At least the Company should try to pay to their employees what is known as fair wages if its financial capacity does permit. Now, wages should be fixed on industry-cum-region basis. This means that wages prevailing in similar or nearly similar concerns in the region should be taken into comparison in fixing the wages of the concern under reference. Then again, in judging what should be regarded as similar or nearly similar concern the respective position with regard to capital investment, volume of business, number of employees, profit, etc. should be compared and taken into consideration. A small struggling industry does not compare with a large and flourishing industry. In all cases, excepting of course, in case of minimum wages, the financial capacity of the industry should be very carefully looked into otherwise it may lead to the business closing its door. Where a cross-section of similar or nearly similar concerns in the same line of business is not available for comparison, the emphasis should be more on the 'region' part of the industry-cum-region basis, the simple reason being that the clerical and the subordinate staff, whether in big or small concerns, have got to do same kinds of jobs. The above, in short, is the principle that should be followed in fixing scales of pay. With that view we are to proceed now.

For the purpose of comparison the Union has referred to Memoranda of Settlement in respect of five concerns which have been marked Exts. 1, 2, 3, 4 and 5. Of them Ext. 1 is the printed copy of the Memorandum of Settlement between employers and the Union of workmen in Duncan Brothers & Co. Ltd., 31 Netaji Subhas Road, Calcutta. Ext. 2 is the copy of the Memorandum of Settlement between the employers and the Staff Association of Jardine Henderson Ltd., 4 Clive Row, Calcutta, Exts. 3, 3(a) are copies of Memoranda of Settlement between the employers and the Union of employees of Voltas Limited., 8 Netaji Subhas Road, Calcutta. Ext. 4 is a copy of Memorandum of Settlement between the employers and employees of the Bengal Chamber of Commerce and Industry, 6 Netaji Subhas Road, Calcutta. Ext. 5 is a copy of settlement the employers of Williamson Magor and Co. Ltd., 2 Ganesh Chandra Avenue, Calcutta, and the Employees' Union. From the side of the Company no cases of concerns have been offered for the purpose of comparison with itself. The question remains how far the cases relied upon by the Union can be accepted for the purpose of comparison. The law on the subject is that documentary evidence in respect of points of comparison must be produced to see how far the concerns cited compare with the concern under reference. Of course, no documentary evidence with regard to financial position, capital employed, number of employees employed, nature of business and so on and so forth in respect of the concerns offered for comparison by the Union has been produced. Only one Shri Santosh Kumar Ghosh, P.W. 1, an employee of Dunkan Brothers & Co., one Shri Gopinath Dey, P.W. 2, an employee of Jardine Henderson Ltd, one Shri S. D. Ganguly, P.W. 3, an employee of Voltas Ltd., one Shri Rameswar Ghosal, P.W. 4, an employee of Bengal Chamber of Commerce and Industry, and one Shri Sudhir Ranjan Chakravorty, P.W. 5, an employee of Williamson Magor & Co. have been examined on the side of the Union. They all filed copies of agreements between the respetive management and the Unions I cannot rely on their evidence with regard to profits made by their Companies in the absence of documentary evidence. But it appears that the number of employees in the two cases of the above Companies is about 500. The number 800 in one case, and in other cases the number is about 300. It also appears from their evidence that the nature of business done by the Companies offered for comparison is also different. In view of the disparity in the position of the concerns offered for comparison vis-a-vis the concern under reference, I do not think that the concerns offered for comparison can be said to be similar or nearly similar concerns and, accordingly, they do not afford suitable comparison. But then the other factor remains, and it is that in the absence of similar or nearly similar concerns in the region emphasis should be more on the "region" part of the industry-cum-region basis theory. That being so I do not propose to throw away outright the cases of the concerns offered for comparison. I keep the cases of those concerns in my mind in fixing the scales of pay for the Company under reference. In doing so I am not unmindful to the financial capacity of the Company under reference to bear the burden that would be coming in the wake of fixation of wages. In fixing the scales I have taken into consideration the total pay-packets that would be received by the employees. I have also considered the dearness allowance prescribed in the instant case as compared with that paid by other concerns offered for comparison. It may look as if the pay scales prescribed in the instant case are higher in some respects than those in the concerns offered for comparison but in effect it is not so. If the tot. pay-packets in other concerns are taken into consideration, definitely the dearness allowance given by them is higher. As a matter of fact it will appear that the total pay-packets to be received by the employees of the Company under reference are generally lower than those in other concerns. In the matter of fixation of wages the financial capacity of the Company has gone a long way. I may mention in this connection from the copies of the balance-sheets for the years 1966 to 1968 (Ext G) and the copy of the present Salary Chart (Ext. E) filed by the Company, and which have not been disputed by the Union, that the profits of the Company are on the wane. The net profit for the year 1968-69 appears to be Rs. 64,636 as compared with the net profit in 1965-66 which is Rs. 90,071. The Union has sought for one uniform pay scale in respect of the clerical staff and another uniform pay scale in respect of the subordinate staff. The Company has sought for 3 grades, viz., grade I, grade II and special grade. The Company has also sought for separate grades for the subordinate staff and the drivers. Its case in the written statement is that the scales of pay as suggested by it should apply to future entrants whereas employees already in service should be treated differently, and the consolidated pay of such employees should be deemed to be their basic pay and dearness allowance. Of course the Company has also suggested that the employees already in service would have the option to accept the scales of pay prescribed. It will appear from Ext. E that the Company has not followed a uniform system in the matter of giving pay to their employees. Some have been given appointment at one rate and some at different rate. Some are paid dearness allowance and some are not paid dearness allowance. The position of the Company is rather peculiar with regard to pay received by the employees. In fixing the scales of pay I have to take into consideration such anomalous feature prevailing in the Company with regard to pay and wages of employees. Considering all what I have stated above I prescribe the following scales of pay for the employees of the Company:

Scales of Pay

1. Special Grade—Rs. 275 and above at the discretion of the Company.

2 Clerical Grade—

(I) Rs. 170—10—190—13—255—15—345—20—425.

(II) Rs. 110—6-116—7—130—8—170-10—240—12—300.

3. Drivers—Rs. 75—3—120—4—140—5—170.

4. Peons and Subordinate Staff—Rs. 40—2—50—5—100.

Dearness Allowance.

The case of the Company is that it gives dearness allowance to its employees to the extent of about 10 per cent. of the pay of each employee, and next year this 10 per cent. is added to the pay of the employee, and again 10 per cent. of the added pay is given as dearness allowance, and this process continues every year This does not appear to be quite scientific. When scales of pay have been prescribed for the employees it is necessary that a clear-cut dearness allowance should also be prescribed. Ext. E is the Salary Chart furnished by the Company, and it appears that there is no dispute with regard to this Chart. Accordingly I work upon this chart for my purpose. From Ext. E it appears that the pay of some employees has been shown as basic pay without any dearness allowance, and in some cases basic pay and dearness allowance have been separately shown. Even if dearness allowance is included in basic pay in some cases it is not possible to dissect the dearness allowance separately in the absence of materials to that effect. Accordingly, as matters stand at present, where the basic pay of an employee has been shown without any separate D. A., the pay received by such an employee should be considered as basic pay. Where, however, basic pay and D. A. have been separately shown, there the basic pay should be considered as basic pay, and the D. A. as the D. A received by such employees.

Now, in the matter of fixation of dearness allowance also the principle of "industry-cum-region basis" should be followed, as far as possible But above all the financial capacity of the industry to pay is to be considered in respect of dearness allowance also. Where, however, the salary is comparatively lower the emphasis should be on giving higher D A. In view of the peculiar circumstances obtaining in the Company I have fixed the scales of pay as above to cope with the situation to some extent, keeping in view the law on the subject. The scales of pay prescribed by me above will appear to be somewhat better than those in other concerns in the region, considering the comparative smallness of the Company under reference. In keeping with this situation the dearness allowance which I am going to fix may not appear ambitious. But I have tried my best to bring about a reconciliation in the total pay packet as far as possible, keeping in mind the financial capacity of the industry. The following rates of dearness allowance are therefore prescribed by me for the employees of the Company:

Dearness Allowance.

1. For Special Grade—Rs. 25.
2. Clerical Grades (I) and (II)—Rs. 50.
3 Drivers, Peones and Subordinate Staff—Rs. 70.

A sliding scale should be attached to the flat rate of D. A. to provide for a rise and fall in the cost of living index. The rates of D. A. as prescribed above will vary upward and downward by Re. 1 according to 10 point rise and fall in the cost of living index. The cost of living index as obtaining on 1st January 1970 should be considered as the base, and the cost of living index as obtaining on 1st January 1970 should be taken as 100 points.

Taking all factors into consideration I direct that the scales of pay and the dearness allowance as prescribed by me above will take effect from 1st January 1970.

The existing employees have been fitted into scales of pay on the basis of their existing pay. For the future entrants I make the following classification :—

Grade I—Consisting of Stenographers, Accountants, Cashiers, Graduate Senior Clerks and Salesmen.

Grade II—Consisting of Typists, Bill Clerks, Telephone Operators, Store Clerks, Despatch Clerks, Accounts Clerks and File Clerks.

(Fitting in into scales of pay.)

It may be mentioned at the outset that it is for the first time that fixation of pay scales is made in this Company. It appears that the Company has not generally followed any uniform policy in the matter of fixation of pay of the employees with the result that there is much variation in the pay of different employees. In view of the special circumstances obtaining a number of adjustments are called for in the matter of fitting in of pay in the scales given above. For the purpose I give the following directions :—

(1) Employees whose basic pay is more than the maximum of Grade I, i. e., Rs. 425, they should be fitted in the Special Grade.

(2) Employees whose basic pay is more than the maximum of Grade II, i.e., Rs. 300 should be fitted in Grade I.

(3) Employees whose basic pay is below the maximum of Grade II, i. e., Rs. 300, they should be fitted in Grade II.

(4) Peons, Drivers, etc., will be fitted in the respective scales of pay prescribed for them. If, however, the existing basic pay of a Driver, Peons, etc., is more than the scales prescribed, he will continue to draw the existing basic pay plus his usual dearness allowance, and there will be no cut in his pay. All employees will be fitted into the foregoing pay scales at the existing rates of pay, but where the existing pay does not coincide exactly with the stage in the new scale, the employees concerned will be granted the salary stage immediately above his existing rate of pay. No workman should be prejudicially affected by the process of adjustment of pay scales. If the existing total emolument of an employee is more than the pay he is fixed in the scale together with the D. A. he will continue to draw the same till the excess is adjusted against future prescribed increment in the scale. If such is not the case he will get the basic pay in the scale and the prescribed D. A. with annual increments he is entitled to, if he has not reached the maximum of the scales of pay. I think that it will be expedient for me to say something about promotion from one grade to another. It will be in the discretion of the Company to give promotion to an employee from one grade to another on the basis of seniority-cum-suitability.

Issue No. 2 : Out-station Allowance

It is in the evidence of O. P. W. 1 Shri Purusattamdas Bajoria, who is the Chief Executive of the Company, that Salesmen of the Company get out-station allowance. It appears that there is no denial of this. The Company pays out-station allowance to Salesmen who are required to go out on Company's work. I think that other employees, if they are also required to go out on Company's work, should also be given out-station allowance. Employees who have to go out on outdoor duty may have to travel far and near. So the amount of out-station allowance cannot be the same in case of all employees requiring to go out on Company's work. From the side of the Union no material has been placed before the Tribunal so as to enable the Tribunal to frame certain rules in respect of out-station allowance. I therefore leave the matter to the discretion of the Company who, I think, will grant adequate allowance for the staff required to go out on duty.

Issue No. 3 : Tiffin Allowance

Admittedly no tiffin allowance is paid by the Company. It may be that some Companies offered by the Union for comparison give tiffin allowance to their employees. The system of giving tiffin allowance to the employees is in vouge in those Companies since long time past. But in the present case it is a question of new introduction. In consideration of the financial condition of the Company I do not grant tiffin allowance to the employees by way of introducing the system for the first time. So this demand of the employees is rejected.

Issue No. 4 : Children Education Allowance

The system of giving children education allowance to the employees is not in vogue in this Company. Taking everything into consideration I do not propose to introduce this system in this Company for the first time at the present moment The demand of the Union on this score is rejected.

Issue No. 5 : House Rent Allowance

No house rent allowance is paid by the Company to its employees. House rent allowance is generally included in the pay of the employees.

It is well settled that to provide housing accommodation to the industrial employees is to some extent a State responsibility. Taking this fact in consideration, and in view of the weak financial condition of the Company I disallow this demand.

Issue No. 6 : Medical Aid

E. S. I. scheme is prevalent in the Company, and the employees get benefit of the said scheme. Considering the financial condition of the Company I do not provide for any additional medical benefit for the employees. This demand of the Union is therefore rejected.

Issue No. 7 : Uniform and Umbrella

It is in the evidence of O. P. W. 1 that both warm and winter uniform are supplied to the Peons, but the Company does not provide the peons with umbrellas. It is necessary for the peons who have to go out on duty to have umbrellas for the protection of their head against Sun and rain. So I direct that the Company should provide umbrellas to those peons who have to go out during duty hours on Company's work. As to the number of uniform to be supplied to the peons in a year, I leave it to the discretion of the Company who, I hope, will make adequate provision for the same.

Issue No. 8 : Retirement Age

I have gone through the agreements between the Companies and the employees which have been filed before the Tribunal by the Union. In keeping with the present trend I fix the age of retirement at 58 years.

Issue No. 9 : Gratuity

It is submitted by the learned representative for the Union that the Company had a gratuity scheme much better than the one provided in the Gratuity Act, and so the Company should work on that scheme. The alleged gratuity scheme of the Company has not been placed before the Tribunal nor the Union has furnished the Tribunal with the particulars in regard to that scheme. The learned representative of the Union refers to an award passed by a Tribunal in respect of an industrial dispute between the employers of Messrs. J. D. Jones & Co. and the clerical staff and the subordinate staff of the Company (Awards Made by Tribunals—July to December 1949). It appears that the said award provided for a gratuity scheme on the lines as set out therein. It appears that the Company has not given effect to that gratuity scheme as yet, nor it is seen that the Union ever moved against non-implementation of the said award by the Company. That was an award of 1949, and a long time has elapsed since then. I do not think that after lapse of such a long time it is expedient to fall back on that provision of the award or any other scheme of gratuity which might have been awarded by any other Tribunal near about that time. Now, when the Gratuity Act has come into force, it is in the fitness of things that the statutory liability will be fulfilled by the Company. So I keep this issue out of adjudication.

This is my award and this award will take effect from 1st January 1970.

ANNEXURE

In the matter of an industrial dispute between Messrs. Power Tools & Implements (I) Co., 37 Canning Street (2nd Floor), Calcutta-1 and their workmen represented by Motor Workers' Union, Calcutta, Howrah, 24-Parganas and Hooghly, 19/2A Pitambar Ghatak Lane, Calcutta-27. (Case No. VIII-324/71.)

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Seventh Industrial Tribunal.

AWARD

The Government of West Bengal, Labour Department, by order No. 5009-I.R./IR/11L-434/71, dated the 4th November 1971, referred an industrial dispute between Messrs. Power Tools & Implements (I) Co., 37 Canning Street, (2nd Floor), Calcutta-1 and their workmen represented by Motor Workers' Union, Calcutta, Howrah, 24-Parganas and Hooghly, 19/2A Pitambar Ghatak Lane, Calcutta-27, to this Tribunal, for adjudication of the undermentioned issue :

Issue

Whether termination of service of Shri Parawesh Kumar Singh by way of refusal of employment to him is justified ? To what relief, if any, is he entitled ?

After the receipt of the Order of Reference, notices were issued and duly served on the parties. The Union filed its written statement on 17th January 1972. The Company was asked to file written statement on 3rd February 1972. The Company did not appear on 3rd February 1972 and did not file any written statement. The case was adjourned to 18th February 1972. The Company did not appear on that day and did not file any written statement and the case was further adjourned to 6th March 1972. The Company did not appear on the day and did not file any written statement. The case was fixed for hearing on 29th March 1972. None appeared for the Company on that day. The Union filed an application praying for time and the case was adjourned to 20th May 1972. None appeared for the Company on 20th May 1972. None appeared for the Union also on the day and no step was taken on behalf of the Union. The case was again adjourned to 8th June 1972. Parties did not appear on that day and no step was taken either by the Union or by the Company for the hearing of the case. No reason has been shown for the failure of the parties to appear on 20th May 1972 and 8th June 1972. The record would show that the Company did not take any step for filing written statement. The Union also subsequently did not take steps in the hearing of the case.

On a consideration of the materials on record, it would appear that the parties have lost interest in the case. Having regard to the materials on record and circumstances, I am of the opinion that the industrial dispute under reference is no longer in existence. Accordingly, I pass a no-dispute award. The reference be disposed of.

In the matter of an industrial dispute between Messrs. Incoducts (India), 5 Hazi Mohsin Road, Calcutta-26 and their workmen represented by Incoducts (India) Employees' Union, 149/10 Biren Roy Road (West), Calcutta-61. (Case No. 70/72.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri B. C. CHAUDHURI, Judge,
Fourth Industrial Tribunal.

By the Government of West Bengal, Labour Department, order No. 208-I.R./IR/10L-294/71, dated 12th January 1972, this industrial dispute between Messrs. Incoducts (India), 5 Hazi Mohsin Road, Calcutta-26 and their workmen represented by Incoducts (India) Employees' Union, 149/10 Biren Roy Road (West), Calcutta-61, was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issue mentioned below :

Issue

Whether the closure is real? What relief, if any, the workmen are entitled to?

On receipt of reference notices were issued by registered post to the parties by the Tribunal. Both the notices were duly served and postal acknowledgements were received back. After service of notices, there was no appearance by or on behalf of the Union. Both the parties also remained absent after the case was adjourned from time to time after the appearance of the Company on 24th February 1972. It appears that both the Union and the Company are not taking any interest in the dispute referred to this Tribunal for adjudication and have given up the same which has thereby become non-existent. The dispute is therefore to be deemed to be non-existent and an award is to be made accordingly on the basis that at present there is no subsisting dispute for adjudication. In the result, I make a "no dispute" award in the case.

LEGISLATIVE DEPARTMENT

NOTIFICATION

No. 2010-L. — 13th July, 1972.—The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information :—

Bill No. 27 of 1972

THE CALCUTTA MUNICIPAL (THIRD AMENDMENT) BILL, 1972.

A

BILL

to amend the Calcutta Municipal Act, 1951.

WHEREAS it is expedient to amend the Calcutta Municipal Act, 1951, for the purpose and in the manner hereinafter appearing; **West Ben. Act XXXIII of 1951.**

It is hereby enacted in the Twenty-third Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. 1. This Act may be called the Calcutta Municipal (Third Amendment) Act, 1972.

Amendment of section 81 of West Ben. Act XXXIII of 1951. 2. In section 81 of the Calcutta Municipal Act, 1951 (hereinafter referred to as the said Act), for the words "three hundred rupees", wherever they occur, the words "five hundred rupees" shall be substituted.

The Calcutta Municipal (Third Amendment) Bill, 1972.

(*Clause 3.*)

Repeal and savings

West Ben Ord. XII of 1972

3. (*1*) The Calcutta Municipal (Third Amendment) Ordinance, 1972, is hereby repealed.

(*2*) Anything done or any action taken under the said Act as amended by the Calcutta Municipal (Third Amendment) Ordinance, 1972, shall be deemed to have been validly done or taken under the said Act as amended by this Act as if this Act had commenced on the 24th day of June, 1972.

STATEMENT OF OBJECTS AND REASONS.

Under sub-section (2) of section 81 of the Calcutta Municipal Act, 1951, appointments to posts carrying a maximum salary above three hundred rupees but below one thousand and five hundred rupees per month used to be made on the recommendation of the Municipal Service Commission. Appointments to posts, the salary of which did not exceed three hundred rupees per month were made by the Commissioner of the Corporation of Calcutta, subject to such regulations relating to such appointments as might be framed by the Municipal Service Commission and approved by the Corporation. A number of posts on different grades of pay above three hundred rupees and up to five hundred rupees per month had been lying vacant in the Corporation establishment. In some cases due to non-filling up of these posts a serious situation had been created bordering a deadlock in the working of the junior levels of the clerical cadre. For administrative convenience, it was, therefore, essential to fill them up quickly. But this could not be done in the absence of a higher salary limit in section 81, as, under the prevailing provisions of that section, vacancies in the posts with the salary exceeding three hundred rupees per month had to be filled up in consultation with the Municipal Service Commission, which was a time-consuming process. With a view to removing the administrative difficulty in making appointments quickly in the junior grades of the Corporation establishment and thereby ensuring better administration, it was considered necessary to raise the salary-limit in section 81 of the Calcutta Municipal Act, 1951, by substituting *for* the words "three hundred rupees", the words "five hundred rupees". The Calcutta Municipal (Third Amendment) Ordinance, 1972, was promulgated on 24-6-72 to achieve that purpose.

2. The object of the Bill is to continue the provisions of the said Ordinance.

P. K. GHOSH,
Member-in-charge.

AWARD

The Government of West Bengal, Labour Department, has referred an industrial dispute between Messrs. Agents India Private Ltd., 42/1 Strand Road, Calcutta-7 and their workman represented by Motor Vehicles Drivers Congress, West Bengal, 4-B Madan Mohan Burman Street, Calcutta-7, to this Court by its order No. 3658-I.R./IR/11L-318/69, dated 29th May 1969, under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication on the following issue·

Issue

Whether the termination of service of Shri Mahabir Prasad Ram by way of refusal of employment to him is justified? What relief, if any, is he entitled to?

After receipt of the reference notices were served upon both the parties and they duly entered appearance and filed their respective written statements. After several adjournments the matter was fixed on 21st December 1971 for effecting compromise or in default for hearing. On 21st December 1971 the parties however filed a joint petition of compromise stating that they had mutually and amicably settled the dispute out of Court and that there was no dispute pending between them and they prayed for passing necessary award in terms of the said compromise petition. The compromise petition has been signed by the Advocates of the respective parties and also by the workman himself and by one Ramanathan Rajan, Export Manager on behalf of the Company. I have gone through the compromise petition and I am satisfied that the terms as embodied therein are fair and lawful. I have accordingly accepted the compromise petition. Hence the reference is disposed of on compromise in terms of the petition of compromise which do form part of this award.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act filed by one Shri Hem Chandra Bhattacharya of 405/8 Ashoke Nagar, Habra, 24-Parganas, an employee of Messrs. Darpana Cinema, 84 Bidhan Sarani, Calcutta-6 against the aforesaid Cinema Company. (Case No. 1 of 1972 u/s. 33A.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri K. K. SARKAR, Judge,
Fifth Industrial Tribunal.

This is an application under section 33A of the Industrial Disputes Act, by the petitioner-workman against the action on the part of the employer opposite-party in dismissing him from service during the pendency of a proceeding before this Tribunal. The petitioner alleges contravention of the provisions of section 33 of the Industrial Disputes Act.

The original reference out of which this case has arisen was made under G.O. No. 1489-I.R./IR/11L-98/68, dated 11th March 1968.

Notice was duly served upon the opposite party-Company. The Company made appearance and time was granted for filing its written objection. In the meantime on 21st February 1972 a compromise petition together with a Memorandum of Settlement was filed in this Tribunal. 27th March 1972 was fixed for testing the genuineness of the compromise petition in presence of both sides. On 27th March 1972 both the parties remained absent and took no steps. Thereafter on successive dates fixed for the purpose the parties remained absent and took no steps. Mere filing of a compromise petition purported to have been signed by competent persons on both sides is not enough. It has got to be tested in presence of both sides. But in spite of chances given to the parties on successive occasions they did not turn up and take any steps. Therefore this Tribunal cannot take any action on the compromise petition filed. The absence of the parties on successive dates fixed by the Tribunal leads me to believe that the parties have settled the matter between themselves out of Court and they are no longer interested to proceed with the case. I therefore take it for granted that there is no longer any dispute existing between the parties. So, in view of the circumstances stated above I pass a "no-dispute" award and dispose of the application under section 33A of the Act.

AWARD

By order No. 3552-I.R./IR/10L-261/67, dated the 27th July 1967, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Heatly and Gresham Limited, 31 Chittaranjan Avenue, Calcutta-12 and their workmen represented by Heatly and Gresham and Associated Companies' Employees' Union, 31 Chittaranjan Avenue, Calcutta-12, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issue:

Issue

Bonus for the accounting year ending on 30th June 1965.

After service of statutory notices, the parties entered appearance and filed their respective written statements. The parties thereafter prayed for time on various grounds. Today they have filed a joint petition of compromise intimating thereby that the industrial dispute has been settled out of Court by a Memorandum of Settlement, dated 24th January

1972, which has been made an Annexure to he petition. Although in the petition they prayed that a "no dispute" award incorporating the terms of settlement contained in the Memorandum of Settlement, should be passed, the parties have not submitted any signed copy of Memorandum of Settlement which might be made part of this award. The learned representatives of the parties submitted that in the circumstances, parties will be satisfied if a "no dispute" award is passed in this case indicating that the issues have been settled in terms of the Memorandum of Settlement, dated 24th January 1972 referred to in the petition of compromise. Evidently, the industrial dispute has been settled out of Court and the Tribunal has only to record the fact of settlement and to submit an award on the footing that the industrial dispute under reference is no longer in existence.

Hereby I submit such "no dispute" award to the State Government.

In the matter of an industrial dispute existing between Messrs. Vulcan Laboratories, 95/1/3A Cossipore Road, Calcutta-2, and their workmen represented by Vulcan Laboratories Workers' Union, 29/10 Cossipore Road, Calcutta-2. (Case No. 159 of 1972.)

Present for the Company : Shri U. K. Arah, Advocate.

Present for the Union : Shri Birendra Kumar Bhattacharyya, President of the Union.

By order No. 1415-I.R./IR/11L-696/71, dated the 24th March 1972, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Vulcan Laboratories, Cossipore Road, Calcutta-2 and their workmen represented by Vulcan Laboratories Workers' Union, Cossipore Road, Calcutta-2, to this Tribunal, under section 10 of the Industrial Disputes Act, for adjudication upon the issue mentioned below :

Issue

Whether the closure of the factory with effect from 24th September 1971 is real ? To what relief, if any, are the workmen entitled ?

On receipt of the reference notices were issued to both the Company and the Union. The notice was duly served upon the Company But the notice on the Union returned back with the postman's remark 'left'. On 29th April 1972 one Shri Birendra Kumar Bhattacharyya, who claimed himself to be the President of the Union, appeared before the Tribunal and filed a petition for delivery of the notice to the Union to him. Shri Dilip Kumar Das Gupta, Advocate, identified Shri Birendra Kumar Bhattacharyya and also certified on the petition that Shri Birendra Kumar Bhattacharyya is the President of Vulcan Laboratories Workers' Union. Accordingly the notice was made over to him as the President of the Union. The Union was called upon to file its written statement by 19th May 1972. Thereafter, it appears that the parties lost no time to arrive at a settlement of the dispute under reference and also some other disputes outside the Order of Reference. On 19th May 1972 a compromise petition together with a Memorandum of Settlement was filed before this Tribunal. The compromise petition was signed by Shri Kantilal H. Vora on behalf of the employer, and Shri Birendra Kumar Bhattacharyya, President of the Union, on behalf of the workmen, and it was witnessed by Shri U. K. Arah, Advocate, the authorised representative of the Company. The Memorandum of Settlement was signed on behalf of the Company by Shri Kantilal H. Vora, Partner, and another, and on behalf of the employees by Shri Birendra Kumar Bhattacharyya and some others. It appears that the Deputy Labour Commissioner, West Bengal, has put his hand in this Memorandum of Settlement as a witness, and Shri U. K. Arah has also signed as a witness. I gave a hearing on the compromise petition which is to the effect that both the parties have amicably settled all their disputes including the dispute under reference, out of Court, and they have had a settlement signed on 6th May 1972. It is prayed in the petition that as both the parties do not have any dispute outstanding between them, a "no dispute" award may be passed in terms of the settlement. It is also submitted before me that the parties have settled all their disputes, including the present dispute under reference, out of Court and so a "no dispute" award may be passed in terms of the Memorandum of Settlement. I have gone through the Memorandum of Settlement, and it appears that the present dispute under reference to this Tribhnal for adjudication is covered by the Memorandum of Settlement together with some other disputes. Therefore there is no reason why it should not be accepted and the case should not be disposed of by a "no dispute" award.

Accordingly, I pass a "no dispute" award in terms of the Memorandum of Settlement which do form part of the award.

The reference in question is thus disposed of.

Thereafter with the good offices of the Deputy Labour Commissioner Shri S. M. Banerjee and the Labour Officer Shri S. N. Roy, both the parties met together and after protracted discussions came to an amicable settlement on all the pending issues till date, on the following terms and conditions:

1. It has been agreed by and between both the parties :—

(i) That the final closure declared vide Company's notice, dated 23rd November 1971, is vacated and the Factory will resume work on and from 15th May 1972, and the workers will be called in a phased programme but up to 21st May 1972 all the workers who were on roll on the day previous to declaring temporary conditional closure i. e. on 24th September 1971 will be recalled for resuming work. Notices of recall containing names of workers will be affixed on the Notice Board by the Management and a copy thereof will be sent to office of Labour Commissioner and to the Union named above.

(ii) That a grace period of 15 days will be allowed to the workers from the day of recall as notified by the Management and any one who fails to attend duty within this grace period will be deemed to have lost his lien on his job of his own accord and will have no claim for reemployment.

(iii) That the period of non-employment from the day of declaring temporary conditional closure i. e. from 24th September 1971 till resumption of work will be treated as leave without wages and the workers will not be entitled to any wages or other compensation or benefit for this period. However, this will not creat any break in their continuity of services.

(iv) That the Union and each of the workmen agree to give minimum production as given in the Schedule "A" attached herewith, which will form part and partial of this settlement. Failure to give this minimum production will be considered an act of deliberate Go-slow, rendering the workers liable for strict disciplinary action. (a) 50 per cent. of the arrear of Bonus i. e. 13 days out of total 26 days.

(b) unpaid arrear of earned wages of all the employees up to 23rd September 1971, however after deducting the amount of advance outstanding against them.

(c) that the remaining 50 per cent. of the Bonus, i. e. equivalent to 13 days wages will be disbursed to the workers on 20th July 1972.

(vii) That looking to the hardship of the workmen caused by the closure period and keeping in view of the stringent financial position of the Company, the management has agreed to pay as a special case the following ex gratia amount in the manner noted below which will not form any precedent whatsoever in future :—

(i) amount equivalent to eight days wages to be disbursed on 15th May 1972,

(ii) amount equivalent to twelve days wages to be disbursed on 15th September 1972,

(iii) amount equivalent to ten days wages to be disbursed on 15th October 1972.

That the above amount will be paid to workers and only not to staff members including Chemists. However, the Chemists shall get the arrear of salary on the date of opening i. e. 15th May 1972.

(viii) That the Employees State Insurances and the Employees Provident Fund Contribution will be deposited in time. as prescribed in E. S. I. Act & P. F. Act.

(ix) That this settlement disposes off and the dispute till date fully and finally. The Union and the workmen undertake not to persue the matter in respect of closure of reference No. 1415-IR, dated 24th March 1972, pending adjudication in the Fifth Industrial Tribunal and both the parties agree to file a joint petition of compromise praying the learned Tribunal to pass a 'No dispute Award' in terms of this settlement.

ANNEXURE

In the matter of an industrial dispute between Messrs. Punjab Mistanna Bhandar, 114/1 Cotton Street, Calcutta-7, and their workmen represented by West Bengal Shops and Establishments Employees' Association, 13A Creek Lane, Calcutta-14. (Case No. VIII-61/72.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri B. C. CHAUDHURI, Judge,
Fourth Industrial Tribunal.

The Government of West Bengal, Labour Department, by its order No. 6725-I.R./IR/11L-94/69, dated 31st December 1971, referred under section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Messrs. Punjab Mistanna Bhandar, 114/1 Cotton Street, Calcutta-7, and their workmen represented by West Bengal Shops and Establishments Employees' Association, 13 A Creek Lane, Calcutta-14, to this Tribunal for adjudication in respect of the following issues :

Issues

1. Whether the termination of service of Shri D. N. Mondal is justified ? To what relief, if any, is he entitled ?
2. Introduction of a scheme of Provident Fund.
3. Pay Scales.
4. Dearness Allowance.

5. Whether the workmen are entitled to any wages for the period from 9th June to 21st August 1969 ?

6 Whether refusal of employment to the workmen mentioned in the attached lists justified ? To what relief, if any, are they entitled ?

On receipt of reference by the Sixth Industrial Tribunal notices were issued to the parties by registered post. They appeared and filed their written statements. Thereafter the case was transferred to this Tribunal. Fresh notices were issued to the parties by registered post by this Tribunal Both notice were duly served and the postal acknowledgments were received back. After service of notices the case was adjourned from time to time. During this period the Company appeared once. There was, however, no appearance on behalf of the Union. It appears that both the Union and the Company are not taking any interest in the dispute referred to this Tribunal for adjudication, and the Union and the concerned workmen are not pursuing the dispute and have given up the same which has thereby become non-existent. The dispute is, therefore, to be demed to be non-existent and an award is to be made accordingly on the basis that at present there is no subsisting dispute for adjudication. In the result, I make a 'no dispute' award in the case.

AWARD

This is a reference under section 10 of the Industrial Disputes Act, 1947, by the Government of West Bengal, Labour Department, order No 2460-I.R./IR/10L-57/69, dated 12th June 1971. The dispute is between Messrs. Mining and Allied Machinery Corporation Ltd. (henceforth the Company) and their workmen represented by Heavy Engineering Workers' Union (henceforth the Union).

The case of the Union is as follows:—

The Heavy Engineering Corporation (H.E.C.) formed in or about 1959 had 4 (four) Projects under it, one of which was at Durgapur known as Coal Mining Machinery Project (C.M.M.P). In or about 1965 the C.M.M.P. was converted into an independent and self-contained unit and renamed as Mining and Allied Machinery Corporation (M.A.M.C.). The H.E.C. used to appoint two types of trainees, namely Higher Trainees and Artisan Trainees. About 120 Higher Trainees were appointed at Durgapur in 1962 and 1963. But their scales of pay were arbitrary and without any justification. The following were the different scales of pay of the Higher Trainees at Durgapur in 1962 and 1963:—

Rs. 110—3—131—4—143 (pre-revised).
Rs. 140—5—175 (pre-revised).
Rs. 150—5—175—6—205—7—240.
Rs. 200—10—290—15—320.

The Higher Trainees used to get D.A. and Project Allowance besides the basic pay. On 26th November 1963 the then management informed the Higher Trainees of the Durgapur Project of H.E.C., i.e., C.M.M.P. that the management had decided to convert them as Production Workers on certain grades, without however disclosing the status and grades. The Higher Trainees made several representations before the management, but the management remained silent. The management converted different Higher Trainees on different scales in different posts and on different dates in a highly capricious, arbitrary and mala fide manner. In the matter of absoption and giving the status and scales the management took the plea of the same having been decided by a Committee. But the Higher Trainees never knew about the existence of such a Committee. Such a Committee was never formed nor did any such Committee function and there was no objective assessment and the findings if any by the alleged Committee was mala fide, illegal, perverse, vitiated and void. The whole thing was an eye-wash and a device to hide the capricious conduct, discrimination favouritism and nepotism of the management against the interest of the Higher Trainees in general. The Higher Trainees were discontent but their grievance was not redressed. On 19th January 1966 the management promoted 32 out of the former Higher Trainees in an arbitrary manner by adopting the same capricious and mala fide procedure. On 16th February 1966 an application under article 226 of the Constitution was moved before the Hon'ble Calcutta High Court against the arbitrary actions, but the petition was dismissed for want of jurisdiction by Sir Justice B. N. Banerjee on 16th February 1966 and also by the Division Bench in appeal. The Higher Trainees of the M A.M.C. Durgapur, formerly of H. E. C., Durgapur, then known as C.M.M.P. were given the following scales on absorption in 1964 :—

Rs. 140—5—175 (pre-revised).
Rs. 150—5—185—6—205—7—240.
Rs. 175—6—205—7—240—8—256.
Rs. 200—10—290—25—320.
Rs. 210—20—450—25 475.

Their scales of pay were in addition to D.A. and Project Allowance. Subsequently their scales were revised and changed since July 1969 by an agreement, dated 19th May 1970, as follows :—

Rs. 210—6—270—7—284.
Rs. 230—6—254—7—289—8—345.
Rs. 246—7—281—8—321—9—357.
Rs. 264—11—363—16—443.
Rs. 320—20—380—25—625 (January 1970).

Even the Artisan Trainees of Durgapur M.A.M.C. were given the basic pay on confirmation much higher than that of the Higher Trainees on absorption, D.A. and Project Allowance were same for both and consequent seniority over the Higher Trainees. The result of this was anomalous. Inasmuch as 18 Higher Trainees were reduced in rank or made junior to the Artisan Trainees, though they were all along below them in rank. The fixation of scales of pay and the status of the individual were so arbitrary that there was no iota of justification for any of the same. Although with the same qualification for all the Higher Trainees were taken in still different scales were introduced at the time of absorption and even those who were lower in scale were given higher scales and sometime two or three or four jumps and were fixed in the highest scale also creating a climate of distrust in the sense of justice. The Union has all along claimed the same scales of pay as that of the Chargeman for all the Higher Trainees. The scales of the Chargeman at different period were as follows.—

1963 to September 1970—Rs. 210—20 450—25—475.

January 1970 onwards—Rs. 320—20—380—25—625.

There was a Tripartite Settlement, dated 19th May 1970 and in terms of the said settlement this Tribunal was appointed on failure of all negotiations to adjudicate the issue in dispute.

The case of the Company is as follows :—

The issue as framed and referred for adjudication, on the face of it, is not an industrial dispute within the meaning of the Industrial Disputes Act. The issue is also defective, vague, indefinite and self-contradictory on which no adjudication is possible. The "terms of contract" of training were not as between Mining & Allied Machinery Corporation Ltd. and their workmen and accordingly the Government Order of Reference impleading Mining & Allied Machinery Corporation Ltd. as a party is bad in law. The Lordships of Calcutta High Court in the Appeal Judgement held that there was neither violation of the rules of natural justice nor discrimination and the findings of the Appeal Court operates as res judicata and therefore no fresh determination on the same facts and circumstances is permissible under the law. The Company denies that in the matter of absorption and giving the status and scales, either the Company took the plea of the same having been decided by a Committee or the existence of the Committee was not known to the Higher Trainees concerned or no such Committee was ever formed or the findings of the said Committee were either mala fide or illegal or perverse or vitiated or void or the whole thing was an eye-wash or a device to hide the capricious conduct or discrimination or favouritism or nepotism of the management against the so-called interest of the Higher Trainees in general. The Higher Trainees made persistent demands for absorption as of the production workers in order to be entitled to amenities/perquisites/salaries applicable to the regular workers, to the Officer on Special Duty and the said Officer by a note proposed the appointment of a Committee to examine the question of deciding the appropriate grades and scales of pay and status of the trainees, as regular production workers for which a standard and/or a basis was also mentioned in the said note. The General Manager of the Project accordingly, named the members of the Committee and thus agreed to the proposal given by the said Officer on Special Duty. The said Committee, upon due consideration of all the matters mentioned in the said note of the said Officer on Special Duty applied the said standard to the case of the Higher Trainees concerned and recommended appropriate grades and scales of pay depending, inter alia, on their respective qualification, experience and attainments. The Project, thereafter, bona fide and on a scientific basis as aforesaid, absorbed as desired by them the said Higher Trainees in or about January 1964 in five different grades. Thereafter, in or about January 1966, the Company considered the question of promotion of the said Higher Trainees as absorbed and promoted quite a number of them to higher grades and scales of pay in bona fide exercise of its discretion. The Company denies all the allegations levelled against the Company by its written statement. The Company also denies that the Artisan Trainees were given basic pay on formation which was higher than that of the Higher Trainees on absorption or that the Artisan Trainees were generally given 4 or 5 advance increments or the same was done for fitting them into the scale or that the same adversely affected the Higher Trainees or that the result was either anomalous or arbitrary or 18 Higher Trainees were reduced in ranks as alleged or at all. The Company states that the placement of the Higher Trainees in appropriate grades and scales of pay has been done on a bona fide and scientific basis and that there is no scope for opening the issue. It is also stated that the grant of the prayer as made in the said written statement would affect a large number of persons over a long period of time during which numerous promotions have either been made or postings have been effected and which would thereby violently upset the entire administration of the Company. That is to say in the event of the prayer of the Union being granted, the same will not only affect the former Higher Trainees, but also a very large number of workmen in respect of some or most of whom the Company has a binding tripartite settlement as to their terms and conditions of service. The Company, therefore, prays that the Tribunal should decide the issue in favour of the Company.

The issue referred for adjudication is as follows:—

> "(1) Whether in offering different scales of pay to the trainees trained in the U.S.S.R. and India, the management fully complied with the terms of contract under which they were engaged? To what relief, if any, are they entitled?"

Admittedly the Higher Trainees were recruited in terms of Advertisement Nos. 5/62 and 11/62. Advertisement No. 5/62 is Ext. F. Advertisement No. 11/62 is Ext. C. The advertisement was published in "Jugantar" on 20th May 1962. Admittedly also the Higher Trainees about 120 in number were appointed at Durgapur in different scales of pay. The different scales, of pay of the Higher Trainees when they were recruited are mentioned at paragraph 9 of the Union's written statement. Their different scales of pay were as follows:—

Rs. 110—3—131—4—143.
Rs. 140—5—175.
Rs. 150—5—175—6—205—7—240.
Rs. 200—10—290—15—320.

In the advertisement it was declared as follows:—

> "Candidates will be selected initially for training in India. Later after about a period of six months' training in India, about 50 per cent. from each group will be selected for training in the U.S.S.R. depending upon their qualifications, performance and report during the initial training in India".

It is not necessary for this Tribunal for determination of the issue under reference to go into the question how many of the Higher Trainees were sent to U.S.S.R. for training or how many of them received training in India either under an Indian Expert or under any Russian Expert. Suffice it to say here that admittedly some of the Higher Trainees were sent to Russia for special training in their trades. This fact is also evident from Chart Ext. 6 filed by the Union showing the names and particulars of the Higher Trainees sent to U. S. S. R. for training. It appears from the pleadings and evidence on record that in the year 1964 there arose the question of their absorption as production workers and they were, absorbed as production workers in different scales, and some of them at that time were made Chargemen in the scale of Rs. 210—20—450—25—475. Another Chart has been filed by the Union showing the names and particulars of the Higher Trainees and workers given the status and pay of a Chargeman or above. This Chart has been marked Ext. 6. Another Chart filed by the Union shows the names and particulars of the Higher Trainees in the scale of Rs. 200—10—290—15—320 (now revised to Rs. 264—11—363—16—443). This Chart has also been marked Ext. 6. In this Chart there also appears the names and particulars of the Higher Trainees in the scale of Rs. 180—10—290—15—380 (now revised to Rs. 250—11—371—16—483). To show the names and particulars of the Higher Trainees in the scale of Rs. 175—6—205—7—240—8—256 (now revised to Rs. 246—7—281—8—321—9—357). The Union has filed a Chart which has also been marked Ext. 6. There is another Chart also marked Ext. 6 showing the names and particulars of the Higher Trainees in the scale of Rs. 150—5—175—6—205—7—240 (now revised to Rs. 230—6—254—7—289—8—345). Thus the 5 Charts filed by the Union have been marked 6 collectively. Ext. 5 series are some other Charts filed by the Union to show the trainees whose scales of pay remained unaltered after completion of training—names of Higher Trainees with some qualifications and period of experience who were given different scales of pay in 1964—different scales or rate of pay of Artisan Trainees. Ext. 5 series also contain a Chart purported to show arbitrary fixation of pay scales of Higher Trainees. These Charts have been strongly criticised by the learned Advocate for the Company on the ground that these Charts were prepared from oral statements alleged to have made by the employees whose names appear is the Chart and not with reference to any document. The relevant evidence of P. W. 2 Shri Daya Sankar Sribastaba, a Turner in the M. A. M. C. in the Tool Room, Block I of the Plant is as follows :

> "I am a member of the Union specified in the Order of Reference and not an office bearer. I collected the particulars of the Chart Ext. 10 by approaching each individual concerned. I collected the particulars along with other office bearers of the Union. Shri P. R. Das is our Organising Secretary of the Union ; as such his signature appears on Chart Ext. 10. I was with him when the dates were collected. Chart Ext. 10 was not prepared after consulting documents. Datas were collected from the persons concerned as they stated before us. Ext. 10 was prepared in 1968 or in 1969 during negotiation between the Union and the Company. It was not prepared for the purpose of this case. The Company wanted to know the actual state of affairs and so this Chart was prepared. I do not know who on behalf of the Company wanted to know the state of affairs. Shri Bhabani Sarkar prepared this Chart Ext. 6. The former Judge of this Tribunal wanted to know the state of affairs. Hence the Organising Secretary, I and other members of the Union prepared this Chart by contacting the persons concerned and by collecting datas from them. The datas appearing in Chart Ext. 6 were also collected by hearing from the persons concerned and not with reference to any documents."

His further evidence is as follows :

> "The particulars appearing in Exts. 5 to 5/3 were collected by me and some of my friends along with the Organising Secretary. There are papers in support of the particulars appearing in Exts. 5 series. These papers are in possession of persons concerned. These papers have not been filed in this Tribunal. The Organising Secretary and some others and I went to the persons whose names appear in Chart Ext. 1. We interrogated them. The particulars supplied by them were collected by us and accordingly the Chart Ext. 1 was prepared. The persons whose names appear in Ext. 1 may possess the relevant papers in support of particulars given in Chart Ext. 1. About the particulars appearing in the Charts I am certain that some are absolutely correct, and as regards other entries I cannot vouchsafe their correctness."

Ext. 1 is the comparative Chart purported to show the injustice done to the Higher Trainees who were appointed at higher pay. Ext. 10 is a list of the Higher Trainees filed by the Union to show irregularities of the absorption among the Higher Trainees. In view of the evidence of P. W. 2 that about the correctness of some of the Charts he is certain but about the correctness of others he is not definite and in the absence of evidence of P. W. 2 as to which of the Charts according to him are correct it is indeed difficult to place absolute reliance on every particular or data of these Charts. It has been argued by the learned Advocate for the Union that the Company ought to have produced its own documents to falsify the Charts prepared and filed by the Union and the Company having not done so the Company cannot rely on the abstract question of law by arguing that the onus to prove the correctness of the Charts is on the Union which has filed them and not on the Company. In support of his argument the learned Advocate for the Union has also referred to a case reported in A. I. R. 1968 Vol. 55 P. 1413. This case is quite distinguishable from the instant matter this Tribunal deals with. So this case is unhelpful to the Union. I have referred to these Charts only for the purpose of showing that the Union's assertion that the Higher Trainees were absorbed is different scales of pay and not in a single scale of pay of the Chargeman. The real grievance of the Union is that all the Higher Trainees should have only one scale of pay and that one scale of pay should be the scale of pay to which a Chargeman was entitled. In short, the Union's contention is that all the Higher Trainees ought to have been given the post of a Chargeman which was a supervisory post. Ext. 16 is a letter addressed by the Secretary of the Union to the Deputy Labour Commissioner, Government of West Bengal, Durgapur. This letter is dated 7th October 1969. Paragraph 4 of this document is relevant. It is as follows :

> "that, it is a matter of great regret that the Corporation did not comply with any of their commitments as committed in the above letters of appointment. They finally absorbed the Higher Trainees without

> any interview and practically test and higher pay scale has not been offered to most of the trainees though they completed the training period successfully vide office order No. 12/64/Redesignation/Worker, dated 26th November 1964. Hence the anomalies have been created by the wilful activities of the management and the same are explained elaborately below :
>
> The Trainees have been recruited in a different scale of pay [i.e., (i) Rs. 110—143, (ii) Rs. 140—175, (iii) Rs. 150—240].
>
> (i) those who have been recruited in the scale of pay Rs. 110—143, they have been fixed up in three different scales [i.e., Rs. 140—175. (b) Rs. 150—240, and (c) Rs. 175—256].
>
> (ii) Those who have been recruited in the scale of pay of Rs. 140—175, they have also been fixed up in five different pay scales (i.e., Rs. 140—175, Rs. 150—240, Rs. 175—256, Rs. 200—320 and Rs. 210—475).
>
> (iii) those who have been recruited in the scale of pay of Rs. 150—240 they have been absorbed in four different pay scales (i.e., Rs. 150—240, Rs. 175—256, Rs. 200—320 and Rs. 210—475)."

Paragraph 8 of letter Ext. 16 is partaining in this connection and hence it is quoted here—

> "that, the Higher Trainees were recruited when M.A.M.C. was an unit of Heavy Engineering Corporation Ltd. (i.e., they were recruited under the directive of H.E.C. Management). In the course M.A.M.C. has become a self-independent unit. But in H.E.C. all the Higher Trainees were absorbed in one scale of pay (i.e., Rs. 210—475) though they were recruited in different pay scales and they were placed in the supervisory cadre immediately after the training was complete."

In the concluding paragraph of the letter it is stated as follows :

> "In conclusion, the Union thinks that the demand of the Higher Trainees is a legitimate and legal one. Hence, the Union suggests that it would be justifiable to absorb the Higher Trainees in the minimum pay scale of Rs. 210—475."

This letter Ext. 16 has not been challenged by the Company. The Company has admitted this document. This letter shows what were the scales of the Higher Trainees when they were recruited and the different scales of pay in which they were absorbed in the year 1964 (Paragraph 4 of letter Ext. 16). This letter also pin-points the real grievance of the Higher Trainees in its concluding paragraph where it is stated that the demand of the Higher Trainees was to absorb the Higher Trainees in the minimum pay scale of Rs. 210—475, which was the pay scale of a Chargeman in the year 1964. So apart from the Charts filed by the Union which I have said that in view of the evidence of P.W. 2 cannot be relied upon, this letter Ext. 16 provides the Tribunal with sufficient materials to show what the different scales of pay of the the Higher Trainees were at the time of their recruitment, what different scales of pay were given to the Higher Trainees at the time of their absorption in 1964. The letter Ext. 16 shows what the real grievance of the Higher Trainees was in the matter of absorption in the year 1964. Ext. 16 was a representation by the Union on behalf of the Higher Trainees for redress of the grievance of the Higher Trainees. Ext. 8 is another representation by the Union made to the Managing Director, Mining & Allied Machinery Corporation Ltd., requesting the management not to give effect to the Internal Advertisement No. 28, dated 22nd November 1971 (Ext. 8/1), for filling up some posts of Demonstrator/Chargeman as the matter is subjudice before the Ninth Industrial Tribunal. Exts. 11, 12 and 13 are the representations of Shri A. Guha Roy to the General Manager, Coal Mining Machiery Project and the Chairman, H.E.C., for denying him promotion and better grade of pay. Exts. 14 and 15 are replies given by Shri A. Das Gupta, Assistant Administrative Officer to Shri A. Guha Roy to his representations. On 3rd December 1963 the Higher Trainees jointly made a representation to the Officer on Special Duty, M.A.M.C., Durgapur, claiming that on conversion as production workers they should be placed as Chargeman or Chargehand. Ext. 9 is said to be a copy of the said representation. The Higher Trainees made another representation for suitable grade, i.e., Rs. 210—475, the grade of Chargeman. Ext. 9/1 is said to be a copy of that representation. So from these letters and representations it appears that the Higher Trainees made representations to the authorities expressing their grievances and such representations were sometimes individual and sometimes collective. Ext. 16 shows that the Union also took up the cause of the Higher Trainees with the management. In its written statement the Union has not only mentioned the different scales of pay of the Higher Trainees of Durgapur from time to time but the Union has also mentioned side by side the different scales of pay of the Higher Trainees of Ranchi. In evidence the Union has not sought to draw any comparison between the scales of pay of Higher Trainees of Durgapur and the scales of pay of the Higher Trainees of Ranchi. So I have not mentioned anything about the different scales of pay of the Higher Trainees of Ranchi as it is redundant. The Union in its written statement has stated as follows :

> "Even the Artisan Trainees of Durgapur M.A.M.C., were given the basic pay on confirmation much higher than that of the Higher Trainees on absorption, D.A. and Project Allowance being the same for both, and consequent seniority over the Higher Trainees.
>
> Scale of Artisan Trainees on absorption Rs. 150—5—175—6—205—7—240 as that of the lowest of the Higher Trainees. In the case of Artisan

> Trainees 4 or advance increments were given for the purpose of fitting into scale in many cases while none like that in the scale of adversely effected Higher Trainees. The result of this was not only anomalous and arbitrary but also affected 18 Higher Trainees were reduced in rank or make junior to the Artisan Trainees, though they were all along below them in rank."

The learned Advocate for the Union has stated during the hearing of the Order of Reference that he is not going to press anything regarding the pay scale of the Artisan Trainees and that apart the Artisan Trainees are not parties in this Order of Reference. So it is not fair and proper to say anything regarding their pay scales on absorption. Ext. 8 is the Advertisement No. 16/62 published in different newspapers for recruitment of Artisan Trainees. The Artisan Trainees were at first Stipendary Trainees belonging to three categories. Their stipends were Rs. 60, Rs. 70 and Rs. 80 respectively. On absorption in 1964 the Artisan Trainees were given the scale of Rs. 150—5—175—6—205—EB—7—240. So Artisan Trainees were entitled only to stipend. They were not entitled at the time of their recruitment either to D.A. or Project Allowance to which the Higher Trainees were entitled immediately of their joining. It has been argued before me by the learned Advocate for the Union that the Higher Trainees were superior to Artisan Trainees in respect of qualification, experience, etc. I have already said that in the absence of the Artisan Trainees it will not be fair and proper to hold that their qualification and experience did not entitle them to the same scale of pay as that of some of the Higher Trainees on confirmation in 1964 or that their qualification and experience should be held less than the merits and experience of the Higher Trainees. So this point need not be gone into in the present adjudication. Firstly because the learned Advocate for the Union during hearing has stated that he will not press anything in respect of the pay scale of the Artisan Trainees; secondly because Artisan Trainees are not parties to this Order of Reference. What is more O.P.W. 1 in his evidence has stated as follows:—

> "By an 'Artisan' I understand a skilled worker. 'Artisan' does not mean an unskilled or semi-skilled worker. A senior Artisan is a skilled worker who is senior in skill and experience. Not a fact that Higher Trainees are superior to Artisan Trainees."

So the argument of the learned Advocate for the Union that the Higher Trainees are superior to Artisan Trainees in qualification and experience does not appeal to me.

It will be convenient now to focus attention on the issue referred for adjucation. The issue for adjudication is not whether the Higher Trainees are entitled to the scale of a Chargeman no is the issue to the effect whether the different scales of pay offered to the Higher Trainees worked injustice on them. But the issue is whether the different scales of pay offered to the Higher Trainees were in violation of the terms of contract under which they were engaged. I have referred to the advertisements in pursuance to which the Higher Trainees were recruited. To decide whether the management fully complied with the terms of contract. It is necessary to refer to the terms and conditions of service of the Higher Trainees. These are evident from the Advertisements Exts. C and F. The terms are also available from the letters of appointment given to the Higher Trainees. Ext. B is such an appointment letter issued to Shri Biswanath Nath, a Higher Trainee. Clause 3 of this appointment letter Ext. B is as follows:

> "After satisfactory completion of training, depending upon the ability displayed during training, you will be offered and appointed on a suitable grade."

Ext. N is another letter of appointment issued to Shri Daya Shankar Shrivastava. In his appointment letter clause 3 is similar to clause 3 of the letter of appointment Ext. B. Letter of appointment Ext. B shows that Shri Biswanath Nath was offered the scale of Rs. 110—3—131—4—143 during his period of training. The letter of appointment Ext. N issued to Shri Shrivastava shows that during the period of his training he was offered the scale of Rs. 150—3—175—6—203—EB—7—240. In paragraph 4 of Advertisement No. 5/62 Ext. F it was stated as follows:—

> "Candidates will be initially fixed in one of the following scales of pay according to their trade, knowledge and experience at the discretion of the Corporation:
>
> 1. Rs. 60—3—90.
> 2. Rs. 80—5—120.
> 3. Rs. 100—5—125—6—155—EB—6—185."

In paragraph 4 of Advertisement No. 11/62 Ext. C the scales of pay were as follows:—

> "1. Rs. 110—3—131—4—143 (Revised).
> 2. Rs. 140—5—175 (Revised).
> 3. Rs. 150—5—175—6—205—EB—7—240 (Revised)."

In Advertisement Ext. C it was also stated that the candidates will be initially fixed in one of the scales of pay according to the qualification and experience at the discretion of the Corporation. Letter Ext. 16 which I have already referred to above is the letter of the Secretary of the Union to the Deputy Labour Commissioner, Durgapur, this letter also gives different scales of pay which were offered to the Higher Trainees when they were recruited and paragraph 3 of letter Ext. 16 also states:

> "that, after satisfactory completion of training depending upon the ability displayed during the training they will be appointed on a suitable grade."

So the Higher Trainees knew at the time of their offering themselves as candidates pursuant to the advertisements that they would not receive the same scale of pay. Different scales of pay were mentioned in the advertisement. Not only that they accepted offer of different scales of pay at the time of their recruitment. They were definitely given the understanding that on satisfactory completion of training depending upon the ability they would be appointed on a suitable grade. So neither from advertisements nor from their letters of appointment the Higher Trainees had any reason to believe that they would be absorbed in the post of a Chargeman or in the post of a Supervisor. There is no inkling of such an offer or prospect given either in the advertisement or in the letters of appointment. On the other hand advertisements and letters of appointment are clear that they would be recruited in different scales of pay and on completion of their training they would be given a suitable grade which would depend upon their ability and performance during their training period. It does not mean that they would be absorbed in a single uniform grade. Had it been so the word "suitable" would not have been in the advertisements nor the words, "depending upon the ability during their training" would have been mentioned in their letters of appointment. So there is not an iota of documentary evidence in support of their contention that they are entitled to get the post of a Chargeman or the post of a Supervisor. P. W. 1 has stated that on completion of his training period he was appointed as a Chargeman on a pay of Rs. 210—475. He was recruited as a Higher Trainee on 24th September 1962. His evidence is that all the Higher Trainees who joined M. A. M. C. were not given the pay scale of a Chargeman and that all the Higher Trainees were to be posted after completion of their training to the posts of Chargeman. It is in his evidence that after completion of training all the Higher Trainees became equally worthy for the posts of a Chargemen. He has deposed as follows :—

> "The Recruiting Board assured us all that after completion of training including training in Russia we would all be posted in Supervisory posts on higher pay and with better emoluments. The post of a Chargeman is the lowest Supervisory post."

His further evidence is that Mr. Adinath Lahiri, the then General Manager and Mr. Roy Chowdhury (O. P. W. 1) assured them of better future prospects as they were the first recruits and as because new production hands would have to work under them. He has deposed that he had no papers to show that any assurance was given by the authorities that the Higher Trainees would be made Chargemen on completion of their training. P.W. 2 is Shri Daya Sankar Sribastaba. His evidence is that on 11th October 1962 he was recruited as Higher Trainee. He has deposed that the Interview Board held out promise of better future prospect before him after successful completion of training when he was being interviewed. It is further in his evidence that the Board also told him that he would be appointed to a Supervisory post after he completed his training His evidence is that O. P. W. 1 Shri Roy Chowdhury was one of the members of the Recruiting Board. He has also stated that the post of the Chargeman is the lowest Supervisory post. His grievance is that he was not given the post of a Chargeman. He has stated that they never wanted to work as production hands and that they always insist upon the authorities for appointing them in the Supervisory posts which they promised at the time of recruitment. P. W. 2 in his cross-examination has stated that the understanding was that all the Higher Trainees, irrespective of their grades of pay, would be made either a Supervisor or a Chargeman on the expiry of their training period. In cross-examination he has stated as follows : -

> "The terms and conditions of our service were given in the advertisement and also in the initial appointment letter and in the appointment letter we received during our absorption. There is nothing in writing to show that we were given the understanding that we would be absorbed either as Supervisors or Chargemen. During interview we were told that we being the first staff each of us would be a Supervisor or a Chargeman."

O.P.W. 1 is Shri Rebati Prasanna Roy Chowdhury. He is an Engineer. He is a graduate in Electrical Engineering from Jadavpur University. He is a Fellow of the Institute of Engineers of India (Mechanical Section) and a full member of the Institution of Production Engineers. In 1959 he joined National Industrial Development Corporation, which sponsored H. E. C. He joined H. E. C. as a Mechanical Engineer. In February 1959 he went to Russia for preparation of project report for Coal Mining Machinery Plant. In May 1959 he returned to India. Then he was transferred by National Industrial Development Corporation to Coal Mining Machinery Project as a Project Officer. He has deposed that overall production was in his charge. His evidence is that Higher Trainees were recruited by a Board of which he was sometime a member. In his evidence he has stated that after recruitment some of the Higher Trainees were sent to Chittaranjan for training for a temporary period and others received training at Durgapur and that the Higher Trainees came from Chittaranjan after sometime and then all the Higher Trainees were under his charge. His evidence is that he was a member of the Selection Committee in one or two sittings where he represented the Chief Construction Engineer. His positive evidence is that the Higher Trainees were not given any assurance or understanding by him or any one beyond the terms and conditions given in their letters of appointment. That he was a member for sometime in the Board of Recruitment is also the evidence of

O.P.W. 1. So his positive evidence is that no such assurance was given to the recruited trainees, that they would be posted in Supervisory post that is to say they would be given the post of a Chargeman on completion of their training. O.P.W. 1, is a qualified and respectable officer. So his evidence is worthy of credence. There is nothing to disbelieve his evidence that no assurance was given to any Higher Trainee at the time of recruitment that he would be posted as a Chargeman. His evidence is quite in conformity with the advertisements of Exts. F and C and also with the letters of appointment issued to the Higher Trainees. It is difficult to believe that the members of the Board of Recruitment gave any verbal assurance to any candidates that on completion of their training all the Higher Trainees would be given the post of a Chargeman when such terms and conditions were not in the advertisement. Had the Board given any such assurance to any of the Higher Trainees during interview, the Higher Trainees would have not remained satisfied when they received letters of appointment not embodying such a term in their contract of service. It is difficult to believe that the Higher Trainees would allow themselves to be bluffed by the Board of Recruitment. Had the Board of Recruitment given any such assurance during interview the Higher Trainees would have insisted upon incorporation of such assurance or terms and conditions in their letters of appointment. They were qualified youngmen. They had some past experience in service. So it is not credible that they would allow themselves to be befooled or duped by the Board of Recruitment. The issue for adjudication should be considered in this background. P.W.s 1 and 2's evidence is that the members of the Board of Recruitment verbally assured the Higher Trainees that on completion of their training they would be given the post of a Chargeman. On the face of it such evidence is unbelievable. Besides this there is counter-evidence of O.P.W. 1 who has denied that any such verbal assurance was given to the Higher Trainees at the time of recruitment. The evidence of P.W.s' 1 and 2 is contrary to the terms of service appearing in advertisements and also in letters of appointment. Knowing it fully well that even at the recruiting stage the Higher Trainees would receive different scales of pay. they accepted the posts of trainees and they accepted also the different scales of pay offered to them at the time of recruitment. It is also against commencesense that the Higher Trainees would be assured of the post of a Chargeman after completion of the period of training, regardless of their display of ability, their qualification and experience. To say this is to say the unsayable. It is absurd to believe that on completion of the training period the Higher Trainees would be absorbed in the same post of a Chargeman regardless of their ability shown during the period of training and the merits exhibited to their Superiors. Such a conclusion will be contrary to the terms of contract appearing in letters of appointment issued to the Higher Trainees. Furthermore, the Board of Recruitment was not the appointing authority. This Board was obviously a recommendatory body. So not only such a Board was not in a position to give any assurance to the Higher Trainees in respect of their future prospect beyond the terms and conditions given in the advertisement, but also even if the Board gave such assurance at all, which I do not believe, such assurance was of no effect because no such assurance was given by the appointing authority or no such assurance was given in the letters of appointment. In this connection I shall refer to Ext. L, a judgement in Appeal against the order of the single Judge of Calcutta High Court passed on an application under article 226 of the Constitution of India. The relevant portion of the judgement is as follows :—

> "Any order made herein would affect a large number of persons during a long period of time, during which numerous promotions have been made, postings have been effected and any order made in the Writ Jurisdiction would violently upset the entire administration of the Company concerned."

Again I quote another portion of the judgement :—

> "On the facts, we are of the opinion that there arises no question of discrimination, either under article 14 (which has not been distinctly mentioned) or under article 16 of the Constitution. The workers were recruited for being given training and they were absorbed in different posts bearing different scales of pay according to their efficiency and attainments. Nothing has been shown why it should be otherwise, and how there has either been a violation of the rules of natural justice or discrimination violative of articles 14, 15 or 16 of the Constitution."

In this case three Higher Trainees were the applicants who challenged the absorption list made prior to 1965 by the Coal Mining Machinery Project of the Heavy Engineering Corporation Ltd. as well as the promotion list of 32 Higher Trainees, dated 19th January 1966 and prayed that the absorption list and the promotion list should be quashed by a Writ of Certiorari and a Writ of Mandamus should be issued directing the Company to withdraw and cancel and/or forbear from giving effect to the same. Considering all these aspects I am unable to hold that in offering different scales of pay to the Higher Trainees trained in U. S. S. R. and India, the management did not fully comply with the terms of contract under which they were engaged.

The Higher Trainees were recruited to different trades. They were absorbed as production workers in different scales of pay in the year 1964. It has been argued by the learned Advocate for the Union that the absorption in different scales of pay of the Higher Trainees was made by the management in an arbitrary and whimsical manner. The evidence of P.W. 1 is that he had never any occasion to know that the Company had appointed a Committee for fixation of scales of pay for the Higher Trainees, that the Plant authorities or any Committee did never enquire of any of them either about their performance or about the performance of other Higher Trainees who were not given the posts of Chargemen. In cross examination his evidence is that before joining as a Higher Trainee he was an employee of TELCO and there his last basic pay was about Rs. 80. His further evidenre is that he completed two years Trade Course from Calcutta Techinical School and did Tool Maker from Indian Statistical Institute Works at Baranagore, and that in the Calcutta Technical School he went through the Fitter Course and got a certificate. I have already said that P.W. 1 was made a Chargeman and on that score he has no grievance. But his grievance is that all other Higher Trainees ought to have given the Supervisory posts like him at the time of absorption. His evidence is that Shri A. Guha Roy, Shri Samir Paul, Shri A. Saha, Shri J. Ganguly and all other Higher Trainees whose names he cannot now remember are his friends and for their welfare and in support of their grievances he come to Court. P.W. 2 has stated that when the Higher Trainees were absorbed as Production Hands their qualifications, experience and knowledge were assessed and they were placed on different scales of pay by the Company whimsically and arbitrarily and not according to its assessment of their individual qualification, skill and experience His further evidence is that no Committee was ever formed for fixation of the scales of pay at the time of absorption and that they were never informed by the Company why some of the Higher Trainees were made Chargeman and the rest were excluded. P.W. 2's evidence is that he was an employee of TELCO before joining as a Higher Trainee in H. E. C. and before TELCO he was an employee of Sen-Raleigh. He has deposed that in Sen-Raleigh he held the post of a Turner and there his monthly salary was Rs 60.50 P. and D. A. Rs 53, and in TELCO he used to receive daily wages at the rate of Rs 2.47 P. per day.

It appears from his evidence that he was recruited as Higher Trainee in the scale of Rs. 150—240. Ext. N is his letter of appointment. The evidence of O.P.W. 1 is that the Higher Trainees demanded for absorption as Production Workers and that they also made demonstration for it and that their demand for absorption was accepted. It is in his evidence that a Committee was formed for absorption of Higher Trainees and he was a member of that Committee besides two others, the Deputy Chief Accounts Officer and the Officer on Special Duty. He has deposed that the Committee was a recommendatory body and that the Committee recommended the absorption of the Higher Trainees in different scales of pay after considering their qualifications, experience and performance. His evidence is that at first a proposal was given for absorption of the Higher Trainees and that this proposal was given by Shri D. N. Ghosh, Special Officer on Duty and Ext. O is that proposal. It appears from document Ext. O that Shri D. N. Ghosh, Officer on Special Duty, gave a proposal on 4th October 1963 to the General Manager for absorption of 119 Higher Trainees as Production Workers and the General Manager approved of this proposal on 11th October 1963 Ext. O/1. Shri D. N. Ghosh gave further note in this connection to the General Manager on 17th October 1963 Ext. P. The penultimate paragraph of this note Ext. P is as follows :

> "Without prejudice to the Selection Committee's findings, I have worked out to convert the Higher Trainees as Production Workers, minus evaluation report which indicate that while applying the qualifications and experiences standard, 56 workers will have to be fitted in the next higher grade, 30 workers will remain in the same grade and 33 workers will be kept on a grade which will be higher to the grade they should belong. Chairman's permission may be obtained to convert 33 Higher Trainees on a pay scale which is higher to which they are normally eligible and we would kept them pegged in the grade until such time they have number of years of experience."

The last paragraph of this note Ext. P reads as follows :

> "For the above three groupings of Higher Trainees to be converted as Production Workers, I have said before, that it is worked out purely applying the laid down standard of recruitment of Production Workers, factors of performance reports, good tests result wherever practicable have not been taken into consideration."

Shri D. N. Ghosh in his note Ext. P also suggested as follows :

> "Since there are well laid down pay scales, qualifications and commensurate grade of each category of Production Workers, all those Higher Trainees are to be examined according to their qualifications and experiences and their past performance report with us, to ensure whether they are actually fit for the grade and scales of pay. This will mean, that we have only one uniform system as applicable to all the production workers. In the light of the approved scales of pay, designations, qualifications and experiences of Production Workers, General Manager may kindly nominate a Committee to 'interview all the Higher Trainees'. This Committee will collect the performance reports of all these Higher Trainees."

In his note he has further stoted as follows :

> "Based upon the recommendations of this Committee, the Higher Trainees who will now after 3 weeks be cnverted as Production Workers, will be fitted with the grades

> and scales of pay as laid down by Headquarters commensurate with their qualifications and experiences and reports of their work, conduct, etc., in this Project."

The General Manager gave the following note which is Ext. P/1:

> "I think CCE, Dy. CAD and OSD should form the Selection Committee. In case CCE would like to co-opt any of his Engineer or Supervisors to be in the Committee he may indicate the name. The selection should be complete before CCE goes on leave."

Thereupon the Chief Construction Engineer gave the following note:

> "S. E. (Mech.) may be co-opted as a member of this Committee."

This note of CCE is marked Ext. P/2. So the proposal came from Shri D. N. Ghosh. The General Manager approved of this proposal and also mentioned the names of officers who would form the Selection Committee for the purpose of absorption of the Higher Trainees as Production Workers in different scales of pay. Ext. Q is a circular, dated 18th March 1963. According to the evidence of O.P.W. 1, the annexures to Ext. Q constituted the yardstick for fitting in the Higher Trainees in different scales of pay as Production Workers. It is suggested that Ext. Q and its annexures are concocted documents. O.P.W. 1 has deposed that Ext. Q and its annexures came from Ranchi. It appears from the evidence on record that the yeardstick of which the first page is marked Ext. Q was filed on the date of examination of O.P.W. 1. Annexures had been filed earlier O.P.W. 1 has denied that document No. Q is a concocted document and that it did not provide the yardstick in the matter of absorption of Higher Trainees in the year 1964. The evidence of O.P.W. 1 has remained unshaken in cross-examination and I find nothing to disbelieve the evidence of this respectable and disinterested witness. Hence I find that Ext. Q was the yardstick for fiting in the Higher Trainees in different scales of pay at the time of absorption. O.P.W. 1 has stated that all the Higher Trainees worked under him and he knew about their performances. It is in his evidence that he supplied the performances report to the Committee formed for absorption of the Higher Trainees as Production Workers in different scales of pay. He has deposed that he supplied the performance report not in writing but orally. His further evidence is that the Committee did not take interview of all the Higher Trainees but interview was given only to those Higher Trainees whose qualifications and past experience were not known. I have quoted above a portion of the note, dated 17th October 1963, given by Shri D. N. Ghosh to the General Manager for his approval and Shri Ghosh's notes received the approval of the General Manager. Next Shri Ghosh suggested that the General Manager may kindly nominate a Committee to interview all the Higher Trainees and this Committee would collect the performance reports of all the Higher Trainees. I have quoted above the words "interview all the Higher Trainees". According to the admission of the O.P.W. 1 the Committee did not take the interview of all the Higher Trainees. So undoubtedly the note given by Shri D. N. Ghosh and approved by the General Manager was not fully complied with. Moreover, the General Manager in his note, dated 26th November 1963. Ext. P/1 gave CCE the liberty to co-opt any of his Engineer or Supervisor to be in the Committee and to "indicate" the name. I have quoted the word "indicate". There is nothing to show that CCE coopting S.E. (Mach.) Ext. P/2 placed the name of O.P.W. 1 [S.E. (Mech.)] before the General Manager for his approval. Here also CCE failed to appreciate the implication of the words, "indicate the name". According to the evidence of O.P.W 1, Ext R is the recommendation given by the Committee in the matter of absorption of the Higher Trainees in different scales of pay as Production Workers. I find from Ext. R that its last page contains three signatures. The first signature is of the Superintending Engineer, Mechanical, i.e., O.P.W. 1. The second signature is of the Deputy Chief Accounts Officer. The third signature is of the Administrative Officer. The recommendation was not signed by CCE or by the O. S. D. who were the members of the Committee besides the Deputy Chief Accounts Officer according to the direction of the General Manager. O.P.W. 1, the Superintending Engineer, Mechanical, was co-opted by CCE. The evidence of O.P.W. 1 is that CCE was never in the Committee. But his evidence is that the Committee's recommendations were routed through CCE. According to the note of the General Manager CCE was to be a member of the Committee and further "the Selection should be complete before CCE goes on leave". So the General Manager emphasized on the presence of the CCE in the Selection Committee But the evidence of O. P. W. 1 is that CCE was not in the Committee and O. P. W. 1 was in the Committee in his place. So here again another unfortunate failure on the part of the CCE to follow the direction of the General Manager. In the recommendation there is the signature of one Shri A. Sen Gupta who according to the evidence of O. P. W. 1 is the Assistant Administrative Officer and not the Administrative Officer. It appears from the signature appearing in Ext R that he signed as Administrative Officer and not for Administrative Officer. I do not find any thing which empowered Shri Sen Gupta to be a member of the Committee. It appears to me that he was a self-appointed member. It is in the evidence of O. P. W. 1 that it might be that Shri Sen Gupta represented Shri D. N. Ghosh in his absence in the Committee. In the face of clear direction of the General Manager as to who would form the Committee there was no scope for Shri Sen Gupta to be a member of the Committee when there was no direction or order from the General Manager. Undoubtedly, this was another lapse. So it must be held that the Committee was not made of persons mentioned by the General Manager in his note Ext. P/I, and such a Committee submitted recommendation Ext. R which was evidently accepted by the management and acted upon by the management.

It has been argued by the learned Advocate for the Company that when the management accepted the recommendation and acted upon it, the Tribunal should hold that irregularity, if any, in the constitution of the Selection Committee was cured. This argument is not convincing The Higher Trainees possessed technical qualifications. They also had more experience in trades. Obviously they joined as Higher Trainees in the hope that their prospect would be brighter on completion of their training. So their case demanded close scrutiny at the time of their absorption. The General Manager was alive to it Hence he mentioned the names who would form the Selection Committee, particularly emphasising the presence of the CCE in the Committee. In the note of Shri D. N. Ghosh it was stressed that the Committee would to be taken interview of all the Higher Trainees and collect their performance report to assess their merit while ascertaining their scales of pay as production workers. Strangely enough, neither interview was taken nor performance report was collected in writing. If O. P. W. 1 really gave the performance report of the trainees orally before the Committee, surely there would have been written notes of the same by the Committee to support the evidence of O. P. W. 1. When the General Manager's order regarding the formation of the Committee was not adhered to, the Committee consisting of members other than those mentioned by the General Manager, cannot be held to be a legally constituted Committee and as such the different scales of pay recommended by such a Committee for the Higher Trainees and the acceptance of such scales of pay, despite the protest and objection of the trainees was arbitrary and whimsical, if not motivated. There was nothing wrong in offering different scales of pay. It was quite consistent with the condition and terms of service. But what was objectionable was that the scale of pay to which a trainee was entitled was not decided by a validly constituted Committee after taking interview of the trainees and collecting their performance report as the General Manager had directed. The Higher Trainees had, therefore, reasonable cause to sign.

Before I conclude I should refer to another argument made by the learned Advocate for the Company. The learned Advocate for the Company has argued that the judgement of the Hon'ble High Court Ext. I operates as res judicata The Union which is a party in this Order of Reference was not a party in the writ petition. In the writ petition there were three applicants out of so many Higher Trainees. The applicants of the writ petition challenged the absorption list and the promotion list of 32 persons. But the issue for adjudication before this Tribunal is whether in offering different scales of pay to the Higher Trainees the management fully complied with the terms of contract under which they were engaged. So the issue is completely different from what it was before their Lordships. Hence I am not at one with the learned Advocate for the Company that the judgement Ext. L operates as res judicata. This contention is overruled.

It appears from the record that the Company raised three preliminary objections. The first objection was that the issue as framed was not an industrial dispute. The second objection was that the issue was otherwise defective, vague, indefinite and self-contradictory. The third objection was that the "terms of cantract" of training as referred to in the issue were not as between Mining & Allied Machinery Corporation Ltd. and their workmen and accordingly impleading Mining & Allied Machinery Corporation Ltd. as a party was bad in law. The third objection has not been pressed before me. The third objection was also not pressed before my learned Predecessor as I find from his order No. 11, dated 24th September 1971. So the third objection fails as not being pressed. My learned Predecessor dealt with the first and second objections in his order No. 11, dated 24th September 1971 and overruled them. As my learned Predecessor already overruled the first and second preliminary objections there is no justification for me to deal with those objections again. Hence the preliminary objections raised by the Company ought to be held against the Company.

The Tribunal has not been asked to adjudge, whether the scale of pay given to any of the Higher Trainees was just and proper. So any decision given on such a point would be irrelevant as that would be going beyond the scope of reference and any award given on any point not referred for adjudication will be of no effect as the Tribunal is not competent to pass such an award. I am supported in this respect by the decision of the Supreme Court reported in L. L. J. 1972 Vol. I P. 437. Hence I need not go into the question whether the scale of pay given to any of the Higher Trainees was just and proper, as that will be going into a question not referred for adjudication. Moreover, since 1964, there has been many changes because of promotions, revision of scales of pay and postings. Therefore, any attempt on the part of the Tribunal at this belated stage to remove irregularity because of the operation of the invalid Committee will violently upset the existing scales of pay as that will affect a large number of employees making confusion was confounded. In short, in the matter of pay scales there will be topsyturvy. Their Lordships of Calcutta High Court in Judgement Ext. L laid stress on this aspect of the matter also while rejecting the writ petition. I, therefore, conclude that the management did not violate any terms of contract under which the Higher Trainees were employed by offering different scales of pay, but the management definitely erred in overlooking the fact that what scale of pay should be given to which particular Higher Trainees was not decided by a legally constituted Committee according to the direction of the management and as such its recommendations were not valid recommendations.

From what I have stated above it is crystal clear that by offering different scales of pay to the Higher Trainees the management did not violate any terms of contract under which they were engaged. Hence notwithstanding the observation made by me incidentally about the recommendations of the Committee in respect of absorption of the Higher Trainees it ought to be held that the Higher Trainees are not entitled to any relief. Issue is thus disposed of.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, filed by Shri Baliram Mazhi, C/o. Naihati Electric Supply Co. Ltd., Girish Ghosal Road, P. O. Miscellaneous Case No. 34 of 1969 under section 33A of the Industrial Disputes Act, 1947.

Shri Baliram Mazhi, C/o. Naihati Electric Supply Co. Ltd., Girish Ghosal Road, P. O. Garifa, 24-Parganas—Complainant.

Vs.

Messrs. Naihati Electric Supply Co. Ltd., Girish Ghosal Road, P. O. Garifa, 24-Parganas—Opposite Party.

For the Complainant : Shri J. Pandey.

For the Opposite Party : Shri C. L. Ganguly, Advocate.

AWARD

By this application under section 33A of the Industrial Disputes Act, the applicant Shri Bali Ram Mazhi complains that Messrs. Naihati Electric Supply Co. Ltd., the Employer-Opposite Party contravened the provisions of section 33 of the Industrial Disputes Act when they altered the conditions of his service during pendency of the proceedings relating to industrial dispute between the said Company and their workmen referred to this Tribunal under G. O. No. 6101-I.R., dated 19th August 1968.

Briefly stated the case of the workman is that at the material time he was an employee of Messrs. Naihati Electric Supply Co. Ltd. As he was an active member of the Employees' Association, the Management bore grudge against him. Although Shri Mazhi was office Durwan of the Company's office at Naihati, he was occasionally asked to attend Halisahar, Cash Collection Centre. According to the workman, the practice was that the employee who was asked to work away from the Headquarters, was given tiffin allowance. Such tiffin allowance was not paid to the present applicant. Similarly, the Company declined to provide him with uniform which certain category of workmen were entitled to. The workman contends that the Management wanted to victimise him and, accordingly charge-sheeted him on 10th April 1968. After he had submitted his explanation, the Management held domestic enquiry in respect of the charges levelled against him. After such enquiry the Company deducted his wages for two days in December 1967 and 10 days in February 1968. Such action of the Company is pending adjudication in this Tribunal. According to the workman, the action of the Company was unfair labour practice and he had been victimised by the Company.

By letter, dated 31st October 1968, the Company dismissed him without seeking permission of the Tribunal in accordance with section 33 of the Industrial Disputes Act. In fact, the Company filed an application under section 33(2)(b) of the Industrial Disputes Act, but this application pending before the First Labour Court, West Bengal, was eventually withdrawn.. The applicant contends that the legal position is that he continues in employment despite order of dismissal issued by the Company.

The complainant claims further that in the absence of any application under section 33 of the Industrial Disputes Act, the fact of his dismissal attracts section 33A of the Industrial Disputes Act. Consequently, the complainant seeks "an award directing reinstatement of the applicant with retrospective effect with full pay and privilege for the period of his employment and/or declaring that the applicant has legally continued in employment and is entitled to full pay and privilege for the period of his employment and/or depany challenges the complaint under section 33A of the Industrial Disputes Act on the ground that (1) the Company did not contravene section 33 of the Industrial Disputes Act, i.e., did not alter service conditions of the complainant as alleged and (2) the complainant having been dismissed after proper domestic enquiry, an application under section 33A of the Industrial Disputes Act does not lie although the workman is entitled to "raise an industrial or individual dispute under section 10 of the Industrial Disputes Act and not otherwise".

The application is also challenged on merits. It is denied that the Management bore grudge against the workman and that there was an attempt to victimise him. It is pointed out that the workman had been charge-sheeted in respect of serious misconduct which had been investigated at a domestic enquiry. The Enquiry Officer had found him guilty of the charges. The Management had thereafter decided to act upon the findings of the Enquiry Officer. It is denied that the principles of natural justice had been violated by the Company.

On these averments the parties came to trial.

When the preliminary objections regarding maintainability of this application under section 33A of the Industrial Disputes Act taken by the Company in paragraph (1) of their written statement came up for consideration, Shri J. Pandey appearing for the complainant pointed out that Shri Mazhi had nothing to gain by proceeding with the present application. Indeed the present application must be deemed to be not maintainable in law. With reference to paragraph 35 of the written complaint it is pointed out that after issuing letter of dismissal to Shri Baliram Mazhi, the Management had filed an application under section 33(2)(b) of the Industrial Disputes Act seeking approval of the Tribunal in respect of action taken against Shri Mazhi. The admitted position is that this application under section 33(2)(b) of the Idustrial Disputes Act was withdrawn by the Company. The learned Judge, First Labour Court, West Bengal, permitted the Company to withdraw the petition under section 33(2)(b) of the Industrial Disputes Act but did not specifically approve the action taken by the Company. This will appear from the certified copy of the order Ext. 1. The learned Representative of the complainant argues that in the eye of law, Shri Baliram Mazhi continues in the service of the opposite party Messrs. Naihati Electric Supply Co. Ltd. Consequently the allegation that the Company had contravened section 33 of the Industrial Disputes Act by altering service conditions of Shri Mazhi during pendency of the industrial dispute between the Company and their workmen before this Tribunal, cannot be sustained. It must be held that the attempt to dismiss Shri Mazhi was of no effect and there was no contravention of section 33 of the Industrial Disputes Act.. The instant complaint under section 33A of the Industrial Disputes Act is, therefore, untenable. The complainant would also be satisfied if the finding of this Tribunal is that he is legally continuing in employment and that the complaint under section 33A of the Industrial Disputes Act is not maintainable in law.

Shri C. L. Ganguli, Advocate, appearing for the Company concedes that it is open to the workman to remain content with the legal effect of the order in case No. 68/69 of First Labour Court, West Bengal, and that the workman cannot be compelled to proceed with the instant application. He contends however, that the complainant must be put to proof of mala fides of the Company in holding the domestic enquiry and in taking action against the workman. Only after the Tribunal arrives at a finding as to bona fides of the action taken by the Company, can the complaint under section 33A of the Industrial Disputes Act be disposed of.

Now, section 33A is the special provision for adjudication as to whether conditions of service of any workman was changed during pendency before the Tribunal of any industrial dispute informing the applicant and the Company. Under this application under section 33A of the Industrial Disputes Act the dismissed workman seeks an order of reinstatement merely by proving contravention of section 33 of the Industrial Disputes Act by the employer. Evidently this prayer cannot be granted. In Ram Chandra Pal and Titaghur Paper Mills and others reported in 1965. II. L.L.J. 226, the Calcutta High Court held that in an enquiry under section 33A of the Industrial Disputes Act, 1947, an employee would not succeed in obtaining order of reinstatement merely by proving contravention of section 33 of the Act by the employer. After such contravention is proved it would still be open to the employer to justify the impugned dismissal on merits. The present application, therefore, suffers from a patent infirmity.

Evidently the foundation of a complaint under section 33A of the Industrial Disputes Act is unauthorised alteration of service condition of an employee during pendency of particular proceedings before the Tribunal. In the instant case it is common ground that Shri Baliram Mazhi had been dismissed during pendency of the industrial dispute referred under order No. 6101-I.R., dated 19th August 1968. It is also not disputed that the Company had filed an application under section 33(2)(b) of the Industrial Disputes Act seeking approval in respect of action taken against the workman. It appears from the order, sheet-Ext. 1 that the Company withdrew this application and the judge, First Labour Court, did not grant approval sought for by the Company. The legal position in a case like this where an application for Tribunal's approval is filed and withdrawn by the employer, was explained by the Calcutta High Court in Messrs. Kumar Engineering Works Private Ltd. Vs. Shri Dinabandhu Kolay and others reported in 74 C.W.N. 589. In this case their Lordships held that "the fact that the application was actually withdrawn would mean that the necessary approval was not granted, or, in other words, that the application was, in effect, dismissed".

The question now arises whether the dismissal of an application under section 33(2)(b) of the Industrial Disputes Act filed by the employer affects the order of dismissal of the workman concerned. On consideration of this question, the Calcutta High Court laid down that "in this particular case, the order of discharge or dismissal had to be approved by the Tribunal before it could take effect. In the absence of such approval, the order of dismissal is invalid and inoperative in law. (Tata Iron & Steel Co. Ltd., Vs. S. N. Modak, A. I. R. 1966 S. C. 380). It would follow, therefore, that as in this particular case necessary approval of the Trbunal concerned has not been taken or is not forthcoming, the order of dismissal on the present respondents is void and ineffective, or, in other words, they must be deemed to be continuing in the service of the present petitioners. (Vide Tata Iron & Steel Co. Ltd. vs. S. N. Modak, A. I. R. 1966 S. C. 380, vide also the Strawboard Manufacturing Co. Ltd., Vs. Givind, A. I. R. 1962 S. C. 1500)". It follows that in the eve of law action taken against an employee during pendency of such proceedings without obtaining, as in this case, approval of the Tirbunal in respect of such action is ineffective. In other words, there is no alteration of the conditions of service and no contravention of the provisions of section 33 of the Industrial Disputes Act. In the instant case, also the conclusion must be that the Company had not contravened section 33 of the Industrial Disputes Act by altering service conditions of the complainant

In view of the fact that there was no contravention of section 33 of the Industrial Disputes Act, section 33A of the Industrial Disputes Act is not attracted to the case. In 74 C. W. N. 589 at page 595 their Lordships made it clear "that there has been no contravention of the Statute to which section 33 of the Industrial Disputes Act and section 33A would not come into the picture". That being so, it must be held that the present complaint under section 33A of the Industrial Disputes Act is not maintainable.

Before parting with this case, I must, however, refer to the argument advanced by Shri C. L. Ganguly, Advocate, appearing for the Company, that the workmen must in any event adduce evidence to prove mala fides of the Company in taking action against him. In view of the fact that the present complaint under section 33A of the Industrial Disputes Act is not maintainable, there cannot be any question of adducing evidence on this point. In 1965 II, L. L. J. 238 also it was laid down that such question would arise only after contravention of section 33 of the Industrial Disputes Act was established. It has been proved that there is no contravention of section 33 in the eye of law. The Company cannot, therefore, insist on taking evidence on merits.

I must, therefore, hold that the complainant continues in the service of the Company and this complaint is not maintainable.

The application is disposed of accordingly.

AWARD

By order No. 1303-I.R./IR/10L-47/72, dated the 18th March 1972, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Dayal Commercial Private Ltd., 13 Ramdhone Ghosh Lane, Belur, Howrah, and their workmen represented by Dayal Commercial Co. Corporation Employees' Union, 34 Joybibi Road, Ghusury, Howrah, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issues :

Issues

1. Grade and Scale.
2. Dearness Allowance.
3. Festival Holidays.
4. Permanency.

After issue of Order of Reference No. 1305-I.R., dated 18th March 1972, parties were served with notice fixing 22nd April 1972 for appearance or, in default of such appearance, for disposal according to law. On the date fixed it was ordered that written statement should be filed by the Union by 13th May 1972. On that date none appeared. No written statement was also filed by the Union. For the ends of justice, it was then ordered that the record be put up on 16th June 1972 for disposal according to law. On that date also none appeared. No steps were taken by the parties. Accordingly the record is now put up for suitable orders.

It will appear from above that both parties failed to appear before this Tribunal on several occasions without sufficient cause being shown therefor. In the circumstances, the Tribunal may now submit a suitable report to the State Government and also submit an award on the footing that the industrial dispute under reference is no longer in existence. Accordingly a "no dispute" award is passed in this case.

Issue

Whether the termination of service of Shri Ramendra Nath Chanda by way of refusal of employment to him is justified ? To what relief, if any, is he entitled ?

On receipt of reference, notices were issued to the parties and both the employer and the workman received the notices on 4th January 1972 and on 1st January 1972 respectively. A petition purported to have been made by the employer with a prayer for hearing the case at Jalpaiguri was received by this Tribunal on 24th January 1972. On the same day (24th January 1972) this Tribunal received another petition purported to have been made by the workman stating that the dispute had been settled with the employer and that he (workman) wanted to withdraw the case. Both the aforesaid petitions were sent by post and none of them was moved by anybody before this Tribunal and as such no action was taken on any of the said petitions. None of the parties, however, appeared thereafter and the case was adjourned again and again and in this way the case drifted up to 27th May 1972. None of the parties, however, appeared on that day too. It appears in the circumstances that the dispute under reference is no longer in existence.

The reference is, therefore, disposed of on a "no dispute" award.

AWARD

The above industrial dispute over the issue given in the Order of Reference and reproduced below was referred to this Tribunal for adjudication by the Government of West Bengal in its Labour Department order No. 8328-I.R./IR/10L-28/68, dated the 23rd December 1970.

Issue

> Whether the termination of service of Shri Nandalal Jaiswara by way of refusal of employment to him is justified? To what relief, if any, is he entitled?

The aforesaid dispute was referred to this Tribunal and the connected Reference was received on 2nd January 1971. The Union filed its written statement [illegible] April 1971 and the Company filed its written statement as late as in February 1972. Hearing date was fixed on 25th April 1972. The case had to be adjourned to 6th June 1972 on account of the absence of the Company. On this date the case was taken up for hearing and on this date too, although the Union's Lawyer Shri Biswanath Ash was duly present as before, none however, appeared on behalf of the Company. The case was adjourned again on 12th June 1972 with a warning note left in the order-sheet to the effect that the case should be disposed of ex parte if the Company continued its absence. On 12th June 1972 the case was at last taken up for hearing ex parte because on this occasion too, none represented the Company and on that date P.W. 1 Shri Nanda Lal Jaiswara was examined on behalf of the Union. This, P.W. 1, Nandalal Jaiswara is the worker concerned whose name is included in the issue already adumbrated before.

Grievance of Nandalal is that although he had been working since 1963 as a Lorry Driver under the Company in respect of lorry No. WBI 348, he was all on a sudden told by the Proprietor's son Shri Ramlal Jaiswara that his services would no longer be required on and from 1st January 1970. According to Nandalal, this termination of his service is totally unjustified.

In their written statement the Company asserted inter alia that Nandalal committed theft of some spare parts and some important papers regarding the lorry and blue book and that as such his service had to be terminated.

The points for my consideration in this proceeding will be whether the aforesaid termination of service of Nandalal Jaiswara on and from 1st January 1970 is justified and if not, to what relief is he entitled?

In his evidence Nandalal has made it clear that the Company was in the habit of terminating the services of its servants on flimsy pretexts and in his case too, although there was no good ground for his termination, he was told by the Proprietor's son Shri Ramlal Jaiswara that his services would no longer be required on and from 1st January 1970. Nandalal has pledged his oath by stating in his evidence that no domestic enquiry whatsoever was held regarding his termination and that therefore he did not get any opportunity whatsoever to defend his case. I do not see any reason to disbelieve this ex parte evidence of Nandalal which stands unimpeachable and good on the record. According to the Company, Nandalal had stolen some of the properties of the Company. It was therefore, the bounden duty of the Company to hold a domestic enquiry over the matter. Company's own case as adumbrated in paragraph 12 of its written statement is that no enquiry whatsoever was held in Nandalal's case. That being the admitted position, the order of termination of service of Nandalal Jaiswara, with effect from 1st January 1970 which is also the common case of both sides, must be denounced as bad in law.

The question now is to what relief is Nandalal Jaiswara entitled? If a man's service is unlawfully terminated, the usual remedy he is entitled to, is reinstatement. Fortunately for the Company, Nandalal is good enough to concede that he does not want this relief. Nandalal's evidence which I accept as true is that he used to get Rs. 120 per month on account of his salary and also Rs. 60 per month on account of his tiffin allowance. This comes to Rs. 180 per month. Admittedly Nandalal's service was terminated with effect from 1st January 1970. Roughly therefore, Nandalal is entitled to get the sum of Rs. 5,400 on account of his salary and tiffin allowance for 30 months since 1st January 1970. It appears to me that Nandalal is perhaps engaged elsewhere as a lorry driver for, otherwise he would have certainly claimed reinstatement and in all probabilities of the matter, it must also be so that he had engaged himself somewhere as a lorry driver during the period in question. Considering the overall facts and circumstances of the case I think that a sum of Rs. 2,000 (Rupees Two thousand only) should be awarded in a lump to Nandalal Jaiswara on account of his salary and all dues. The Company is directed to pay a sum of Rs. 2,000 accordingly to Shri Nandalal Jaiswara in respect of all his dues. This amount, in my judgment, meets the ends of justice. The amount should be paid to Shri Nandalal Jaiswara within one month from the date of the publication of the award in the "Calcutta Gazette".

This is my award.

By order No. 393-I.R./IR/7L-23/70, dated the 31st January 1972, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Shree Mahadeo Jute Mills Co., Punam Chand Bagaria Road, Bally, Howrah (Head Office at 23A Netaji Subhas Road, Calcutta-1) and their workmen represented by Shree Mahadeo Jute Mills Co. Employees' Union, 144 G. T. Road, Badamtalla, Bally, Howrah, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issue.

Issue

Whether the dismissal of Shri Paresh Nath Tewari is justified ? To what relief, if any, is he entitled ?

After service of statutory notices, the parties entered appearance on 28th February 1972 and the Union was directed to file its written statement by 21st March 1972. However, it had not been possible for the Union to file written statement on the date fixed. On prayer of the Union time for filing written statement was extended thrice. Even so, they failed to file written statement. Meanwhile by a petition, dated 12th April 1972, the Company informed the Tribunal that the workman had accepted his dismissal in good grace and the industrial dispute had ceased to exist. Accordingly the Company prayed that the Tribunal would pass a "no dispute" award in the matter.

On the date fixed for hearing of the petition, both parties were absent. Parties also neglected to take steps. In the interest of justice, the case was fixed for hearing today. The parties again absented themselves without showing cause therefor. In the result, it is expedient that the Tribunal should submit a report and award on the footing that the industrial dispute under reference has ceased to exist.

Accordingly the reference is disposed of by a "no dispute" award.

AWARD

The Government of West Bengal, Labour Department, by order No. 3154-I.R./IR/11L-177/65, dated 14th July 1965, referred the industrial dispute between Messrs. Gluconate Ltd., 70A Princep Street, Calcutta-13 and their workmen represented by the Gluconate Ltd. Workers' Association, 35B Wellington Street, Calcutta-13, to the Sixth Industrial Tribunal for adjudication. Thereafter, in exercise of the power conferred by section 33B of the Industrial Disputes Act, the Governor was pleased to withdraw the proceedings of the said industrial dispute from the Sixth Industrial Tribunal and transfer the same for disposal to the Seventh Industrial Tribunal, by Government of West Bengal, Labour Department, order No. 11-I.R./IR/11L-370/69, dated the 3rd January 1972. The Schedule framed is "Dearness Allowance".

After the receipt of the Order of Reference, notices were issued asking the parties to appear on 23rd February 1972. The Company appeared on 23rd February 1972 and filed a petition stating that the dispute under reference has already been settled by a Memorandum of Settlement, dated 13th July 1966. The Company prayed for passing a no-dispute award in terms of the settlement. The Union did not appear on 23rd February 1972 inspite of service of notice. Thereafter, the Union appeared on 7th April 1972 and the General Secretary of the Union filed an application stating that the dispute has been settled between the parties long ago. The Union prayed for time for filing joint petition of compromise. The case was adjourned to 16th May 1972. The Union did not appear on that day and no joint petition was filed. The case was again adjourned to 13th June 1972. None appeared on behalf of the Union and no step was taken by the Union. Shri B. N. Banerjee, learned Advocate for the Company, appeared and submitted that the original reference was made before the Sixth Industrial Tribunal and when the case was pending before the Sixth Industrial Tribunal, the dispute was settled by an agreement, dated 13th July 1966. Thereafter, the reference has been transferred to this Tribunal. The learned Advocate for the Company submitted that the Union also in their application has stated that the dispute has been settled. As such a no-dispute award should be passed.

I have considered the submissions of the learned Advocate and the materials on record. The Company has filed the copy of the Memorandum of Settlement. The Union by the application, dated 7th April 1972, has also stated that the dispute was settled by and between the parties amicably long ago. In the circumstances, it appears that the dispute under reference had already been settled and it is thus no longer in existence. Accordingly, I pass a no-dispute award. The reference be disposed of.

AWARD

The above industrial dispute over the issue given in the Order of Reference and reproduced below, was referred by the Government of West Bengal in its Labour Department, order No. 881-I.R./IR/10L-19/72, dated the 19th February 1972, to this Tribunal for adjudication.

Issue

> Whether the management is justified in laying-off the workmen with effect from 14th August 1971? What relief, if any, are the workmen entitled to?

The above dispute was received by this Tribunal on 25th February 1972. Notices were thereafter issued upon both sides directing them to appear before this Tribunal. It would transpire from the case record that registered notices sent as aforesaid, were personally served upon both sides. None however, cared to appear. On 23rd May 1972, this Tribunal was good enough to issue a second registered notice directing each to appear before this Tribunal with a note of caution that in default of their appearance the case would be disposed of in accordance with the West Bengal Industrial Disputes Rules, 1958. This note of warning also failed to cause their appearance so much so that on 21st June 1972 when the case was taken up for disposal, both were found absent. It is no use keeping the case record pending ad infinitum. That would not evidently serve anybody's purpose. Rule 22 of the West Bengal Industrial Disputes Rules clearly lays down that in such a contingency as aforesaid, the duty of a Tribunal is to submit an award to the State Government "on the footing that the industrial dispute under Reference is no longer in existence."

In consonance with the rule adumbrated above, I do hereby hold and decide that the parties are determined not to appear before this Tribunal and the only reason behind this seems to me that the dispute in between the parties does no more exist and that it has been dissolved in all probabilities of the matter amongst themselves.

In the result, I decide that the dispute no longer exists. The case therefore, should be and is hereby disposed of by a "No-dispute" award.

AWARD

This is an application under section 33A of the Industrial Disputes Act seeking adjudication in respect of alleged alteration by the employer of conditions of service of the workman-complainant.

Briefly stated the case of complainant is that at the material time he was a permanent employee of the opposite party Messrs. Britannia Biscuit Co. Ltd., and had been working in the Day Shift. During pendency in this Tribunal of the industrial dispute between the said Company and their workmen, applicant was asked to work in the Night Shift. According to him this is a change in the conditions of service as contemplated in section 33 of the Industrial Disputes Act. Hence this complaint under section 33A of the Industrial Disputes Act.

The Company denied any such contravention of section 33 of the Industrial Disputes Act by alteration of conditions of service of the complainant.

Today the complainant has filed a petition seeking leave to withdraw his application under section 33A of the Industrial Disputes Act. As the application under section 33A of the Industrial Disputes Act is not pressed, there is no scope for adjudication as to whether conditions of service of the complainant was illegally altered, by the employer. By order No. 2188-I.R./IR/10L-82(A)/71, dated the 26th May 1971, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Jessop & Co. Ltd. and their workman Shri Basudev Banerjee to this Tribunal, under section 10 of the Industrial Disputes Act for adjudication of the issue mentioned below.

Issue

Whether the termination of service of Shri Basudev Banerjee by way of refusal of employment to him from 12th June 1967 is justified ? To what relief, if any, is he entitled ?

On receipt of the Order of Reference notices were served upon both saides and they duly appeared and filed their respective written statements. The case proceeded along its course. Thereafter the case was fixed for hearing, and the date of hearing was adjourned a number of times on the prayer of one party or the other. On 3rd April 1972 both sides were present but they took no steps. It was submitted by Shri Basudev Banerjee, the workman concerned, that since the Company had agreed to take him back in his job he had no dispute with the Company any longer and, accordingly, he is not interested to proceed with the case. The learned representative of the Company supports the submissions made by the workman Shri Banerjee. Still then I gave another date to provide for any change of mind in the meantime. On the next date fixed both the parties remained absent and took no steps. In view of the facts and circumstances stated above I am constrained to think that no dispute exists between the parties any more because of some sort of settlement having been arrived at between the parties out of the Tribunal.

Accordingly I pass a 'no dispute' award and dispose of the reference.

(5) As soon as the final electoral roll has been prepared under sub-rule (4), the Returning Officer shall notify the fact in the "Calcutta Gazette", and in such other manner as he may think fit and request all electors generally to participate in the election. (3) No elector may subscribe, whether as proposer or seconder, more nomination papers than the number of vacancy or vacancies to be filled at the election. If more nomination papers than the number of vacancy or vacancies to be filled at the election be subscribed by the same elector, then only the permissible number of such nomination papers first received by the Returning Officer shall, if otherwise in order, be held to be valid, but if the Returning Officer is unable to determine the order in which such nomination papers were received by him, all of such nomination papers shall be held to be invalid.

(4) The proposer and the seconder of a candidate shall be persons whose names are included in the final electoral roll; otherwise the nomination paper shall be invalid.

(5) The nomination paper may be sent by registered post or delivered otherwise, but a nomination paper received by the Returning Officer after the last date and hour notified therefor under sub-rule (5) of rule 4, shall be invalid.

(6) On receipt of each nomination paper, the Returning Officer shall forthwith endorse thereon the date and hour of its receipt.

(7) The Returning Officer shall examine each nomination paper and shall record thereon his decision accepting or rejecting the same; and, if a nomination paper is rejected, he shall state in brief his reason for such rejection.

He shall decide all objections to his decision under that sub-rule as well as any question which may be raised as to the validity of any nomination and his decision shall, subject to the provisions of sub-rules (1) and (2) of rule 11 be final.

(10) Any candidate may withdraw his candidature by notice in writing subscribed by him and delivered to the Returning Officer up to 3 o'clock in the afternoon on the first working day succeeding the date appointed for the scrutiny of nomination papers, or where an objection or question as to the validity of any nomination paper is decided under sub-rule (9), on the first working day succeeding the date of the decision. A candidate who has withdrawn his candidature shall not be allowed to cancel the withdrawal or to be re-nominated as a candidate for the same election. The candidature of any duly nominated candidate shall remain valid for all purposes of these rules unless withdrawn in accordance with this sub-rule.

Election and Voting

6. (1) If the number of duly nominated candidates after any withdrawal of candidature under sub-rule (10) of rule 5, does not exceed the number of members to be elected under clause (f) of sub-section (1) of section 5, the Returning Officer shall, without calling for a poll, declare such candidate or candidates to be elected; but if such number exceeds the number of Members to be elected, he shall take steps to call for a poll in the manner hereinafter laid down.

(2) When in pursuance of sub-rule (1), polling is required to be taken, the Returning Officer shall—

(a) cause to be prepared serially numbered voting papers in Form IV,

(b) publish in the "Calcutta Gazette" and in such manner as he may think fit, the names of candidates arranged in alphabetical order of their surnames, and

(c) proceed to issue by registered post to each elector whose name is included in the final electoral roll one voting paper in Form IV with one identification envelope in Form V, at his address as mentioned in the final electoral roll:

Provided that a person whose name is borne on the final electoral roll and whose ballot paper together with other connected papers has not already been despatched by the registered post, or having been despatched has been returned by the post office undelivered, or whose ballot paper or any other connected papers has been lost by post office or has been inadvertently spoilt in such manner that it cannot conveniently be used as such, may appear personally before the Returning Officer or by his duly authorised agent with a statement to that effect to take the ballot paper and identification envelope or a duplicate copy of the ballot paper or other connected papers, as the case may be, and the Returning Officer may, on being satisfied as to the facts of such statement and to his identity and on taking a receipt from him or his duly authorised agent hand over to him or to such agent his ballot paper and identification envelope or a duplicate copy of the ballot paper or other connected papers, as the case may be:

Provided further that in case of receipt of both the duplicate copy of the voting paper and the voting paper for which such a duplicate was issued, the Returning Officer shall reject both the voting paper and its duplicate copy.

(3) No election shall be invalidated by reason of the non-receipt by any elector of a voting paper.

(4) When the poll is taken under sub-rule (1), an elector whose name is borne on the final electoral roll, may vote for the maximum number of candidates to be elected at the election. A voting paper in which votes are given for more candidates than what is permissible under this sub-rule, shall be rejected.

(5) An elector, whose name is borne on the final electoral roll and who is desirous of recording votes, shall mark the voting paper issued to him, with a single cross (×) in the proper column against the name or names of the candidate or candidates, not exceeding the number of members to be elected, for whom he intends to vote and no elector shall record more than one vote or put more than one cross (×) against the name of any one candidate. A voting paper on which a vote or votes is or are marked otherwise than by a cross (×) as laid down in this sub-rule, or on which more than one such cross mark or other kind of mark is put against the name of any one candidate shall be rejected.

(6) A vote recorded otherwise than on the voting paper sent to the electors, shall be rejected, and every voting paper in respect of which any requirement of these rules has not been complied with or on which a mark is placed in such a manner as to make it doubtful to which candidate the vote is given or on which elector has placed any mark whereby he may be afterwards identified or on which an alteration or erasure occurs indicating a change of vote or which is not received by the Returning Officer on or before the latest day and time notified under clause (d) of sub-rule (5) of rule 4 for the receiving of voting papers, shall be invalid.

(7) After recording his vote or votes on the voting paper the elector shall enclose it in the relative identification envelope, close the envelope, sign the declaration printed on the envelope, furnishing correctly all particulars required therein. The identification envelope shall then be either delivered personally by the elector or sent signly by post to the Returning Officer.

(8) Only one voting paper shall be enclosed in the identification envelope, and if two or more voting papers are enclosed in one identification envelope, the identification envelope, and the voting papers enclosed therein, shall be rejected.

(9) No voting paper shall be accepted unless it is enclosed in the identification envelope supplied with it, and any defect or incompleteness in furnishing the particulars required on the identification envelope, or its receipt after the last day and time notified under clause (d) of sub-rule (5) of rule 4 for its receipt with the proper voting paper, shall invalidate both the envelope and the voting paper enclosed.

(10) On receiving the identification envelopes the Returning Officer shall examine the envelopes and where he rejects any of them for non-fulfilment of the requirements of sub-rules (7) and (9), he shall make the endorsement "rejected" on the envelope noting thereon the reason of rejection briefly, and make a separate bundle of the rejected envelopes and deal with them under sub-rules (3) to (5) of rule 7.

(3) The Returning Officer shall show all identification envelopes, whether accepted or rejected, to the candidates or their representatives for examination of the propriety of their acceptance or rejection, and any objection taken to his decision of acceptance or rejection of any identification envelope shall be decided at once by the Returning Officer, and his decision in this behalf shall be final.

(4) The rejected identification envelopes shall be placed in a separate bundle. The bundle then shall be sealed and kept in safe custody under rule 9.

(5) The accepted identification envelopes shall be opened in the presence of the candidates or their representatives appearing under sub-rule (2) and the voting papers separated from the covers which will be kept aside from view.

(6) As the voting papers are separated from the envelopes, the Returning Officer shall proceed to examine the voting papers in convenient batches to see whether the votes have been recorded in accordance with sub-rules (5) to (9) of rule 6. He shall reject any voting paper which is found to be defective in any respect, make the endorsement "rejected" thereon and indicate thereon the ground of rejection very brefly. The remaining voting papers shall be deemed as accepted.

(7) If any objection is taken to his decision of acceptance or rejection of any voting paper, such objection shall be decided by the Returning Officer at once and his decision in this behalf shall be final.

(8) The Returning Officer shall separate or cause to be separated the accepted papers from those that have been rejected and keep them in a separate bundle.

(3) The Returning Officer shall immediately report the results of the election to the President, and the President shall forward the report to the State Government.

NOTIFICATION

No. 2111-L. — 25th July, 1972. — The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

Bill No. 28 of 1972

THE CODE OF CRIMINAL PROCEDURE (WEST BENGAL AMENDMENT) BILL, 1972.

A

BILL

to amend the Code of Criminal Procedure, 1898, in its application to West Bengal.

WHEREAS it is expedient to amend the Code of Criminal Procedure, 1898, in its application to West Bengal, for the purpose and in the manner hereinafter appearing; 5 of 1898.

It is hereby enacted in the Twenty-third Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. **1.** This Act may be called the Code of Criminal Procedure (West Bengal Amendment) Act, 1972.

Application of the Act. **2.** The Code of Criminal Procedure, 1898 (hereinafter referred to as the said Act), shall, in its application to West Bengal, be amended for the purpose and in the manner hereinafter provided.

The Code of Criminal Procedure (West Bengal Amendment)
Bill, 1972.

(Clause 3.)

Amendment of section 251A of Act 5 of 1898.

3. In section 251A of the said Act, in sub-section (*6*), after the word "witnesses", the following words shall be added, namely:—

> "and shall summon the witnesses, documents or things specified in any application made on behalf of the prosecution before the said date, for summoning the same, unless, for reasons to be recorded, the court deems it unnecessary to summon all or any of them".

STATEMENT OF OBJECTS AND REASONS.

In criminal cases under section 251A of the Code of Criminal Procedure, 1898, instituted on police reports, it is the responsibility of the prosecution i.e. the police, to produce witnesses before the court on the dates of hearing. Sometimes the witnesses do not appear before the court or the police fails to produce them on the dates of hearing. As a result, the accused persons are acquitted by the trying magistrates in the absence of the required evidence. With a view to meeting this legal difficulty, it is proposed to so amend section 251A of the Code of Criminal Procedure, 1898, as would empower a trying magistrate to summon, at his discretion, witnesses, documents or things, on an application made on behalf of the prosecution before the date of trial.

The Bill seeks to enact the proposed amendment.

THE PROVINCIAL SMALL CAUSE COURTS (WEST BENGAL AMENDMENT) BILL, 1972.

A

BILL

to amend the Provincial Small Cause Courts Act, 1887, in its application to West Bengal.

WHEREAS it is expedient to amend the Provincial Small Cause Courts Act, 1887, in its application to West Bengal, for the purpose and in the manner hereinafter appearing; 9 of 1887.

It is hereby enacted in the Twenty-third Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title and commencement.

1. (*1*) This Act may be called the Provincial Small Cause Courts (West Bengal Amendment) Act, 1972.

(*2*) It shall come into force on such date as the State Government may, by notification in the *Official Gazette*, appoint.

The Provincial Small Cause Courts (West Bengal Amendment) Bill, 1972.

(Clauses 2—4.)

Application of the Act.

2. The Provincial Small Cause Courts Act, 1887 (hereinafter referred to as the said Act), shall, in its application to West Bengal, be amended in the manner hereinafter provided.

Amendment of section 15 of Act 9 of 1887.

3. In section 15 of the said Act,—

(*1*) in sub-section (*2*), for the words "five hundred rupees", the words "two thousand and five hundred rupees" shall be substituted;

(*2*) in sub-section (*3*), for the words "one thousand rupees", the words "five thousand rupees" shall be substituted.

Savings.

4. Nothing in this Act shall apply to or affect any appeal from any decree or order passed before the commencement of this Act.

STATEMENT OF OBJECTS AND REASONS.

Under the provisions of the Provincial Small Cause Courts Act, 1887, the Sealdah Small Cause Court and other Small Cause Courts established under that Act, can normally take cognizance of suits valued upto Rs. 500 only. Under section 15(3) of the Act, the State Government can empower any of such courts to try suits valued upto Rs. 1,000 only. At present, only the Small Cause Court at Sealdah is authorised to try suits valued up to Rs. 1,000 only.

Owing to the prevailing high prices of all commodities, the existing ordinary and special pecuniary jurisdictions, as aforesaid, of the Small Cause Courts have proved to be inadequate. With a view to meeting the situation it is proposed to raise the ordinary pecuniary jurisdiction of the Small Cause Courts constituted under the aforesaid Act, from Rs. 500 to Rs. 2,500. It is further proposed to vest the State Government with powers to authorise any of such Small Cause Courts as mentioned above, to try suits valued up to Rs. 5,000 so that Government can empower the Sealdah Small Cause Court or any other Small Cause Court established under the Provincial Small Cause Courts Act, 1887, to try suits valued upto Rs. 5,000, if necessary.

The amending Bill seeks to enact the proposed enhancement of pecuniary jurisdictions.

STATEMENT OF OBJECTS AND REASONS.

The West Bengal Markets Regulation Act, 1968 was enacted during the first spell of the President's Rule in 1968 and was later put on the statute book as the West Bengal Markets Regulation Act, 1970 (West Bengal Act VII of 1970).

This Act of 1970 sought to regulate the activities of the owners and other operators in the existing markets of agricultural produce by fixing fair rents of market-stalls realised by the owners and the lessees of the markets and prohibiting realisation of unauthorised levies on the purchase and sale of agricultural produce. This Act also imposed upon the market-owners the responsibility to provide for sanitary and other arrangements which had hitherto been inadequate.

While the Act of 1970 was an improvement on conditions previously prevailing in the unregulated markets, the various provisions of the Act have been found to be deficient for purposes of new development:

Firstly: The Act, as it is, has merely sought to regulate the activities of the users of markets recognised as such. Its provisions are liable to be by-passed and are in fact being by-passed by the operators of wholesale trading carried on in "mandis" and "ganjas" outside the market precincts. Unless the "market yard", the "market proper", and the "market area" are adequately defined and brought within the ambit of regulation, a large part of the buying and selling of agricultural produce may evade the operation of the Act.

Secondly: The Act is oriented towards controlling the owners of markets. The primary duty of running the markets is imposed upon the owners of the market; the "market committees" or the State Government may not intervene except in the event of formal failure on the part of the owners. If the present owners abide by the fair rents, undertake to check specified malpractices, provide for certain sanitary arrangements, and maintain the markets as they are, such markets have to be left in their charge. The owners do not have any obligation to develop the markets and will have no incentive—nor will they have resources enough—for investment for new development.

The needs of new development in the modern context are so large and so expensive that only institutional finances can cope with them. Such institutional finances may not be available without State guarantee; and if the State is to come forward for the development of these markets, such markets cannot, for obvious reasons, be left in the hands of private owners. Moreover, institutional credit may have to be redeemed within a stipulated time, and any scheme for the repayment of "development loans" would require the raising of a suitable "redemption fund" by levying "market fees" for the purpose. The existing Act does not provide for that.

The present Bill seeks to replace the West Bengal Markets Regulation Act, 1970 (West Bengal Act VII of 1970) by removing the deficiencies of the latter in these respects with a view to providing for the needs of new development.

Calcutta,
The 21st July, 1972.

Member-in-charge.

FINANCIAL MEMORANDUM.

The proposed Bill provides for the constitution of a State Marketing Board which will be responsible at the apex level for securing smooth enforcement of the Act, supervision over the activities of the Market Committees, necessary co-ordination among the Market Committees, liaison between the Market Committees on the one hand and the Government and other public institutions on the other, and, finally, for execution of schemes for the development of these markets. The State Marketing Board will be headed by a Chief Executive Officer and will function in collaboration with the Agricultural Marketing Organisation of the Directorate of Agriculture. Additional costs are estimated at Rs. 1 lakh approximately per year

ELECTION PETITION CASE
No. 5 of 1971
IN THE HIGH COURT AT CALCUTTA
ELECTION PETITION JURISDICTION

Present:

The Hon'ble Mr. Justice

SANKAR PRASAD MITRA

November 10, 1971

Rathindra Kumar Ghosh ... Petitioner

versus

T. P. Bhattacharjee and ors. ... Respondents.

The Court: In this petition the election of the respondent No. 2 from the North East Calcutta Parliamentary constituency has been challenged. The election was held on the 10th March 1971. The election petitioner is one of the electors in the said constituency. There were three candidates in the election, namely, Hiren Mukherjee, the respondent No. 2, Piyus Kanti Dasgupta, the respondent No. 4 and Balai Chandra Paul, the respondent No. 3. The respondent No. 1 T. P. Bhattacharjee was the Returning Officer. From the final result sheet prepared under the signature of the Returning Officer it appears that the votes received by each of the candidates were as follows:

	Votes.
Hiren Mukherjee (the respondent No. 2). ...	1,13,230
Piyus Kanti Das Gupta (the respondent No. 4). ...	1,10,939
Balai Chandra Paul (the respondent No. 3). ...	56,590

It appears further that 11,812 ballot papers were rejected and 32 votes cast on postal ballot papers were also rejected.

The election petitioner prays, inter alia, for a declaration that the respondent No. 4 has been duly elected, on a recount of the votes. There are no allegations of corrupt practices in the petition. The petitioner's only grievance is that the counting of votes was not properly done. Various allegations have been made in support of the petitioner's prayer for a recount. Before I come to these allegations, it would be necessary to discuss a few judgments, particularly of the Supreme Court, which have discussed the nature of averments necessary to entitle an election petitioner to ask either for an inspection of the ballot papers or for a recount. Learned counsel for the respondent No. 2 herein has taken a point of demurrer. His contention is that on the averments made in the petition no order for a recount can be made at all. In several election petitions at present pending in this Court and also in previous years, orders for recounts were made, by consent of parties. But in this petition counsel for the respondent No. 2 was unwilling to make any concessions. He stated that the views expressed by Their Lordships of the Supreme Court from time to time were so explicit and unequivocal that the election petitioner in this case was bound to fail in his attempt to secure an order for recount.

Let us, therefore, go straight to the Supreme Court's decisions on this subject on which counsel, for the respondent No. 2 has strongly relied. In *Ram Sewak Yadav* v. *Hussain Kamil Kidwai*, AIR 1964 S.C. 1249, the election petitioner made the following allegations:

1. that there had been improper reception, rejection and refusal of votes at the time of counting, and in consequence thereof the election was materially affected;
2. that there were discrepancies between the total number of votes mentioned in Form 16 and Form 20;
3. that the tendered votes were wrongly rejected by the Returning Officer and on that account the election was materially affected;
4. that at the polling station No. 29 at Majgawan in Bhitauli Unit and Kursi Polling Station in Kursi Assembly Unit, the polling officers did not give ballot papers to the voters;
5. that counting of votes of Bhituali Assembly Unit continued till 8-30 p.m. in insufficient light notwithstanding the protest lodged by the petitioner; and
6. that on a true count he (the election petitioner) would have received a majority of valid votes and that he was entitled to be declared duly elected."

At the trial before the Tribunal the parties did not lead any oral evidence. With regard to the pleas 3, 4 and 5 the burden of proof lay upon the petitioner; but he led no evidence to substantiate them. The tribunal was of the view that the election petitioner could have discharged the burden of proof to establish that there were discrepancies between the original and the certified copies of Forms Nos. 16 and 20 but he did not call for the original forms and his second ground must also fail. Kidwai, the election petitioner, claimed that he would succeed in establishing his case on pleas Nos. 1 and 6 from the ballot papers and submitted that an order for inspection of the ballot papers be made and that he be permitted to show from the ballot papers that the Returning Officer had improperly received, refused or rejected the votes, and that on a true count he would get the largest number of valid votes. The Tribunal rejected the application for inspection. The High Court, however, was of opinion, inter alia, that the Tribunal rejected the application for inspection without adequate reasons. The matter then went to the Supreme Court. The Supreme Court's views, relevant for our purposes in the present application, have been expressed in paragraphs 5, 6 and 7 of the judgment of Shah, J. at pages 1251 and 1252. The relevant observations are as follows:

"5. The Tribunal rightly rejected this plea the pleas of inspection), for by the mere production of the sealed boxes pursuant to its order the ballot papers did not become part of the record and they were not liable to be inspected unless the Tribunal was satisfied that such inspection was in the circumstances of the case necessary in the interests of justice.

6. An election petition must contain a concise statement of the material facts on which the petitioner relies in support of his case. If such material facts are set out the Tribunal has undoubtedly the powers to direct discovery and inspection of documents with which a civil court is invested under the Code of Civil Procedure when trying a suit. But the power which the Civil Court may exercise in the trial of suits is confined to the narrow limits of Order 11, Code of Civil Procedure. Inspection of documents under Order 11, Code of Civil Procedure, may be ordered under rule 15 of documents which are referred to in the pleadings or particulars as disclosed in the affidavit of documents of the other party, and under rule 18(2) of other documents in the possession or power of the other party. The Returning Officer is not a party to an election petition and an order for production of the ballot papers cannot be made under Order 11, Code of Civil Procedure. But the Election Tribunal is not on that account without authority in respect of the ballot papers. In a proper case where the interests of justice demands it, the Tribunal may call upon the Returning Officer to produce the ballot papers and may permit inspection by the parties before it of the ballot papers that power is clearly implicit in sections 108(1)d(iii), 101, 102 and rule 93 of the Conduct of Election Rules, 1961. This power to order inspection of the ballot papers which is apart from Order 11, Code of Civil Proccedure, may be exercised, subject to the statutory restrictions about the secrecy of the ballot paper prescribed by sections 94 and 128(1).

7. An order for inspection may not be granted as a matter of courses having regard to the insistence upon the secrecy of the ballot papers, the court would be justified in granting order for inspection provided two conditions are fulfilled:

(i) that the petition for setting aside an election contains an adequate statement of the material facts on which the petitioner relies in support of his case; and

(ii) the Tribunal is prima facie satisfied that in order to decide the dispute and to do complete justice between the parties inspection of the ballot papers is necessary.

But an order for inspection of ballot papers cannot be granted to support vague pleas made in the petition not supported by material facts or fish out evidence to support such pleas. The case of the petitioner must be set out with precision supported by averments of material facts. To establish a case so pleaded an order for inspection may undoubtedly, if the interests of justice require, be granted. But a mere allegation that the petitioner suspects or believes that there has been an improper reception, refusal or rejection of votes will not be sufficient to support an order for inspection."

The Supreme Court has held that the allegation of Kidwai, the election petitioner, that he was satisfied that on inspection and scrutiny of ballot papers he would be able to demonstrate that there had been wrong counting on account of improper reception, refusal or rejection of votes was wholly insufficient to justify a claim for inspection and has reversed the decision of the High Court.

Mr. Chatterjee, learned Counsel for the respondent No. 4, has urged that in this case the election petitioner had asked for inspection of ballot papers prior to trial on evidence. And the Supreme Court has taken the view that inspection cannot be allowed for fishing out evidence. It is true that the petitioner had not adduced evidence in support of the plea that here was improper reception, refusal and rejection of votes. But on the pleadings that are necessary to support an order of inspection, the general principles have been laid down in this judgment. The petitioner must set out his case with precision supported by averments of material facts. Vague allegations of improper reception, refusal or rejection of votes would not entitle the petitioner to an inspection of the ballot papers having regard to the secrecy of the ballot provided for in the law. As to the power of a Court or Tribunal to direct a trial on evidence though the pleadings are inadequate, there are other judgments which we shall consider a little later.

The next case of the Supreme Court on which reliance was placed by Counsel for the respondent No. 2 was the case of *Jagjit Singh* v. *Giani Kartar Singh*, reported in AIR 1966 S.C. at page 773. In this case one of the prayers in the election petition was for inspection of the ballot boxes and a recount of votes. The Tribunal allowed inspection of the ballot boxes and as a result of recount declared the appellant to have been elected. The Tribunal found that the result of the election, so far as it concerned the returned candidate, had been materially affected by the improper reception of votes in his favour which were void and by the improper rejection of valid votes polled in favour of the appellant. One of the principal questions before the Supreme Court was whether the Tribunal was justified in allowing inspection of the ballot boxes in this proceeding. In paragraph 31 at page 783 of the judgment the Supreme Court has answered this question. The observations are as follows:

"The true legal position in this matter is no longer in doubt. Section 92 of the Act which defines the powers of the Tribunal in terms confers on it by clause (a), the powers which are vested in a Court under the Code of Civil Procedure when trying a suit, inter alia, in respect of discovery and inspection. Therefore, in a proper case, the Tribunal can order the inspection of the ballot boxes and may proceed to examine the objections raised by the parties in relation to the improper acceptance or rejection of the voting papers. But in exercising this power the Tribunal has to bear in mind certain important considerations. Section 83(1)(a) of the Act requires that an election petition shall contain a concise statement of the material facts on which the petitioner relies; and in every case, where a prayer is made by the petitioner for the inspection of the ballot boxes, the Tribunal must enquire whether the application made by the petitioner in that behalf contains a concise statement of the material facts on which he relies. Vague or general allegations that valid votes were improperly rejected, or invalid votes were improperly accepted, would not serve the purpose which section 83(1)(a) has in mind. An application made for inspection of ballot boxes must give material facts which would enable the Tribunal to consider whether, in the interests of justice, the ballot boxes should be inspected or not. In dealing with this question, the importance of the secrecy of the ballot papers cannot be ignored. And it is always to be borne in mind that the statutory rules framed under the Act are intended to provide adequate safeguard for the examination of the validity or invalidity of votes or for their proper counting. It may be that in some cases the ends of justice would make it necessary for the Tribunal to allow a party to inspect the ballot boxes and consider his objections about the improper acceptance or improper rejection of votes tendered by voters at any given election; but in considering the requirements of justice, care must be taken to see that election petitioners do not get a chance to make roving or fishing enquiry in the ballot boxes so as to justify their claim that the returned candidate's election is void. We do not propose to lay down any hard and fast rule in this matter; indeed, to attempt to lay down such a rule would be inexpedient and unreasonable."

In the next paragraph the Supreme Court has considered the various rules relating to counting and says: "We have referred broadly to the scheme of these rules to emphasise the point that the election petitioner who is a defeated candidate has ample opportunity to examine the voting papers before they are counted, and in case the objections raised by him or his election agent have been improperly overruled, he knows precisely the nature of the objections raised by him and the voting papers to which those objections related It is in the light of this background that section 83(1) of the Act has to be applied to the petitions made for inspection of ballot boxes. Such an application must contain a concise statement of the material facts." The Supreme Court has upheld the High Court's view that the Tribunal was in error in allowing inspection of the ballot boxes.

In this case, therefore, there is an indication that in terms of section 83(1) an election petition asking for a recount should contain material facts as to the voting papers to which objections were raised but were improperly overruled. The petition should give particulars as to the (a) nature of the objections and (b) the ballot papers to which those objections related.

Counsel for the respondent No. 2 then relied on the Supreme Court's recent judgment in *Jitendra Bahadur Singh* v. *Krishna Behari*, reported in AIR 1970 S.C. at page 276. In the election petition here the following allegations were made:

"1. Only one counting agent was permitted at each table whereas three persons were doing the counting work simultaneously and it was impossible for one man to look into and detect the wrong acts of three persons at the same time.

Under this head it was further mentioned that the counting staff was from amongst the Government servants who had gone on two months strike before the election and during the elections they had adopted a hostile attitude towards the Congress candidates and had made efforts to bring about their defeat;

2. The bundle of votes of either candidates were neither properly made nor properly scrutinised;
3. About 5,000 votes of the Congress candidate were improperly rejected ignoring the protests of Mr. Malhotra, the election agent of the Congress nominee;

4. Invalid votes were counted in favour of the returned candidate. The votes of the Congress candidate were counted for the returned candidate."

The Allahabad High Court made in this case an order permitting inspection of the packets of the ballot papers containing the accepted as well as rejected votes of the candidates. The Supreme Court has set aside this order. In paragraph 7 of the judgment the Supreme Court refers to its earlier decisions reported in AIR 1964 S.C., 1249 and AIR 1966 S.C. 773 (already considered by me) and proceeds to state:

"These and other decisions of this Court and of the High Courts have laid down certain basic requirements to be satisfied before an election Tribunal can permit the inspection of ballot papers. They are—

(1) that the petition for setting aside the election must contain an adequate statement of the material facts on which the petitioner relies in support of his case and (2) the Tribunal must be prima facie satisfied that in order to decide the dispute and to do complete justice between the parties, inspection of the ballot papers is necessary."

In paragraph 8 of this judgment the Supreme Court points out some of the defects in the pleadings I have set out above. The Supreme Court says: "The trial Court was of the opinion that if an election petitioner in his election petition gives some figures as to the rejection of valid votes and acceptance of invalid votes, the same must (not?) be considered as an adequate statement of material facts. In the instant case apart from giving certain figures, whether true or imaginary, the petitioner has not disclosed in the petition the basis on which he arrived at those figures. His bold assertions that he got those figures from the counting agents of the Congress nominee cannot afford the necessary basis. He did not say in the petition who those workers were and what is the basis of their information. It is not his case that they maintained any notes or that he examined their notes, if there were any. The material facts required to be stated are those facts which can be considered as materials supporting the allegations made. In other words, they must be such facts as to afford a basis for the allegations made in the petition. The facts stated in paragraphs 13 and 14 of the election petition and in schedule E are mere allegations and are not material facts supporting those allegations. This Court in insisting that the election petitioner should state in the petition the material facts was referring to a point of substance and not of mere form......... The material facts disclosed by the petitioner must afford an adequate basis for the allegations made." In paragraph 9 the Supreme Court considers the effect of section 47 of the Representation of People Act, 1951 and states: "The petitioner did not state in the election petition that any of the counting agents appointed by the Congress candidate or his election agent in accordance with the rules had been refused admission to the place of counting. Hence the allegation that the Returning Officer did not permit enough number of counting agents to be appointed is not supported by any statement of facts necessary to be stated. In other words, the material facts relating to the allegations made have not been stated."

In paragraph 10 it is observed: "Now coming to the rejection of the votes polled in favour of the Congress nominee, under the rules before a vote is rejected, the agents of the candidates must be permitted to examine the concerned ballot paper. Therefore it was quite easy for them to note down the serial number of the concerned ballot papers. The election petition is silent as to the inspection of ballot papers or whether the counting agents had noted down the serial numbers of those ballot papers or whether those agents raised any objection relating to the validity of those ballot papers; if so who those agents are and what are the serial numbers of the ballot papers to which each one of them advanced their objections. These again are material facts required to be stated."

Mr. Chatterjee, learned Counsel for the election petitioner, submits that this judgment of the Supreme Court was delivered in an appeal from an interlocutory order permitting inspection of ballot papers. No oral evidence was taken on the averments in the election petition. The Supreme Court had sent the matter back to the trial Judge for trial in accordance with law. Moreover, in this case no application was made to the Returning Officer for recounting. Mr. Chatterjee has urged that in the instant case he wants to adduce evidence justifying the necessity for an order for a recount and the election petitioner should not be deprived of the opportunity of adducing the relevant evidence.

At this stage I only intend to observe that evidence can be adduced only in support of facts alleged in the petition. And if the petition does not contain the material facts, the Court cannot allow a party to call withnesses to supply the deficiencies in pleading.

What these 'material' facts are in relation to an order for a recount has been repeatedly pointed out by the Supreme Court in the decisions cited above. It is true that in the last cited case the Supreme Court has directed the trial Judge to proceed with the trial in accordance with law. But it seems to me that this direction was given, with reference to the other allegations in the petition apart from allegations to support an order for recounting. From the judgment it appears that the election of the appellant was challenged on various grounds but the Supreme Court made it clear that its present judgment was confined only to the allegations relating to the irregularity in the scrutinising and counting of votes. In this connection I may once again advert to the Supreme Court's views expressed in *Jagjit Singh's* case reported in AIR 1966 S.C. 773. In this case the Tribunal allowed a recounting and came to the conclusion that the result of the election, so far as the returned candidate was concerned, had been materially affected by improper reception and rejection of votes; but the Supreme Court in unmistakable language deprecates the practice of allowing inspection of ballot papers without material averments. In paragraph 35 at pages 784 and 785 of the judgment the Supreme Court has said: "......The order passed by the Tribunal clearly shows that the Tribunal did not apply its mind to the question as to whether sufficient particulars had been mentioned by the appellant in his application for inspection. All that the Tribunal has observed is that a prima facie case has been made out for examining the ballot papers; it has also referred to the fact that the appellant has in his own statement supported the contention and that the evidence laid by him prima facie justifies his prayer for inspection of ballot papers. In dealing with this question the Tribunal should have first enquired whether the application made by the appellant satisfied the requirements of section 83(1) of the Act; and, in our opinion, on the allegations made, there can be only one answer and that is against the appellant. We have carefully considered the allegations made by the appellant in his election petition as well as those made by him in his application for inspection, and we are satisfied that the said allegations are very vague and general, and the whole object of the appellant in asking for inspection was to make a fishing enquiry with a view to find out some material to support his case that the respondent No. 1 has received some invalid votes and that the appellant had been denied some valid votes. Unless an application for inspection of ballot papers makes out a proper case for such inspection, it would not be right for the Tribunal to open the ballot boxes and allow a party to inspect the ballot papers, and examine the validity or invalidity of the ballot papers contained in it. If such a course is adopted, it would inevitably lead to the opening of ballot boxes almost in every case, and that would plainly be inconsistent with the scheme of the statutory rules and with the object of keeping the ballot papers secret. That is why we are satisfied that the High Court was right in coming to the conclusion that the appellant had failed to make out a case for the inspection of the ballot boxes in this case."

In view of these observations of the Supreme Court, I cannot allow the election petition to be tried on evidence, as desired by Counsel for the petitioner, unless I am satisfied that the material facts necessary for an order for recounting have been alleged in the instant case in the petition itself. By bringing withnesses into the witness box the petitioner cannot be permitted to improve upon his allegations in the petition. Reference may also be made in this connection to the case of *Jamuna Prosad* v. *Shri Ramnivas*, A.I.R. (1959) Madhya Pradesh 226. It has been observed in paragraphs 12 and 13 of the judgment at page 229 that in the absence of particulars of corrupt practices an election petition cannot be allowed to go to trial. On a parity of reasoning if "material facts" for recounting are not stated in the petition a trial on evidence cannot be ordered. Oral evidence cannot be adduced to fill up "material facts" which ought to have been alleged in the petition itself.

I may now refer to a few other decisions on which Counsel for the petitioner had relied. My attention was drawn to the Supreme Court's decision in *Jagan Nath* v. *Jaswant Singh and ors.*, reported in 9 E.L.R. 231. The Supreme Court has held in this case that the provisions contained in section 82 of the Representation of People Act, 1951, that all duly nominated candidates shall be joined as parties to an election petition is only a directory provision. Failure to implead a candidate who has withdrawn his candidature is therefore not a fatal defect, and an election petition cannot be dismissed *in limine* for failure to implead such a candidate. The Supreme Court is of opinion that the Tribunal should proceed in such a case in the manner provided in the Civil Procedure Code, which has been made applicable to the trial of election petitions, and it can permit candidates who have not been impleaded to be made parties to the petition.

Mr. Chatterjee has submitted to me on the basis of the above decision that, like section 82, section 83 is also a merely directory provision and an election petition cannot be dismissed altogether for non-compliance with any of the provisions of section 83.

I have to observe that in the above judgment the Supreme Court reserved its final opinion on matters specifically covered, inter alia, by section 83. And so far as order for recount is concerned, I am unable to accept Mr. Chatterjee's view that non-compliance with section 83(1)(a) is not fatal to an election petition in view of the Supreme Court's repeated pronouncements on this subject I have already referred to.

Reliance was then placed on the Supreme Court's decisions in *Bhikaji Keshao Joshi* v. *Brijlalal Nandlal Bivani*, 10 E.L.R. 357 and *Harish Chandra* v. *Triloki Singh*, 12 E.L.R. 461. In the first case the Supreme Court has pointed out that if full particulars of some of the corrupt practices alleged are not given, the Tribunal should call for better particulars and can strike out charges only upon non-compliance with the order for better particulars. In the second case at pages 470 to 471 it has been stated that if the grounds on which an election is sought to be set aside are something other than the commission of corrupt or illegal practices, e.g., when it is stated that the nomination had been wrongly accepted or that the returned candidate was not entitled to stand for election, then section 83(2) has no application and the requirements of section 83(1) are satisfied when facts relating to those objections are stated. The Supreme Court points out that the facts to be stated under section 83(1) are thus different from the particulars which have to be given under section 83(2). When, therefore, an election is challenged on the ground that the candidate has committed the corrupt practices mentioned in section 123, instances constituting particulars thereof will properly fall within section 83(2) and not section 83(1).

These two cases are not relevant for the points under consideration in the prasent case. It is obvious that there are differences between "material facts" in section 83(1) and "full particulars of any corrupt practice" in section 83(2). The Madras High Court in *S. Kandaswami* v. *S. B. Adityan*, 19 E.L.R. 260, has considered the distinction between "material facts" in section 83(1)(b) and "full particulars of any corrupt practice" in section 83(1)(b). The Madras High Court says: "The section makes a distinction between material facts and particulars. Material facts are those which will go to make out the petitioner's case forming the change against the respondent. If the material facts constitute a corrupt practice, certain amount of detail would be necessary to ensure clearness. The object of insisting on such details or particulars is to prevent surprise at the trial as otherwise the respondent would not know for certain what is the real point in dispute. The function of the particulars is therefore to point out or indicate the nature of the defence expected of the respondent. It cannot, however, mean a disclosure of the evidence which the petitioner has to let in."

The Madras High Court in this case has also referred to the decision in *Bruce* v. *Odhams Press Ltd.*, (1936) I.K.B. 697 at page 712. Scott, L.J., has construed the relevant rules of the Supreme Court and has stated that the word "material" means necessary for the purpose of formulating a complete cause of action; and if any one "material" fact is omitted, the statement of claim is bad; it is "demurrable" in the old phraseology, and in the new is liable to be "struck out"; or "a further and better statement of claim" may be ordered. Scott, L.J., then goes on to say that the function of "particulars" is quite different. Their function is to fill in the picture of the plaintiff's cause of action with information sufficiently detailed to put the defendant on his guard as to the case he has to meet and to enable him to prepare for trial.

In this case we are concered with the material facts that must be stated for a complete cause of action for an order for recount and not with particulars of corrupt practice. The Supreme Court's decisions on these "particulars" are not, therefore, apposite for our purposes.

Bearing in mind the Supreme Court's observations in the cases cited above on 'material facts' required in a petition praying for inspection of ballot papers or a recount of votes, let us try to analyse the averments made in the petition in the instant case to see if, in the interest of justice, any order for recount should be made. The relevant allegations are in paragraph 8 of the petition. This paragraph has been verified by the petitioner as "based on information received from Shri Chandra Sekhar Bose, the election agent of the respondent No. 4 and his counting agents' affidavits from five of whom are annexed to this petition and believed by me to be true". No affidavit of Chandra Sekhar Bose was filed along with the election petition on the 24th April 1971. The period of limitation prescribed by section 81 of the Representation of the People Act, 1951 expired on the 27th April 1971 and Chandra Sekhar Bose has affirmed a belated affidavit on the 13th July 1971 which was filed on the 14th July 1971. In this affidavit (paragraph 1) he says that he attended a bipartite meeting with the management of the Life Insurance Corporation of India which was held in Bombay from the 19th to the 24th April 1971. He says further that he left Calcutta on the 16th Apri and came back to Calcutta on the 26th April 1971. There is no explanation as to why he could not affirm his affidavit between the 27th April 197 and the 12th July 1971. Nor is there any explanation as to why he did not affirm his affidavi before leaving Calcutta on the 16th April 1971 since he was the only person who was in a position to speak generally about improper reception or rejection of votes at the different tables in the counting hall. The five counting agents whose affidavits have been filed with the election petition have, no doubt, stated that the allegations in paragraph 8 of the election petition are true to their knowledge; but no importance can be attached to this verification inasmuch as a counting agent can only speak of incidents that had occurred at his table and not at other tables. He can, however, speak of some general matters and I shall make my observations on such matters later on.

So far as Chandra Sekhar Bose is concerned, I am unable to take any notice of the new facts that he has introduced into his affidavit. The Supreme Court in its recent judgment on "amendments" in the case of *A. K. Gupta & Sons Ltd.* v. *Damodar Valley Corporation*, AIR 1967 S.C. 96, in paragraph 9 at page 98 has categorically stated that no amendment will be allowed to introduce a new set of ideas to the prejudice of any right acquired by any party by lapse of time.

With these preliminary objervations I proceed to examine the allegations in paragraph 8 of the petition. It is stated in paragraph 8(i): "There were a number of transistors inside the counting hall when the counting of the votes was going on and they were brought by the counting agents of respondents 2 and 3. The noise of the transistors seriously intereferred with the counting work and the Returning Officer did not take any steps in spite of requests made on behalf of the respondent No. 4."

Chandra Sekhar Bose in paragraph 3 of his affidavit has made similar allegations; but he proceeds to add what the Supreme Court describes "as a new set of ideas". He says: "It (the operation of transistors 'blaring out news and music') was seriously interfering with counting work and the counting assistants were counting negligently and without applying their minds. I saw the counting assistants inserting ballot papers of the respondent No. 4 into the bundles of respondents Nos. 2 and 3. I protested to the Returning Officer as well as to the Assistant Returning Officer. I also asked them to cause the transistors to be removed. But they did not heed these protests."

It is rather difficult to believe that the Returning Officer who was the Collector of Stamp Revenue in Calcutta and his Assistant Returning Officer did not take any steps against the playing of transistors in the counting hall even though their attention was drawn to the disturbance that these transistors were creating. The Returning Officer in paragraph 6(1) of his written statement has specifically denied these allegations. Secondly, in the election petition itself the most vital averments have not been made. There is no statement that the use of transistors in the counting hall by the counting agents of the respondents Nos. 2 and 3 led to miscounting of votes. Chandra Sekhar Bose has attempted to fill in the lacuna by stating an new fact, namely, that he saw the counting assistants inserting ballot papers of the respondent No. 4 into the bundles of the respondents Nos. 2 and 3. This fact does not appear in the petition; but even if I take it into consideration the most material fact Chandra Sekhar has omitted to state, namely, the actual number of ballot papers that were negligently inserted into the bundles of the respondents Nos. 2 and 3. There are also no particulars of the counting tables at which the alleged insertions had taken place. Then, again, it is interesting to note that Chandra Sekhar Bose applied to the Returning Officer for a recount on the 13th March 1971. In this application nothing whatsoever is stated about the disturbance caused by the transistors which the counting agents of the other candidates had inducted into the counting hall or the effect thereof. It is true that a election petitioner need not be confined to the grounds urrged before the Returning Officer, vide *Veluswami Therar* v. *Raja Nainar*, 17 E.L.R. 181 at page 189. But if unrestricted use of transistors went on within the counting hall despite protests, it would be but reasonable to expect some kind of allegation to this effect in the application for a recount made to the Returning Officer. The absence of such allegation, in my view, wealens the election petitioner's case to a great extent. The cumulative effect of all these infirmities in the instant case is that I cannot allow a recount on this ground. Mr. Chatterjee, Counsel for the petitioner, drew my attention to paragraph 11(1)(d) of the petition. It contains the petitioner's "submission" only that an anarchic situation prevailed in the hall of counting as alleged, inter alia, in paragraph 8(i). I do not think this "submission" especially relived on by Mr. Chatterjee strengthnes the petitioner's case.

In paragraph 8(ii) the allegation is: "On the 11th March 1971 simultaneous counting was going on in respect of South Beliaghat, Vidyasagar and Sealdah. On that date the counting in respect of the Cossipore constituency......was going on and announcement was being off and on made to the effect that the Congress candidate in that consitituency was maintaining and/or increasing his lead over ......the C.P.I.(M) candidate. Whenever such an announcement was being made, the counting assistants who belonged to the group or groups hostile to C.P.I.(M) crowded round the transistors leaving the counting tables, causing near anarchy to prevail in the counting hall at these moments. The final news of the defeat of......(CPI-M candidate) came at about 9 p.m. on the 11th March 1971 and the counting assistants then burst into applause and joyous shouts and complete anarchy prevailed for about half an hour at that time and the majority of the counting assistants left the counting tables. Even the assistants of the presiding officer at the table whore the counting for Vidyasagar constituency was going on left the counting table. Throughout 11th March 1971 the atmosphere in the counting hall was not congenial for counting."

It is to be observed that in this sub-paragraph there is no specific allegation of miscounting. The petitioner merely complains that there was an uncongenial atmosphere in the counting hall. Chandra Sekhar Bose, however, in paragraphs 5 and 6 of his affidavit has added a few facts. He says that before his 'very eyes' the counting assistants 'deliberately' inserted the respondent No. 4's ballot papers in bunches into the bundles of the respondents Nos. 2 and 3. He adds further that protests were made by him as well his counting agents to the counting assistants, the assistant Returning Officer and the Returning Officer; but these protests went unheeded. He alleges that the entire counting was being done in a fradulent manner and the counting assistants, the Assistant Returaing Officer and the Returning Officer were all obviously hostile to the C.P.I.(M) candidate. Apart from these being new facts, the most remarkable feature is that Chandra Sekhar Bose has omitted to state even approximately how many ballot papers of the respondent No. 4 were 'deliberately' inserted into the bundles of the respondent Nos. 2 and 3. He could have also given particulars of the counting tables at which these incidents had occurred: But he has not chosen to do so. There are also no names of the counting agents who made protests or of the counting assistants to whom the protests were made. And, strangely enough, there is no mention of any of these facts in his application for recounting to the Returning Officer. On wild allegations of this nature, therefore, the Supreme Court's decisions prevent me from making an order for recount. I would add that the Returning Officer has denied the allegations in paragraph 8(ii) of the petition in paragraph 6(ii) of his written statement. I shall make further observations on the Vidyasagar Constituency later in this judgment.

In paragraph 8(iii) of the petition it is alleged: "There was an acrimonious wordy duel between the Presiding Officer at Vidyasagar and his assistants on 11th March 1971. The exchanges that went on between them, were carried on in such a loud voice that there was serious disturbance to counting and the other counting assistants become visibly unmindful. As stated above. the atmosphere in the counting hall was seriously uncongenial to counting."

These are again vague allegations completely lacking in particulars that go to constitute "material facts" for an order/for a recount apart from further comments on the Vidyasagar constituency which I shall subsequently make.

In paragraph 8(iv) of the petition the statements are: "Both on 11th March 1971 and 13th March 1971 counting assistants were paid their remuneration while the counting was going on. At the time of, and during payment of, the remuneration hulla went on and the counting assistants become unmindful to their work, left their tables and were throughly negligent in the business of counting. On 13th March 1971 there was a further hulla, and shouts and counter-shouts were raised for a considerable period of time over the quantium of remuneration. Whereas on 11th March 1971 the counting assistants were paid at the rate of Rs. 3 per day, on 13th March 1971 they demanded more on the ground that the work of counting was streneous and also prolonged. The demand was raised to a high pitch and the officers came and went in vain attempt to persuade the counting assistants to resume working. Ultimately the employees became pacified only when they were promised at the rate of Rs. 9 per day..... This wrangling of the employees and demand of the employees for a higher rate of remuneration went on from 7 p.m. to 9 p.m."

The election petitioner has stated all these facts to create the impression that counting did not take place in the proper atmosphere. But in the remaining statements he has made in this sub-paragraph he fails to state 'material facts' on the basis whereof the Court can come to his aid. These remaining statements are: "This incident again shows that counting was carried on in an uncongenial and acrimonious atmosphere of quarrel, debate, struggle for higher wages and also political enthusiasm which was expressed in joyful shouts at the news of the defeat of CPI(M) candidates. All this affected counting and the petitioner has every reason to believe that counting was, in this atmosphere, perfunctory. Attention of the counting assistants was also, again and again diverted by the blaring of transistors and also by exciting news broadcast through these transistors."

The Supreme Court has said repeatedly that the secrecy of the ballot cannot be disturbed by indeterminate allegations of this nature. The petitioner's 'belief' is immaterial. What is material is what the petitioner sees or knows and the details thereof.

Chandra Sekhar Bose in paragraph 7 of his affidavit reiterates more or less these vague allegations; but he adds a few new facts which, if stated in the petition with full particulars and supporting affidavits, might have persuaded me to think whether some kind of order for recount should be made. He says: "I found at many tables the counting agents of respondent No. 2 sorting and arranging the ballot papers. Myself and some of my counting assistants, namely, Shri Saibal Ghose and Shri Rajendra Nath Ghose complained to the Assistant Returning Officer and the Returning Officer, but, as usual, the complaints were unattended." These are new facts not stated in the petition. Secondly, there are no particulars of the tables at which he saw the respondent No. 2's counting agents sorting out or arranging the ballot papers. Thirdly, there is no affidavit by Saibal Ghose; but there is an affidavit by Rajendra Nath Ghose filed along with the petition and he does not say that he made any such complaint either to the Assistant Returning Officer or the Returning Officer. Last but not the least, these allegations do not find any place in Candra Sekhar's application to the Returning Officer for a recount. On all these grounds I am unable to agree with Mr. Chatterjee that there can be any order for recount on the footing of what is stated in paragraph 8(iv) of the election petition.

I now proceed to paragraph 8(v). It is alleged: "Each counting table was very narrow and the counting assistants sat with upright wooden pigeonholes. The table was so narrow that only two counting agents could sit by each side of the counting assistants and on many occasions the counting agents of the respondent No. 4 could not secure any chair by the side of the counting assistants. The chair opposite to the counting assistants was useless for observing and watching the counting because the wooden upright pigeonhole completely obstructed the sight of the agents. Particularly, when the counting for Burtolla constituency was done on 13th March 1971, from the beginning to the end, from about 8-30 a.m. on 13th March to 1 a.m. on 14th March 1971, no counting agent of the respondent No. 4 could sit on either side of the counting assistants (who) belonged to group or groups hostile to C.P.I.(M), irregularities were committed in counting and ballot papers in favour of the respondent No. 4 had been bound and mixed with ballot papers in favour of the respondent No. 2 and the respondent No. 3 and the result of the counting was thereby grossly affected. It was not possible for counting agents to abserve the counting from behind the counting assistants, just because there was no room for standing."

These are worthless allegations and no Court can take any notice of them. In the election petition the petitioner has repeatedly said that he had made various complaints to the Returning Officer or the Assistant Returning Officer; but, it is interesting that, in the case of allegations in this sub-paragraph he does not say that the attention of the said officers or any of them was drawn to the inconveniences of the counting agents of the respondent No. 4 complained of herein. Nor have these facts been referred to in Chandra Sekhar Bose's application for recounting. Moreover, the sub-paragraph suffers from a palpable contradiction. If the counting agents of the respondent No. 4 were unable to observe the counting, how could they see that the ballot papers of the respondent No. 4 were mixed up with the ballot papers of the respondents No. 2 or 3?? In any event, no particulars of these ballot papers at all have been stated in this sub-paragraph. On these allegations, therefore, there can be no order in favour of the petitioner.

We now come to paragraph 8(vi). It is stated: "Doubtful and/or rejected votes were disposed of by the Returning Officer in the absence of the election agent of the respondent No. 4 and of the respondent No. 4 and/or any of his counting agent."

This sub-paragraph contradicts sub-paragraph (xvi). In this sub-paragraph the allegation is: "A large number of votes amounting to 11,812 were rejected and those included a large number cast in favour of the respondent No. 4 which were improperly rejected without any valid reason. If those had not been rejected, the respondent No. 4 would have received substantially more than 2,447 votes by which he was defeated by respondent No. 2. Similarly votes which should have been rejected have been counted in favour of respondent No. 2."

There cannot be an order for a recount on the basis of paragraph 8(vi) as it contradicts paragraph 8(xvi). If doubtful or rejected votes were disposed of in the absence of the respondent No. 4 and his election agent and his counting agents, the election petitioner's statements in paragraph 8(xvi) were wholly unwarranted. There cannot also be an order for a recount on the basis of sub-paragraph (xvi) inasmuch as these are but vague allegations without any details of the ballot papers of the respondent No. 4 actually rejected or those in favour of the respondent No. 2 improperly accepted.

Let us now go to paragraph 8(vii). Here it is stated; "That the members of the counting staff were intensely hostile to the candidates of Communist Party (Marxist). In course of counting, a large number of valid votes cast in favour of the respondent No. 4 were not counted as valid votes and similarly a large number of invalid votes which should not have been counted in favour of respondents 2 and 3 were counted as valid votes in favour of the said respondents."

The petitioner has been complaining over and over again of the hostility of the counting assistants. No such complaint was made in the application for recount to the Returning Officer. Assuming that such hostility existed, the Court cannot direct a recount of votes unless it is satisfied that as a result of the hostility the counting was not properly done. And it is for the election petitioner to state the 'material facts' which lead to that conclusion. In the instant case such materiel facts have not been pleaded. A counting assistant may be against a particular political party; but the Court must be convinced that in the discharge of his duties as counting assistant he had acted in a manner prejudicial to that party's interests. Far from giving the 'material facts' the election petitioner has only made vague allegations in the rest of this sub-paragraph and has given no particulars of the valid votes which were not counted and the invalid votes which were counted.

In paragraph 8(viii) the averment is: "That, while bundles of 50 ballot papers each were being made in favour of the different candidates, ballot papers cast in favour of the respondent No. 4 were put inside the bundles made for the respondents Nos. 2 and 3 and, as the ballot papers were folded, the counting agents of the respondent No. 4 were not able to check from the outside that the bundles made for the respondents 2 and 3 concealed the ballot papers cast in favour of the respondent No. 4."

There could not have been better instances of wild and vague allegations which the Supreme Court has time and again discouraged and I am unbale to act on them.

In paragraph 8(ix) it is alleged: "That such concealment of ballot papers cast in favour of the respondent No. 4 in the bundles made for the respondents 2 and 3 occurred on a large scale in Burtolla constituency and Vidyasangar constituency. As stated in the foregoing paragraph 8(v) the counting agents of the respondent No. 4 were not in a position to watch the counting because they did not get any seat by the side of the counting assistants. When counting was going on in Vidyasagar constituency on 11th March 1971, the counting agents of the respondent No. 4 left the counting hall at about 8 in the evening in protest against the fraudulent operations of the counting assistants who were committiing the illegalities mentioned above. They left when the Returning Officer did not head their protest."

These are but reckless allegations. The petitioner himself is saying that the respondent No. 4's counting agents were unable to watch the counting for the Burtola constituency. So far as Vidyasagar is concerned in the petition it is stated that the respondent No. 4's counting agents left at 8 p.m.; but in the application for recount to the Returning Officer Chandra Sekhar Bose has said that when the votes of the Vidyasagar constituency were counted; the counting agents of the respondent No. 4 'could not be present' inside the counting hall and Chandra Sekhar has "reasons to believe that error in counting has occurred". It is obvious that the petitioner is not entitled to an inspection of the ballot papers on such vague and self-destructive allegations.

In paragraaph 8(x) it is averred: "The procedure adopted at the counting was to bind all the ballot papers in a constituency after getting them out of the ballot boxes in bundles of 25 and then to mix them up in a drum and thereafter to distribute these bundles to different counting tables.

These bundles were then opened and the counting assistants placed the ballots in the pigeonholes marked for the respective candidates according as they have been cast in favour of one candidate or the other. There were two other pigeonholes for rejected ballot papers and doubtful ballot papers. The counting assistants who were mostly hostile to the Communist Party (Marxist) and therefore to the respondent No. 4 quietly slipped the ballot papers marked in favour of the respondent No. 4 into the pigeonholes marked for respondent Nos. 2 and 4. Thereafter separate bundles of 50 each were made of the ballot papers respectively for the respondent No. 4, respondent No. 2 and respondent No. 3 according to the pigeonholes wherefrom they were picked and in those bundles the ballot papers were so folded that from the outside none could see to whom the ballot papers were marked. The petitioner states that many bundles purporting to contain votes of respondent No. 2 comprised of ballot papers marked to the respondent No. 4. Such things particularly happened in Burtalla and Vidhyasagar constituencies, because, as stated above, the counting agents of the respondent No. 4 could not watch the counting at Burtalla constituency and they left in protest when Vidhyasagar constituency was being counted. Part II of form 16 is filled in on the basis of the result of the counting of the bundles of accepted ballot papers. Form No. 20, the final result sheet, is prepared on the basis of Form No. 16 and Form No. 21, the result of election is prepared on the basis of the entries in Form No. 20. As Form No. 16 was not, and could not, be correctly filled in because the entries therein are filled in the basis of bundles, the bundles being in this way incorrectly grouped, the result of the election has been wrongly declared."

These are instances of another set of wild allegations. There are no figures, no details of specific instances, no names of persons who have watched the misdeeds of the counting assistants and no reference to any notes kept by them contemporaneously. Moreover, it is not even alleged in this sub-paragraph that any protests were lodged on behalf of the respondent No. 4. Then, again, there are special references to the Burtolla and Vidyasagar constituencies. With regard to Burtolla, the election petitioner's case is that the respondent No. 4's counting agents could not watch the counting owing to defective arrangements: vide paragraph 8(v). So far as Vidyasagar is concerned, I have already pointed out that the case appears to be that no one was present on behalf of the respendent No. 4. In these circumstances, no order for inspection of ballot papers can be made on these allegations.

In paragraph 8(xi) it is pleaded: "That many bundles of ballot papers cast in favour of the respondent No. 4, though purporting to be of 50 each, actually contained more than 50 such papers whereas on the other hand similar bundles of the respondent Nos 2 and 3 contained in many cases less than 50 ballot papers."

These are but bold assertions of which I can take no notice.

In paragraph 8(xii) it is stated: "That the respondent No. 1, the Returning Officer was not able to exercise supervision over the acceptance of ballot papers by the counting assistants and he would scrutinise only those ballot papers which were taken to him by the counting assistants or which were placed as doubtful ballot papers before him. In fact, neither the Returning Officer nor any Assistant Returning Officer was present when the counting went on and the Returning Officer only came to the hall at the time of announcement of the result. He was keeping within his chamber in the building. The counting assistants who were politically hostile to the Communist Party (Marxist) candidate accepted even invalid ballot papers in favour of the respondents 2 and 3 and counted them as valid votes.

The Returning Officer has denied the allegations against him and his assistants in paragraph 6(xii) of his written statement. His case appears to be, broadly speaking, that each counting hall was under the charge of two Assistant Returning Officers who were present all through. The Returning Officer also was moving from hall to hall. At each counting table there were two counting assistants and one counting supervisor. The work of the supervisor was to maintain general supervision over the counting assistants. In my opinion, the Returning Officer could not have made better arrangements than this having regard to the circumstances involved. It is not possible for a Returning Officer and his assistants to watch constantly the performances of the counting assistants and their supervisors. The relevant rules do not also envisage such supervision. The real grievance of the petitioner seems to be that counting assistants hostile to the Communist (Marxist) Party candidate accepted invalid ballot papers in favour of the respondents 2 and 3 and counted them as valid votes; but he has given no particulars whatsoever of these invalid ballot papers. And in the absence of such particulars the Supreme Court has discouraged the practice of allowing inspection of ballot papers the secrecy whereof, according to their Lordships of the Supreme Court, has to be preserved as far as possible.

In paragraph 8(xiii) the averment is: "That when the counting was in process, the respondent No. 4's election agent, his counting agents and the respondent No. 4 himself gave objections to the process and the various irregularities and illegalities that were being committed during the counting but the Returning Officer paid no heed to these objections. When written objections were submitted to him, he refused to give receipts for those objections. An application for recount was also given to him but that was also rejected by him. The Returning Officer also insisted that in the application for recount allegations of faulty process or counting and allegations against the counting assistants should not be included and that if such allegations were included: he would not accept such application. Accordingly, the election agent of the respondent No. 4 was compelled to exclude from that application the allegations made in foregoing sub-paragraphs of this paragraph 8 as otherwise the Returning Officer would not accept the application for recounting."

In the context of the vague and reckless allegations which the election petitioner has made in the foregoing sub-paragraphs of paragraph 8, it is difficult to place any reliance on the charges against the Returning Officer in sub-paragraph (xiv). The Returning Officer has denied all these allegations in paragraph 6(xiii) of his written statement. If there was any truth in these allegations, the election petitioner, one can naturally expect, would have disclosed or annexed copies of the written objections which were filed on behalf of the respondent No. 4. The names of the counting agents who made objections should have also been disclosed and the precise nature of each of their objections should have been pleaded. I shall also make my comments on the application for recount to the Returning Officer a little latter part from what I have stated here.

I proceed now to paragraph 8(xiv). Here, it is stated: "That Forms 16 and 20 were incorrectly filled in and the number of votes respectively secured by the respondent No. 4 has been wrongly stated."

The allegations are too indefinite to be taken into consideration. There are no particulars of the errors that were committed.

In paragraph 8(xv) the pleading is: "Two ballot boxes of the Burtolla constituency were found tampered with. Their seals were broken and signed papers torn. The presiding officer of Burtolla constituency at first ordered that the votes contained in the aforesaid tampered boxes would not be counted but later he revoked this order and the votes were counted. While the first order was proper, the order revoking the previous order was unreasonable and passed without any reason and without hearing the respondent No. 4 or his election agent or his counting agent. Moreover, when the order was revoked and the tampered ballot boxes were counted the Returning Officer was not in sight and the respondent No. 4 has reason to believe that no reference was made to him."

The Returning Officer in paragraph 6(vi) of the written statement has denied these allegations. Quite legitimately, he has stated further: "It is significant that no such allegation was ever brought to the notice of the Returning Officer by anybody at the time of or after the counting."

To my mind, no seriousness can be attached to the allegations in paragraph 8(xv). It is not the petitioner's case that any one complained to the Returning Officer on behalf of the respondent No. 4 that ballot papers in two tempered ballot boxes were being counted. The complaint was not made even in the application for recounting to the Returning Officer. Moreover, no particulars of these ballot boxes have been given in the petition. Each ballot box, it is common knowledge, contains the votes of persons residing in specified areas. It was not at all difficult for the petitioner to tell the Court which these areas were. The petitioner could have also given particulars of the polling stations and the room numbers thereof in which these ballot boxes were placed. In any event, it is not the petitioner's case that the result of the election has been materially affected by the irregular counting complained of. I am not, therefore, inclined to make an order for a recount on these allegations.

These are all the sub-paragraphs of paragraph 8 of the petition. Broadly speaking, therefore, the petition does not contain the 'material facts' on which a prayer for recount can be allowed. Even when an attempt has been made to relate some 'material facts', such attempts are half-hearted and are often self-destructive. In a case like this, in view of the Supreme Court's interpretation of section 83(1)(a) of the Representation of the People Act, 1951, no order in favour of the petitioner can be made.

Before I conclude, however, I wish to make a few other observations. I have said that an election petitioner is not bound by the allegations made in an application for recounting; but it is legitimate to look into such application to see what precisely the grievances were when the Returning Officer was asked to made a recount. In the instant case the grounds urged are as follows:

(1) When the votes of the Vidyasagar constituency were being counted the respondent No. 4's counting agents "could not be present". The election agent, therefore, has "reasons to believe that error in counting has occurred".

(2) A large number of votes in favour of respondent No. 4 have been improperly rejected.

(3) A good number of invalid votes in favour of Prof. Hiren Mukherjee have been accepted.

(4) The new system of counting has caused some confusion and there is every chance for a good number of ballot papers either having been missed during counting or being doubly counted.

The election agent has requested the Returning Officer to direct a recount of votes "in respect of all the constituencies and particularly of Vidyasagar".

It is, indeed, surprising that there are no references in this application to (i) disturbances created by transistors; (ii) joyous of triumphant shouts on the victory of a Congress candidate; (iii) unseemly wordly duels between officers and counting assistants over remuneration; (iv) invisibility of counting due to upright pigeonholes; (v) shortage of sitting accommodation to permit proper checking; (vi) inherent hostility of the counting staff to the CPI(M) candidate; (vii) tampering of ballot boxes of the Burtolla constituency; and (viii) protests against irregularities, written or oral.

These ommissions are significant and no credence can be attached to the petitioner's explanation that the Returning Officer was unwilling to accept the application unless all these charges were omitted. I do not believe that a candidate contesting for Parliament or his election agent can be cowed into submissiveness by a persistently hostile Returning Officer particularly after he has declared the result of the election. It is not also the petitioner's case that the respondent No. 4's election agent did not have or was not given reasonable or sufficient time to draft the application for recount.

I have already made a few remarks on the verification of paragraphs 8 and 11 of the petition. The supporting affidavits of the five counting agents are more or less identical. These counting agent do not give their admit card numbers nor do they give any particulars of the counting tables which they attended. They have said that all the statements made in paragraph 8 of the petition are true to their knowledge. And it is difficult to appreciate how one counting agent can speak of happenings at counting tables which he never attended. They also do not say that they conveyed any information to Rathindra Kumar Ghose, the election petitioner. The point I wish to make is that the verification both of the petition and of the supporting affidavits is so infirm that the petitioner ought not to succeed.

I have stated that Chandra Sekhar Bose, the election agent of the respondent No. 4, has filed an affidavit after the expiry of the period of limitation. He has introduced, I have already said, many new facts into this affidavit which do not find any place in the petition. For instance, in paragraph 3 he says that he protested to the Assistant Returning Officer against the use of transistors; in paragraph 5 he speaks of counting agents of respondent Nos. 2 and 3 bringing into the counting hall news of the lead of the Congress candidate over a CPI(M) candidate in an Assembly constituency contradicting thereby the statements made in paragraph 8(ii) of the petition; he speaks further in this paragraph of deliberate insertion of the respondent No. 4's ballot papers into the bundles of ballot papers of the respondent Nos. 2 and 3 in spite of protests; and of the Returning Officer and the Assistant Returning Officer being hostile to the CPI(M) candidate which are all improvements on the petition. These embelishments give me the impression that Chandra Sekhar Bose has made a desperate attempt to put life into a dead petition or to inject vitality into it. But his affidavit also suffers from vagueness. For instance, in paragraph 3 he complaints that he saw the counting assistants inserting ballot papers of the respondent No. 4 into those of the respondent Nos. 2 and 3; but he does not say how many ballot papers were inserted or at which table these insertions were done.

In paragraphs 4 and 5 he repeats the same statements without any particulars. In paragraph 6 he complains of uncongenial atmosphere in the counting hall for the counting agents of the respondent No. 4. Apart from the vagueness of this allegation, he did not choose to give even an indication of it in his own application to the Returning Officer. In paragraph 7, as I have already pointed out, he gives the names of two persons, namely, Saibal Ghose and Rajendra Nath Ghose who are stated to have made complaints to the Assistant Returning Officer and the Returning Officer that at many tables the counting agents of the respondent No. 2 were sorting out and arranging the ballot papers. Saibal Ghose has not affirmed any affidavit at all. Rajendra Nath Ghosh has affirmed an affidavit on the 24th April 1971; but he does not state this fact. Moreover, there is no averment as to how many counting agents of the respondent No. 2 had been handling the ballot papers and at how many tables such incidents were taking place. In other words, there are no figures at all. In paragraph 8 he makes the complaint that the counting assistants, while counting the ballot papers of the Burtolla constituency, were fraudulently transferring ballot papers of the respondent No. 4 to the bundles of the respondents Nos. 2 and 3. No particulars of the fraud alleged have been pleaded. There is no mention of table numbers or of the number of ballot papers fraudulently transferred. In paragraph 9 he contradicts his own application to the Returning Officer for recount. In that application he said that when the votes of the Vidyasagar constituency were counted, the respondent No. 4's counting agents "could not be present". In paragraph 9 of his affidavit he says that the counting started at 9 a.m. and the counting agents left at 8 p.m. when they found that their protests were useless. In paragraph 10 he brings the charge against the Returning Officer that he substantially accepted the rejections of ballot papers by the counting assistants. The intention is to convey to the Court that the Returning Officer did not apply his own mind in rejecting ballot papers. This statement contradicts paragraph 8(vi) of the petition in which the election petitioner categorically states that when the Returning Officer disposed of doubtful and/or rejected votes neither the respondent No. 4 nor his election agent nor any of his counting agents was present. In paragraph 11 for the first time it is stated on behalf of the election petitioner that in the two ballot boxes of the Burtolla constituency which have found to be tampered with there were about 900 ballot papers. But there are no particulars as to how many ballot papers were accepted as valid in favour of each of the candidates contesting the elections and how may were rejected. And, as I have already stated earlier, the result of the election, it appears, was not materially affected by such counting. In paragraph 11 Chandra Sekhar also states that more than 3,000 ballot papers of the respondent No. 4 were illegally rejected. When the election petitioner's case is that those rejections were made in the absence of the respondent No. 4 or any one else on his behalf this allegation is of no substance. And it is, indeed, surprising that Chandra Sekhar verifies this statement to be true to his knowledge.

The position, therefore, is that even if Chandra Sekhar Bose's affidavit had been filed within time one would be inclined to hold that it did not satisfy the requirements for an order for a recount, which the learned Judges of the Supreme Court had insisted on, in the cases cited above.

Mr. Arun Prakash Chatterjee, learned Counsel for the election petitioner, ultimately relied on the statements made in the recrimination petition of the respondent No. 2 wherein various irregularities in counting have been alleged. Learned Counsel's contention is that the respondent No. 2 himself admits that counting was not properly made. Unfortunately, for the election petitioner, in this recrimination petition, no fact has been stated which materially affects the result of the election so far as the returned candidate is concerned. On the contrary, the returned candidate complains that many of his votes were wrongfully rejected and on a recounting it would be found that he had secured a larger number of votes. On the basis of averments only in the recrimination petition, therefore, I cannot make an order for a recount in favour of the election petitioner.

In Halsbury's Laws of England, 3rd Edition, Vol. 14, at page 310, Art. 559, it is stated that a recount is not granted as of right, but on evidence of good grounds for believing that there has been a mistake on the part of the Returning Officer. Our Supreme Court, particularly in the decisions reported in AIR 1964 SC 1249, AIR 1966 SC 773 and AIR 1970 SC 276, has laid down what a petition for a recount must contain to enable the petitioner to succeed. In the light of these principles the present petitioner is not, in my opinion, entitled to the order he has asked for.

In the result, this election petition is dismissed. The election petitioner will pay to the respondent No. 2 Rs. 750.00 as costs of this petition and will also pay to the respondent No. 1 Rs. 250.00 as costs.

GOVERNMENT OF WEST BENGAL

LEGISLATIVE DEPARTMENT

NOTIFICATION

No. 2160-L.—27th July, 1972.—The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

Bill No. 31 of 1972

THE CALCUTTA MUNICIPAL (THIRD AMENDMENT) BILL, 1972.

A

BILL

to amend the Calcutta Municipal Act, 1951.

WHEREAS it is expedient to amend the Calcutta Municipal Act, 1951, for the purposes and in the manner hereinafter appearing;

West Ben. Act XXXIII of 1951.

It is hereby enacted in the Twenty-third Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title and commencement.

1. (*1*) This Act may be called the Calcutta Municipal (Third Amendment) Act, 1972.

(2) It shall come into force on and from the date on which the Calcutta Municipal (Third Amendment) Ordinance, 1972, ceases to operate.

West Ben. Ord. XII of 1972.

The Calcutta Municipal (Third Amendment) Bill, 1972.

(Clauses 2—4.)

Amendment of section 80 of West Ben. Act XXXIII of 1951.

2. In section 80 of the Calcutta Municipal Act, 1951 (hereinafter referred to as the said Act), for the words "five hundred rupees", the words "seven hundred rupees" shall be substituted.

Amendment of section 81.

3. In section 81 of the said Act, for the words "three hundred rupees", wherever they occur, the words "seven hundred rupees" shall be substituted.

Savings.

4. Anything done or any action taken under any provision of the said Act as amended by the Calcutta Municipal (Third Amendment) Ordinance, 1972, shall, on the said Ordinance ceasing to operate, be deemed to be, and to have always been, valid.

West Ben. Ord. XII of 1972.

STATEMENT OF OBJECTS AND REASONS.

With a view to removing the administrative difficulty in making appointments quickly in the junior grades of the Corporation establishment, it was considered urgently necessary to exclude from the purview of the Municipal Service Commission all appointments to posts the maximum salary of which did not exceed five hundred rupees per month. The Calcutta Municipal (Third Amendment) Ordinance, 1972, was promulgated on 24th June, 1972, to achieve that objective.

2. As a result of the agreement reached on the 16th July, 1972 with the different Employees' Unions of the Corporation, the pay-scales of the Corporation's employees would be fixed at a substantially higher stage due to the merger of dearness allowance with the pay. This would necessitate exclusion, from the purview of the Municipal Service Commission, appointments to posts with still higher pay-scales, and it is considered appropriate that all appointments to posts, the maximum salary of which does not exceed seven hundred rupees per month, should be excluded from the scope of the Municipal Service Commission.

3. The object of the Bill is to liberalise the provisions of the aforesaid Ordinance.

P. K. GHOSH,
Member-in-charge.

LEGISLATIVE DEPARTMENT

NOTIFICATION

No. 2181L.—28th July, 1972.—The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the followng Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

Bill No. 33 of 1972

THE PUBLIC WAKFS (EXTENSION OF LIMITATION) (WEST BENGAL AMENDMENT) BILL, 1972.

A

BILL

to amend the Public Wakfs (Extension of Limitation) Act, 1959, in its application to West Bengal.

WHEREAS it is expedient to amend the Public Wakfs (Extension of Limitation) Act, 1959, in its application to West Bengal, for the purpose and in the manner hereinafter appearing; 29 of 1959.

It is hereby enacted in the Twenty-third Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title and commencement.

1. (*1*) This Act may be called the Public Wakfs (Extension of Limitation) (West Bengal Amendment) Act, 1972.

(2) It shall be deemed to have come into force on the 1st day of January, 1971.

The Public Wakfs (Extension of Limitation) (West Bengal Amendment) Bill, 1972.

(Clauses 2, 3.)

Application of the Act.

2. The Public Wakfs (Extension of Limitation) Act, 1959 (hereinafter referred to as the said Act), shall, in its application to West Bengal, be amended for the purpose and in the manner hereinafter provided.

Amendment of section 3 of Act 29 of 1959.

3. In section 3 of the said Act, for the words and figures "the 31st day of December, 1970", the words and figures "the 31st day of December, 1976" shall be substituted

STATEMENT OF OBJECTS AND REASONS.

The Public Wakfs (Extension of Limitation) Act, 1959 (Central Act 29 of 1959) had provided for an extended period of limitation for suits to recover possession of Wakf properties which expired on the 31st December, 1970. The Government of India has informed that it would not be possible for it to move for further extension of the period of limitation and that the State Wakf Boards may approach the State Governments concerned to amend the Act locally if the number of Wakf properties yet to be recovered from unauthorised occupation necessitates further extension of the period of limitation. Accordingly, the Commissioner of Wakfs, West Bengal, has moved the State Government with a proposal for further extension of the period of limitation beyond 31st December, 1970, on the ground that in West Bengal a large number of Wakf properties are still in unauthorised occupation for the recovery of which suits have to be filed. Considering all the aspects of the matter it has been proposed that the period of limitation may be extended up to 31st December, 1976, by amending the Public Wakfs (Extension of Limitation) Act, 1959. The Bill has been prepared to give effect to this proposal.

ORDER

Whereas information has been received from credible sources that violent demonstrations are likely to take place resulting in large scale disturbances of the public tranquillity and breach of the peace in the areas mentioned in the Schedule below in the town of Calcutta (hereinafter referred to as the said areas);

And whereas I, R. N. Chatterjee, Commissioner of Police, Calcutta, being a Special Presidency Magistrate, have been specially empowered by the State Government under Notification No. 2309-G.A., dated the 29th April 1971, to act under section 144 of the Code of Criminal Procedure, 1898 (Act 5 of 1898);

And whereas, in my opinion, there is sufficient ground for proceeding under the said section for the immediate prevention of disturbances of the public tranquillity and breach of the peace within the said areas in the town of Calcutta;

Now, therefore, in exercise of the power conferred by sub-section (1) of section 144 of the Code of Criminal Procedure, 1898 (Act 5 of 1898), read with sub-section (3) of the said section, I, the said R. N. Chatterjee, Commissioner of Police, Calcutta, and a Special Presidency Magistrate, do hereby, prohibit from the thirty-first day of July 1972, until further orders, any assembly of five or more persons, or any procession, or the carrying of any lathis or other dangerous weapons, or the doing of any act which is likely to cause a disturbance of the public tranquillity and breach of the peace within the said areas in the town of Calcutta

NOTIFICATION

No. 2217-L. — 1st August, 1972.—The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information :—

Bill No. 34 of 1972

THE BENGAL MUNICIPAL (AMENDMENT) BILL, 1972.

A
BILL

to amend the Bengal Municipal Act, 1932.

WHEREAS it is expedient to amend the Bengal Municipal Act, 1932, for the purposes and in the manner hereinafter appearing; **Ben. Act XV of 1932.**

It is hereby enacted in the Twenty-third Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. 1. This Act may be called the Bengal Municipal (Amendment) Act, 1972.

Amendment of section 67A of Ben. Act XV of 1932. 2. In sub-section (*3*) of section 67A of the Bengal Municipal Act, 1932 (hereinafter referred to as the said Act), after the words "under this section, shall", the words ", subject to such directions as the State Government may issue from time to time," shall be inserted.

The Bengal Municipal (Amendment) Bill, 1972.

(Clauses 3, 4.)

Amendment of section 550.

3. In sub-section (2) of section 550 of the said Act, after the words "during such period exercise", the words ", subject to such directions as the State Government may issue from time to time," shall be inserted.

Amendment of section 554.

4. In sub-section (*1*) of section 554 of the said Act, in paragraph (*bb*) of sub-clause (*b*) of clause (*ii*), after the words "shall be exercised and performed", the words ", subject to such directions as the State Government may issue from time to time," shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

The State Government has the following powers under the Bengal Municipal Act, 1932:—

(*a*) under section 67A to appoint an Executive Officer for a Municipality who shall under sub-section (*3*) of the said section, exercise such powers of the Chairman or of the Commissioners whether exercisable at a meeting or otherwise as may be conferred on him by Government; or

(*b*) under section 550(2) to supersede a Department of the Municipality and to appoint a suitable person (generally referred to as Administrator) to be in charge of the said Department and who shall exercise all the powers and perform all the duties of the Chairman and of the Commissioners whether at a meeting or otherwise in respect of that Department; or

(*c*) under section 554(*1*)(*ii*)(*bb*) to appoint a person or persons (generally referred to as Administrator) who shall exercise and perform all the powers and duties which under the provisions of this Act or any other Act or any Ordinance or Regulation or any Rule, By-law, Order, Notification or subsidiary legislation made under the provisions of this Act or such other Act or such Ordinance or such Regulation may be exercised and performed by the Chairman and by the Commissioners whether at a meeting or otherwise.

2. Government, however, has no power, under the said Act, to issue directives other than the orders that can be addressed to the Commissioners of a municipality either on the Executive Officer or the Administrator referred to above. But as the responsibility for administration of municipalities in respect of which action has been taken under sub-paragraphs (*a*), (*b*) or (*c*) of paragraph 1 above defacto lies with the State Government for the period of supersession or the appointment of the Executive Officer under section 67A with all the powers of the Chairman and Commissioners, it is only proper that it should be authorised to issue general directions to the person appointed as Administrator or Executive Officer as regards the running of the administration in such municipalities. The present Bill has been designed to amend sections 67A, 550 and 554 of the Bengal Municipal Act, 1932, to enable Government to issue such directions.

P. K. GHOSH,
Member-in-charge.

When a servant of Government or of a Statutory body is appointed to be a municipal officer or servant, the Corporation shall pay such contributions towards his leave allowance, pension or provident fund as may be required under the conditions of his service under Government or Statutory body, to be paid by or for him, as the case may be.".

STATEMENT OF OBJECTS AND REASONS.

During the period of supersession of the Corporation of Calcutta or any of its departments all the powers and duties of the previous Councillors and Aldermen of the Corporation are exercised and performed by the person or persons as appointed by the State Government under section 47D, or as the case may be, under section 47E of the Calcutta Municipal Act, 1951. The State Government cannot legally interfere with the actions of such person or persons. It is appropriate that a popular Government should have legal power to issue directives, where necessary, on such person or persons, for better administration of the Corporation during the period of supersession.

2. The Corporation of Calcutta has been entrusted by the Calcutta Metropolitan Development Authority with the execution of a number of projects. The existing engineering and other ancillary staff are not adequate to cope with the additional work-load. It is necessary to make suitable amendments in the said Act with a view to obtain the services of the right type of officers from Government or statutory bodies, on deputation terms, in connection with the execution of the development projects of the Corporation.

3. The above Bill seeks to achieve the objectives desired in the foregoing paragraphs.

NOTIFICATION

No. 2270L.—7th August, 1972.—The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

BILL No. 38 OF 1972

THE WEST BENGAL ACQUISITION AND SETTLEMENT OF HOMESTEAD LAND (AMENDMENT) BILL, 1972.

A BILL

to amend the West Bengal Acquisition and Settlement of Homestead Land Act, 1969.

WHEREAS it is expedient to amend the West Bengal Acquisition and Settlement of Homestead Land Act, 1969, for the purposes and in the manner hereinafter appearing; West Ben. Act XV of 1969.

It is hereby enacted in the Twenty-third Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title.

1. This Act may be called the West Bengal Acquisition and Settlement of Homestead Land (Amendment) Act, 1972.

Amendment of section 4 of West Ben. Act XV of 1969.

2. In section 4 of the West Bengal Acquisition and Settlement of Homestead Land Act, 1969 (hereinafter referred to as the said Act), for the words "continuously for a period of not less than three years immediately before the date of coming into force of this Act, he may, within two years from such date", the words "from before the commencement of this Act, he may, within five years from the date of such commencement" shall be, and shall be deemed always to have been, substituted.

Amendment of section 5.

3. In section 5 of the said Act,—

(*1*) in sub-section (*1*), for the words "continuously for the period referred to in section 4", the words "from before the commencement of this Act" shall be, and shall be deemed always to have been, substituted;

(*2*) in the proviso to sub-section (*2*), for the words "two years", the words "five years" shall be, and shall be deemed always to have been, substituted.

Amendment of section 6.

4. In section 6 of the said Act, for the words "continuously for the period referred to in section 4", the words "from before the commencement of this Act" shall be, and shall be deemed always to have been, substituted.

STATEMENT OF OBJECTS AND REASONS.

Under section 4 of the West Bengal Acquisition and Settlement of Homestead Land Act, 1969, an occupier who has constructed a homestead on the land in his possession and has been residing therein for a period of not less than 3 years immediately before the date of coming into force of the Act, namely, the 11th August, 1969, may within 2 years from such date apply to the Collector for settling such land with him. It is felt that a large number of occupiers eligible for settlement under the Act could not make applications to the Collector under section 4 of the Act for some reason or other within the aforesaid period of two years. It is considered desirable that such occupiers should be given another opportunity for making applications to the Collector under section 4 of the Act. It is also felt that eligibility of occupiers for making applications for settlement should not be fettered by the pre-condition of 3 years' continuous residence in the land prior to the date of coming into force of the Act. Residence in the land from before the commencement of the said Act should be considered to be sufficient to make him eligible for settlement.

The West Bengal Acquisition and Settlement of Homestead Land (Amendment) Bill, 1972, has been framed to give effect to the above proposals.

CALCUTTA,
The 4th August, 1972.

GURU PADA KHAN,
Member-in-charge.

AWARD

By order No. 4951 I.R./IR/10L-117/69, dated the 26th June 1970, the Government of West Bengal, Labour Department referred an industrial dispute existing between Messrs. International Engineering Co., 17 Rafi Ahmed Kidwai Road, Calcutta and their workmen represented by Engineering Silpa Sramik Union, 249/D Bepin Behari Ganguli Street (Top Floor), Calcutta-12, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issues:

Issues

Whether closure of the Company is real? What relife, if any, are the workmen entitled to?

After service of statutory notices, both parties filed their respective written statements.

Briefly stated the case of the Union is that for some time past, the Union was engaged in defending the workmen from the employer's oppression. When the management found that it could no longer oppress the workmen, it declared lock-out of the factory with effect from 17th October 1970. The Union contends that the Company did not actually close down its business. It is, in fact, operating in the same premises with the same machineries and assets. In this state of affairs, the Union invites the Tribunal to hold that closure of the Company is not real and the management should allow the workmen to resume work with immediate effect and pay all wages and benefits for the period of their unemployment.

The defence is two-fold:—

(1) The sponsoring Union does not represent the majority of the workmen. In the result, reference of the dispute at the instance of the Union is bad in law; and

(2) The Company effected real closure of the business on 17th October 1969, after giving due notice and publicity. With the closure of the undertaking the workmen automatically became disentitled to claim any relief.

On these averments parties came to trial.

The question, whether the sponsoring Union, had locus standi to represent the workmen, was heard and decided in favour of the Union on 30th June 1972. The only point for consideration now is whether the closure of the Company is real?

The Company sought to prove closure of the undertaking by giving oral and documentary evidence A substantial portion of such evidence could not be challenged by the Union. The fact remains that formerly Messrs. Intertional Engineering Co., was a partnership firm with four partners including Shri P. L. Kashuka, who, upon dissolution of the partnership on 30th September 1969, became the sole proprietor thereof. From 1969 the relationship between the employer and the employees deteriorated. Evidence of such deterioration of the relationship between the employer and the employees has been adduced. The employer's letter, dated 3rd October 1969, (Ext. C), seeking intervention for the Minister-in-charge, Home (Police), at a time when workmen had illegally occupied and trespassed into the Company's premises and letter, dated 14th October 1969, addressed to the Labour Commissioner, West Bengal, Ext. C(1), complaining about conduct of the workmen speak for themselves. It also appears that the proprietor issued notice, dated 3rd October 1969, Ext. D and notice, dated 8th October 1969, Ext. D(1), indicating that the workmen had already been advised not to resort to go slow tactics and indulge in acts of indiscipline. It was clearly indicated that such conduct of the workmen could compel the management to declare closure of their business. The proprietor also explained the position to the Labour Commissioner, West Bengal, by his letter, dated 14th October 1969, Ext. C(1). Apparently the workmen paid no heed to the request of the management and the situation worsened. In this state of affairs, the management issued closure notice, dated 16th October 1969, Ext. D(2), wherein the proprietor declared that by the notice he closed "the business of the International Engineering Co. at 17 Rafi Ahmed Kidwai Road, on and from 17th October 1969". Copy of this notice was, it appears, given to the President of the Engineering Silpa Sramik Union, the Labour Commissioner, West Bengal and others. This was followed by another notice, dated 6th November 1969, Ext. D(3), wherein the proprietor sought to explain the circumstances in which the undertaking had to be closed down. It was pointed out that he had "closed down the said factory with effect from 17th October 1969, on proper notice to all concerned, terminating the services of all workmen and/or employees". The above documentary evidence regarding closing of the business of the factory could not be controverted by the Union. Indeed P.W. 1 Shri Bimal Nath, who was an employee of Messrs. International Engineering Co. admitted in cross-examination that in the morning of 17th October 1969, when the workmen came to work, it was found that work was suspended. It is not disputed that the management displayed notice of closure. Although Shri Nath claimed that it was only notice of lock-out, the notice of closure, dated 16th October 1969, Ext. D(2), was not challenged. It is clear that the factory was closed after due display and service of closure notice.

The learned representative of the Union relies on the closure notice, dated 16th October 1969, Ext. D(2), itself to show that the proprietor of the concern did not seriously mean to close down the undertaking. It is pointed out that in the closure notice, the proprietor declared that business of the International Engineering Co., was closed. Before the Tribunal D.W. 1 Shri Pannalal Kashuka, however, claimed that he intended to close down his manufacturing and assembling work. He had restarted his trading activities. According to the learned representative of the Union this indicates that the factory had never been closed down. This argument rests on the assumption that a part of the business of the Company cannot be closed down In the decision of the Supreme Court in Workmen of the Indian Leaf Tobacco Development Co. Ltd., and Management of Indian Leaf Tobacco Development Co. Ltd., reported in A.I.R. 1969 S.C. 90 it was clearly laid down that closure of a part of the business of a Company is a matter of discretion to be exercised by the management and the Industrial Tribunal cannot have any power to interfere with exercise of such discretion vested in the management. It was pointed out that closure of part of business of the Company might not amount to closure of business of the Company. Even so, the Industrial Tribunal could not interfere with such closure, if, in fact, such closure was real and genuine. In other words, the Supreme Court upheld closure of part of the business by the Company. Consequently, the fact that the proprietor is still carrying on the trading section of his business, is of no avail to the Union. Now, the question which should be gone into is, whether the factory in which workmen used to work was really closed down.

The case of the Union is that closure of the factory was not a bona fide act of the management. In any event, it was a mere closure of the place of business and only a case of lock-out, it is contended. P.W 1 Shri Bimal Nath claimed that six months after 17th October 1969, the factory was reopened. However, there is absolutely no corroborative evidence to show that the factory which was closed on 17th October 1969, ever starting working. D.W. 1 Shri Pannalal Kashuka claimed that the factory was finally closed down by closure notice, dated 16th October 1969. There is hardly any reason to disbelieve the proprietor of the factory. Shri Kashuka has also proved some facts which lead to the conclusion that the factory was closed down all time. In the first place, the unchallenged evidence is that all the workmen mentioned in the closure notice, excepting three, accepted the closure and settled their accounts on receipt of payment. This would be impossible unless there was a bona fide closure of the factory. Again, the proprietor had advertisements inserted in the Amrita Bazar Patrika and the Jugantar inviting people to buy or obtain lease of the factory. The insertions in the two newspapers are marked Exts. A and A(1). This clearly indicates that the proprietor has bona fide decided to close down the factory. Not only there were advertisements inserted in newspapers for sale or lease of the factory, the factory was eventually let out two firms who are now carrying on business there This evidence also went unchallenged. It is clear that there is no question of a pretence of closure being adopted by the proprietor. The factory is now being run by other persons who have acquired leasehold right.

P.W. 1 Shri Nath claims that the factory is still being run by Messrs. International Engineering Co. This has been disproved by the evidence adduced by the other side. It is possible that some manufacturing and assembling work is being carried on at the place by lessees of Shri Kashuka. It is impossible to hold that Shri Kashuka is running his old factory at 17 Rafi Ahmed Kidwai Road.

Shri Ganguli appearing for the Union seeks to emphasise that the proprietor had bad motive in closing down the undertaking. In Indian Hume Pipe Co. Ltd. and their workmen reported in 1969 I.L.L.J. 42, the Supreme Court laid down that it is not for the Industrial Tribunal to enquire into the motive for closure to find out that the closure is justified or not. In the instant case the evidence clearly indicates that there has been a bona fide closure of the factory, and the question of such closure being interfered with by the Tribunal cannot arise.

In view of my findings above, I hold that the closure of the factory is bona fide and real. The workmen are not entitled to any relief.

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Oriental Rubber Works, Kantalia, P. O. Nibra, Howrah and their workmen represented by Oriental Rubber Workers' Sramik Union, Kantalia, P. O. Nibra, Howrah (Case No. 11/71.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri B. C. CHAUDHURI, Judge,
Fourth Industrial Tribunal.

For the Union : Shri P. Das Gupta, Advocate.

For the Company : Shri N. K. Mukherjee, Advocate.

By the Government of West Bengal, Labour Department, order No. 28-I.R./IR/11L-297/69, dated 5th January 1971, an industrial dispute between Messrs. Oriental Rubber Works, Kantalia, P. O. Nibra, Howrah, (hereinafter referred to as the Company), and their workmen represented by Oriental Rubber Workers' Sramik Union, Kantalia, P. O. Nibra, Howrah (hereinafter referred to as the Union), was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication in respect of the following issues : case.

Issues

1. Abolition of Contract System.
2. Introduction of Gratuity.

The Union contends that in spite of tripartite agreement, dated 6th August 1969, relating to finalisation of the demands of gratuity and tiffin allowance, the Company refused to finalise the said demands in spite of repeated requests of the Union. Another demand for abolition of contract labour, which is the source of exploitation and unfair labour practice, was raised by the Union in or about November 1969. The Company took stern attitude to resist the aforesaid demands by all sorts of unfair means. The agreement, dated 6th August 1969, was dishonoured and frustrated by the Company illegally and unjustly. There was conciliation without success. The Union prays for abolition of Contract System and introduction of Gratuity Scheme for all categories of workmen.

The Company filed its written statement wherein it is stated that a tripartite settlement was concluded on 20th April 1970, whereby the Company agreed for payment of gratuity on the terms and conditions provided therein. It is also stated that the work done by the contractor is not a permanent nature, and the abolition of contract system will not be justified.

Both sides have adduced evidence, oral and documentary.

Issue No. 2

The reference was made on 5th January 1971. The West Bengal Employees Payment of Compulsory Gratuity Act, 1971, came into force on 28th August 1971. Before that an ordinance was passed on 3rd June 1971. There is no controversy that the Act applies to the establishment of the Company. Both parties also admit that they have no objection if the Tribunal directs the Company to pay gratuity to its workmen in terms of the provisions of the Act. In view of the provisions of the Act, and the submissions made by the parties, I also find that the gratuity shall be payable to the workmen of the Company in terms of the provisions of the West Bengal Employees Payment of Compulsory Gratuity Act, 1971.

This issue is decided accordingly.

Issue No. 1

The facts which cannot be disputed are these. The Company is manufacturer of waterproof clothing. There is a hose-pipe section inside the factory. The manufacturing of hose-pipe is made by the Company under a contract system The work of contract is carried out by O. P. W. 1, Benode Behari Das, in the name of his wife Sm. Puspa Rani Das. The contract was made in writing sometime in 1965. The hose-pipe is manufactured within the factory premises under the supervision of Benode Behari Das, O. P. W. 1 and his Manager, Nakul Chandra Banik, O. P. W. 2. The materials for manufacturing hose-pipe are supplied to the contractor by the Company from the Company's godown. The mixing of rubber is done by the Company. The workmen under the contractor generally work during the working hours of the factory of the Company. They also observe holidays as observed by the workmen under the Company. Each workman under the contractor has got E. S. I. Card, and the amount is deposited by the Company. The contractor maintains Attendance Register of the workmen who work under him. The Attendance Register produced by the contractor shows that about 40 workmen worked in each month under the contractor during the period from September 1970 to January 1972 (vide Ext. A). The Wage-sheet Register also shows that the average wage which each workman used to get during this period per day was Rs 3 to Rs. 4. Thus the average monthly wage is Rs. 78 to Rs. 96. There is nothing in the Wage Register to show that the workmen under the contractor get any dearness allowance. In view of the nature of evidence adduced by the parties it is clear that the work for which contract labour is employed is incidental to and closely connected with the main activity of the Company and is of perennial and permanent nature. The evidence adduced in the case also proves that the wages paid to the workmen under the contractor are lower than the wages paid to the workmen under the Company, and the workmen under the contractor are deprived of privileges enjoyed by the workmen under the Company. In that view of the matter it is reasonable to hold that the Union had made out a case for abolition of contract. The question is whether the Tribunal has got jurisdiction to pass an award abolishing the contract system. It is contended on behalf of the Company that in view of the provisions of the Contract Labour (Regulation and Abolition) Act, 1970, the jurisdiction to decide matters connected with prohibition of contract labour is now vested with the appropriate Government, and the Industrial Tribunal, in the circumstances, will have no jurisdiction to deal with the same. In support of the contention reliance has been placed upon a decision reported in 1971, LLJ, II, p. 567. The Union has also relied upon the said decision. In order to appreciate the contentions raised by the parties it is necessary to state certain facts. The reference was made on 5th January 1971. The Central Act mentioned above received the assent of the President on September 5, 1970 and came into force on February 10, 1971. There is no controversy that the Act applies to the establishment of the Company. It appears from the decision relied upon by both sides that the case mentioned therein was referred to the Tribunal before passing of the Central Act. It also appears from the said decision that the jurisdiction of the Tribunal was not challenged at the time of passing of award, and the Act was not in force when the award was passed on 20th November 1970. The relevant observation of the Supreme Court runs as follows :

> "It may be that in future if a reference is proposed to be made or actually made by the authorities concerned regarding abolition of contract labour for adjudication by the Industrial Tribunal, it may be open to the persons concerned to resist the reference on the ground that the jurisdiction to consider such matters and prohibiting contract labour is now vested with the appropriate Government under the Central Act."

In view of the above observation of the Supreme Court I am of opinion that the Company can challenge the jurisdiction of the Tribunal on the ground that it is the appropriate Government that can prohibit the contract labour by following the procedure in accordance with the provisions of the Central Act, and the Tribunal has no jurisdiction to decide the same. It cannot be disputed that the Tribunal had jurisdiction when the reference was made on 5th January 1971. Admittedly on that date the Central Act was not in force. It cannot be disputed that if an award is passed, the same will take effect from the date mentioned in the award or from the date of publication of the award. The question is whether the Tribunal has now got any jurisdiction to pass an award abolishing the contract system. Under section 10 of the Central Act the jurisdiction to decide matters connected with the provisions of contract labour is now vested in the appropriate Government. Therefore with effect from February 1971 it is only the appropriate Government that can prohibit the contract labour by following the procedure in accordance with the provisions of the Central Act. The Industrial Tribunal, in the circumstances, will have no jurisdiction though the reference is dated 5th January 1971 in respect of matters which become enforceable after the date coming into force of the Central Act. It is contended on behalf of the Union that in view of the decision mentioned above, the Tribunal has got jurisdiction to pass an award directing abolition of Contract System. I am unable to accept such contention. It is clear from the said decision relied upon on behalf of the Union that the Tribunal has no jurisdiction to give a direction in respect of matters enforceable after the date of coming into force of the Central Act. It also appears from the said decision that the award in that case was passed before the Central Act came into force, and the Supreme Court upheld the award abolishing the contract of labour in respect of feeding the hoppers. There is nothing in the award passed by the Tribunal to show that any date was mentioned for abolishing the contract in respect of feeding the hoppers. It however appears from the Supreme Court decision that date was mentioned in the award abolishing contract labour with effect from May 1971 regarding loading and unloading. The Supreme Court has held that the Tribunal had no jurisdiction to give such direction as the Central Act came into force before the date mentioned in the award. In that view of the matter I am of opinion that that the decision mentioned above does not help the Union in any way. After giving my anxious consideration to the arguments advanced on behalf of the parties including the decision mentioned above, I find that the Tribunal has now no jurisdiction to pass an award abolishing the Contract System.

This is my award.

AWARD

The above dispute over the issue given in the Order of Reference and reproduced below, was referred to this Tribunal for adjudication by the Government of West Bengal in its Labour Department order No. 5112-I.R./IR/10L-155/70, dated the 8th November 1971.

Issue

Bonus for the accounting years ending 30th June 1966, 30th June 1967 and 30th June 1968.

The Union filed its written statement on 31st January 1972 in answer to the aforesaid issue of bonus for the years 1966-68. Curiously enough, the Union has made itself altogether scarce since the aforesaid date although, as it would appear from the order-sheets of the case, as many as five dates were given in favour of the parties enabling them to appear before this Tribunal in course of the instant proceeding. The Company too, is not without fault. It would appear from the order-sheets of the case that on five distinct occasions, time was allowed in favour of the Company and on each occasion with the hope and confidence that it would be filing its written

statement on the next date, but in vain. On the last occasion which fell on 12th June 1972, this Tribunal allowed one more adjournment in favour of the Company but not without a note of warning this time that in case of its failure to submit a written statement, the case would be taken up and heard ex parte. Strangely enough, this time too, Company's Lawyer has chosen to remain away with the result that on this date, i.e., on 4th July 1972, both sides have chosen not to appear before this Court although, about a dozen opportunities were given to each enabling them to appear before this Court and to have their respective say over the matter of dispute in regard to the bonus for the years 1966-68. It is no good use for me to allow an adjournment this time too seeing that none of the parties has cared to come before me with any such prayer of adjournment. Moreover, I do not see that any purpose of anybody would be served if this case is kept pending ad infinitum. Rule 22 of the Industrial Disputes Act, 1958, adumbrates inter alia that in such a contingency as aforesaid, a Tribunal would do well to pass a 'No-dispute' award. In consonance with the aforesaid Rule and in view of the overall facts and circumstances of the case which I have already discussed before, I think ends of justice would be met provided the Rule is acted upon. For myself it seems that the parties in all probabilities of the matter, have dissolved the dispute amicably outside the Tribunal and that indeed may be one of the reasons as to why they have remained scarce for such a long time. Be that as it may, one thing is clear, viz., that this case should be disposed of here and now by a note of 'No-dispute' award. In the result, a 'No-dispute' award is passed in this case.

Issues

1. Whether the Company is justified in keeping in its establishment a number of casual workmen who perform the jobs of regular workmen? To what relief, if any, such casual workmen who have put in a number of years of service, though casually, are entitled?

2. Categorisation of different occupations of the workmen and their placement in the existing scales and grades of pay in the Company.

3. Whether discharge of 11 casual workmen named below is justified? To what relief, if any, are they entitled?

After receipt of reference by this Tribunal usual notices were served upon both the Company and the Union. Ultimately both parties filed a joint petition of settlement on 3rd July 1972. I have gone through the petition. In my opinion, the terms are fair and reasonable, and the present dispute between the parties appears to have been satisfactorily settled by this compromise. In the circumstances, I pass an award in terms of the joint petition of settlement which shall be made an annexure to my award.

AWARD

By order No. 1183-I.R./IR/10L-548/69, dated the 22nd March 1971, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Industries Syndicate and their workmen to this Tribunal, under section 10 of the Industrial Disputes Act, for adjudication upon the issues mentioned below.

Issues

1. Bonus for the year 1969-70.
2. Whether lockout in the Company is justified? What relief, if any, are the workmen entitled to?

On receipt of the Order of Reference, notices were served both upon the Company and the Union. The Union filed its written statement on 24th May 1971. The Company did not file any written statement though called upon. It appears that an application was moved before the Hon'ble High Court under article 226 of the

Constitution of India, and further proceedings in this Tribunal were stayed by an order of the Hon'ble Court. The matter therefore remained stayed in this Tribunal. On 26th May 1972 the Secretary of the Union filed a certified copy of the Hon'ble High Court's order in the above rule together with a petition for time for filing compromise petition. It appears from the certified copy of the Hon'ble Court's order that the rule which was issued earlier was discharged. On 30th May 1972 the Secretary of the Union filed a petition to the effect that on the basis of talks between the management and the workmen he had been approached by the workmen with a request not to proceed with the case and, accordingly, as desired by the workmen, necessary orders may be passed by the Tribunal on the above basis. On 12th June 1972 I heard both Shri S. C. Das Gupta, Advocate for the Company and Shri Kali Ghosh, Secretary of the Union, on the petition filed by the Union on 30th May 1972. The Secretary of the Union Shri Ghosh submitted that in view of the understanding reached with the management they do not want to proceed with the reference any more, and a 'no dispute' award may be passed in respect of the reference. A group of workmen who were present by the side of the Secretary of the Union also spoke in the same vein. The learned Advocate representing the Company submitted that when the Union itself is not interested to proceed with the reference the Company is also not interested to proceed with the same and he was, accordingly, retiring from the case.

In view of the petition, dated 30th May 1972 and the submissions coming from both the Union and the Company's side, it is clear that the parties have reached a settlement out of Court in respect of the dispute under reference, and there exists no industriol dispute between the parties any more.

I, therefore, pass a 'no dispute' award in this case and dispose of the reference accordingly.

AWARD

By order No. 6545-I.R./IR/10L-538/69, dated the 24th December 1971, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Polycraft, 3 Bama Charan Roy Road, Calcutta-34, and their workmen represented by Polycraft Workers' Union, 455A Diamond Harbour Road, Calcutta-34, to this Tribunal under section 10 of the Industrial Disputes Act, 1947 for adjudication on the following issue:

Issue

Whether the termination of service of Shri Ramapada Sadhukhan is justified? To what relief, if any, is he entitled?

After receipt of statutory notice, the Union appeared on 21st February 1972 and filed its written statement on 12th April 1972. The Company then prayed for time to file written statement. However, they could not file written statement by the extended date. In fact, they have not yet filed written statement.

On 10th June 1972 Shri Dulal Chandra Das, the Secretary of Polycraft Workers' Union who had signed the Union's written statement, submitted a petition withdrawing the written statement filed on behalf of the Union. The Secretary of the Union pointed out that there was no existence of Polycraft Workers' Union. The written statement subscribed by him as Secretary of that Union should, therefore, be treated as cancelled. By way of abundant caution another notice was issued to the Union intimating that the matter of existence of Polycraft Workers' Union would be heard on 27th June 1972. The

Union was, therefore, directed to appear before the Tribunal on that date. This intimation was also received by the Union on 26th June 1972.

As stated above, the Union was duly informed that the case had been fixed for hearing/disposal on 27th June 1972. This was reaffirmed on 12th June 1972 when the Company prayed for further time to file written statement. On 27th June 1972 neither party appeared. No steps were taken by them. The record is put up today for disposal according to law.

From what has been stated above, it is clear that without showing sufficient cause for their non-appearance, parties failed to appear before the Tribunal on dates fixed. Evidently the Union named in the reference is not in existence and the industrial dispute is also non-existent.

In the circumstances, the Tribunal may submit a suitable report and a "no dispute" award to the State Government on the footing that the industrial dispute has ceased to exist.

Accordingly a "no dispute" award is submitted to the State Government.

AWARD

By order No. 9939-I.R./IR/10L-462/67, dated the 22nd December 1969, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Bharat Electrical Industries Ltd., 19 R. N. Mukherjee Road, Calcutta-1 and their workmen represented by Bharat Electrical Industries Staff Union, 455A Diamond Harbour Road, Calcutta-34, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issues:

Issues

(1) Whether the clerical staff who handle cash on pay days are entitled to any cash allowance? If so, at what rates?

(2) Whether the clerical and other office staff are entitled to—

  (i) Production Bonus,
  (ii) any acting allowance for acting or officiating in higher posts; and
  (iii) any gratuity at the time of retirement? If so, at what rate?

(3) Retiring age of the clerical and other office staff.

The case was to be heard on 12th June 1972. However, the learned Advocate for the Union prayed for time and hearing was adjourned till today as the last chance.

Today Union is absent on repeated calls. Its petition, dated 4th July 1972, for time on the ground of lawyer's illness is not moved. Also copy not served as directed.

Shri D. K. Ghosh appearing for the Company files a petition challenging bonafides of the petition for time. It is stated that the learned Advocate for the Union has been found today in the Court premises and the learned Advocate is not indisposed as claimed in the petition. The Company prays that the Tribunal should reject the Union's prayer for time.

Considered the petition for time which was not moved formally. The prayer for time is rejected. It is 12-50 p.m. now and the Union is absent on repeated calls. The learned representative for the Company also retires because the Union is not ready to proceed with the case.

In the circumstances the conclusion must be that the parties have failed to appear before the Tribunal without just cause and the Tribunal may submit suitable report and award on the footing that the industrial dispute under reference is no longer in existence. The reference is accordingly disposed of.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act. The petitioner is an employee of the Opposite Party Messrs. Britannia Biscuit Co. Ltd. His case is that he is a workman involved in industrial dispute between Messrs. Britannia Biscuit Co. Ltd., and their workmen referred to this Tribunal under G.O. No. 6497-I.R., dated 31st August 1968. It is contended that work in Day Shift from 10 a.m. to 5 p.m. is one of the conditions of his service under the Company. However, from 30th August 1971 he was forced to work in the Night Shift from 10 p.m. to 6 a.m. It is claimed that this is a prejudical change of condition of service of the petitioner.

The case of the complainant is that his employer contravened the provisions of section 33 of the Industrial Disputes Act by forcing him to work in the Night Shift as stated above. The Tribunal is, therefore, invited to adjudicate as to whether conditions of his service was changed.

The defence is a denial of the allegation that the management had contravened the provisions of section 33 by forcing the employee to work in the Night Shift. According to the Company there was no alteration of condition of service of the workman.

The case was fixed for hearing on 22nd June 1972. On that date Shri Panchanan Bhattacharya appearing for the complainant prayed for time to file formal application withdrawing the complaint. However, on 26th June 1972, none appeared and the parties did not take any steps.

Today the complainant has appeared and filed a petition withdrawing the complaint under section 33A of the Industrial Disputes Act.

Regard being had to the fact that the complainant himself does not press his complaint and seeks permission to withdraw from the proceeding, the complaint must be deemed to be non-existent. It must be held that there is no dispute regarding alteration of service conditions which requires adjudication. The complaint is accordingly disposed of.

By order No. 5065-I.R./IR/11L-90/70, dated the 4th July 1970, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Acila Pharmaceuticals, 188 Acharyya Prafulla Chandra Road, Calcutta-4, with regard to its Factory at P-12 Matijheel Avenue, Calcutta 28 (hereinafter referred to as the said Company), and their workmen represented by Acila Pharmaceuticals Workers' Union, 185 Dum Dum Road, Calcutta 28 (hereinafter referred to as the said Company), to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issues:

Issues

1. Grade and Scales of Pay including fitness.
2. Dearness Allowance.
3. Leave.

Pursuant to statutory notices served on them, both parties appeared and filed their written statements. The case was fixed for hearing on 3rd August 1971. The case was thereafter adjourned from time to time on prayer of the parties. Today, they have filed a joint petition intimating amicable settlement of their dispute out of Court.

The above petition is subscribed by the Proprietor of Acila Pharmaceuticals and its Advocate, Shri C. L. Ganguli, on behalf of the employer and Vice-President and Joint Secretary of the Acila Pharmaceuticals Workers' Union, on behalf of the workmen. It is common ground that parties are unwilling to proceed with the dispute any further in view of the present economic difficulty of the employer. In this state of affairs, the parties retire from the proceeding.

As both the parties have retired signifying non-existence of the industrial dispute, it is expedient for the Tribunal to submit suitable report and award on the footing that the industrial dispute under reference is no longer in existence.

Hereby I pass such award.

This industrial dispute between Messrs. Parry & Co. Ltd., 32 Chowringhee, Calcutta-16 (hereinafter called the Company) and their workmen represented by Parry's (Calcutta) Employees' Union, 32 Chowringhee, Calcutta-16 (hereinafter referred to as the Union), arises out of a reference under section 10 of the Industrial Disputes Act, made by the Government of West Bengal, Labour Department, order No. 8195-I.R./IR/11L-88/67, dated the 18th November 1968. The issue in the order of reference runs as follows:

Issue

What should be the quantum of Bonus due to the workmen for the year 1966-67?

After receipt of the reference usual notices were issued upon the parties. Both the Company and the Union appeared and filed their separate written statements.

The Union, inter alia, alleges that prior to 1966-67, the payment of bonus to the employees all over India used to be governed by an agreement between the Company and the Head Office (Madras) Union. Though the said agreement had its shortcomings, yet the employees at Calcutta accepted the same. That the payment of bonus for the accounting year 1965-66, the terms of the agreement ceased and the Calcutta Union by its letter, dated 25th October 1966, duly intimated the management that this time any agreement done without their consent would not be binding on them. The Company instead of replying to the points raised by the Union, by a letter, dated 10th April 1968, invited the Calcutta Union to Bomay for a discussion along with the representatives of other units on 15th April 1968. Due to unreasonable stand taken by the management at Bombay the discussion on 15th April 1968 ended in a failure and the Calcutta Union by its letter, dated 23rd April 1968, requested the management to declare their final bonus as it was already over due. By a circular, dated 26th April 1968, the management unilaterally made an announcement of bonus equivalent to only 7½ per cent. which was highly provocative being much below than what the employees were entitled to. The bonus offered by the Company was however accepted by the Union under protest. By a letter, dated 9th May 1968, the Union claimed certain clarification and/or information for the purpose of calculation of bonus for the year. By a letter, dated 10th June 1968, the Company refused to furnish any information/clarification contending the payment as final. The Union however could not accept the said position and having no other alternative referred the dispute to the Labour Commissioner, West Bengal, by its letter, dated 19th/21st June 1968. The Union asserts that in the year in qestion the employees are entitled to bonus equivalent to 20 per cent. of their respective annual earning (basic pay and dearness allowance) with a comfortable set on for the following year.

On the other hand, the Company, inter alia, alleges that it has been the practice of the Company for some considerable period to pay bonus to the employees in Madras Office and other branches throughout India, including Calcutta Branch based on the financial result of E. I. D. Parry Group for the respective years. It was explained to the Union representatives at the conference at Bombay on 15th April 1968 that the Company had decided to pay a total bonus of 45 per cent. of the annual basic salary to the probationary and confirmed employees and 7½ per cent. of the inclusive wages drawn by temporary/casual employees who had worked not less than 30 working days during the Company's accounting year ended 30th September 1967. The Company asserts that the Unions claim for bonus for the accounting year 1966-67 has to be decided on the basis of provisions laid down in the Payment of Bonus Act, 1965.

Both sides have also adduced evidence, oral and documentary.

In order to appreciate the contentions raised by the parties, it is necessary to state certain admitted facts. The Company known as Parry & Co. Ltd. is incorporated in India with its Head Office at Madras. There are other offices of the Company throughout India including Calcutta. It is one of the subsidiary companies under the E. I. D. Parry Ltd. (Incorporated in England). The Company maintains separate account. Ext. 2 is the Profit & Loss Accounts of the Company for the relevant year. Ext. 8 is the Group Annual Report of E. I. D. Parry Ltd. The names of the subsidiary Companies are mentioned at page 18 of Ext. 8. It is admitted that it has been the practice of the Company, for some considerable period, to pay bonus to its employees in Madras Office and its various branches throughout in India including Calcutta Branch based on the financial result of the E. I. D. Parry Group. Ext. 9 is the Memorandum of Settlement on bonus between the Company and the Parry Employees'

Union, Madras. The Settlement was signed on 3rd May 1962. Clause 10 of the Settlements runs as follows :

> "It is clearly understood by both parties that if the Bonus Commission's recommendations become law during the currency of this Agreement, and such law renders this Agreement invalid, this Bonus Formula covered by this Agreement, will be null and void from the financial year in which the Bonus Commission's recommendations are enforced legally."

It cannot be disputed that the above agreement came to an end as a result of the passing of Payment of Bonus Act, 1965. It however appears that a notice, dated 18th October 1967, was published by the Company announcing payment of interim bonus of 20 per cent. of the annual basic salary to confirmed and probationary employees on terms mentioned therein (vide notice, dated 18th October 1968, annexed to the written statement of the Company). It is not disputed that the above interim bonus was duly received by the workmen of the Calcutta Office. It is not also disputed that the management invited the representatives of the employees of Calcutta, Bombay, Delhi branches for a joint conference at Bombay regarding bonus on 15th April 1968. The parties however failed to come to an agreement. The notice, dated 25th April 1968 was issued by the Company announcing payment of final Bonus for the Company's financial year 1967-68 (vide notice, dated 25th April 1968, annexed to the written statement of the Company). It is admitted that the final bonus in terms of the above notice was paid to the workmen of Calcutta Office. It is also admitted that the average bonus paid to the workmen of the Calcutta Office comes to 17 per cent. of the wages. It is not also disputed that the above final bonus was paid by the Company on the financial result of E. I. D. Parry Group. It also appears from the evidence that the Company's Employees Union at Madrass entered into an agreement with the Company regarding bonus for 1966-67 (vide Ext. 6). It appears from the settlement between the Company and the Madras Union that the bonus was paid in terms of the final notice issued by the Company. The Union asserts that the bonus paid to the workmen of the Company is less than 20 per cent. of the wages, and the workmen are entitled to get more bonus in terms of the provisions of the Payment of Bonus Act, 1965, than the amount paid by the Company. I have already stated that bonus to the workmen at Madras Office was paid in terms of the settlement arrived at between the parties. I have also stated that the workmen of the Calcutta Office were also paid bonus in terms of the final notice and settlement arrived at between the Company and the Madras Union. That being the position, it cannot be disputed that the quantum of bonus paid by the Company should be the bonus due to the workmen for 1966-67 unless the Union has been able to prove that the workmen are entitled to more bonus under the provisions of the Payment of Bonus Act, 1965.

I shall now consider whether the workmen of Calcutta Office are entitled to get bonus at 20 per cent. of the wages as claimed in the written statement of the Union. The Union asserts that the computation of Gross Profit for payment of banus must be made from the Profit and Loss Account of E. I. D. Parry Group. The Union has adduced evidence on the point. The figures have taken from Ext. 8 and other documents of the Company. According to this computation the available surplus comes to Rs. 57,36,373 and the Allocable Surplus is Rs. 32,41,823. It is however contended on behalf of the Company that in the absence of any agreement the Union is not entitled to bonus on the basis of computation based on E. I. D. Parry Groups' Profit and Loss Account. In support of the contention my attention has been drawn to various provisions of the Payment of Bonus Act. Section 4(b) provides how the Gross Profits derived by the employer from an establishment other than banking Company in respect of any accounting year shall be calculated. The question is whether the Gross Profit of the Company known as Parry & Co. Ltd. or the E. I. D. Parry Group should be taken into account for computation of bonus in the instant case. Section 3 provides that where an establishment consists of different departments or undertakings or branches whether situated in the same place or in different places, all such departments or undertakings or branches shall be treated as part of the same establishment for the purpose of computation of bonus under the Act. The proviso also provides when a department or undertaking or a branch shall be treated as seperate establishment for computation of bonus. In view of what has been disclosed in the evidence adduced in the case, the conclusion is irresistible that the Company known as Parry & Co. Ltd. with its Head Office at Madras and branches on different places in India comes under the purview of the establishment under the Bonus Act. That being the position the computation for payment of bonus to the workmen of the Company's office in Calcutta must be made on the basis of Company's Profit & Loss Accounts (vide Ext. 2). Ext. 1 is the Bonus Worksheet calculated by the Company. It appears that the available surplus according to the calculation made by the Company comes to Rs. 3,95,525 and the Allocable Surplus is Rs. 2,27,315. Thus the percentage of bonus payable on Allocable Surplus is 3.47 per cent. The workmen are however entitled to get 4 per cent bonus under the Payment of Bonus Act. I have already stated that 17.41 per cent. of wage bill was paid to the workmen by the Company in terms of notice mentioned above. That being the position the Union is not entitled to claim any amount as bonus due to the workmen. It is contended that in view of the admission made by the Company in its written statement, the Company is not entitled to claim that the computation of bonus should be made on the basis of group basis. I am unable to accept such contention. There is nothing in the written statement to show that the Company has made any admission that the computation of bonus should be made on the group basis Only. On the other hand, the case made out in paragraph 4 of the written statement supports the contention of the Company. The mere fact that the Company had filed a calculation on group basis does not by itself support the contention that the Company is not entitled to claim that computation should be made in a manner as made in the Bonus Worksheet, Ext. 1. It is also contended that the Company's group account should be treated as single Company for the purpose of computation of gross profits. In view of section 3 of the Payment of Bonus Act, I am unable to accept such contention. After giving my anxious consideration to the arguments advanced on behalf of both the sides and upon a proper construction of the provisions of the Payment of Bonus Act, and the agreement produced by the Company, the conclusion is irresistible that the workmen of the Company's Calcutta Office are not entitled to claim any more amount as bonus than the amount paid by the Company as bonus for 1966-67. I therefore find that no amount is due to the workmen as bonus for 1966-67.

This is my award.

AWARD

By order No. 171-I.R./IR/10L-208/70, dated 10th January 1972, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Singh Engineering Corporation, 38 Panditia Road, Calcutta-29, and their workmen represented by Singh Engineering Corporation Workers' Union, 159/1B Rashbehari Avenue, Calcutta-29, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issues:

Issues

1. Bonus for the year 1969-70.
2. Whether lay-off of the following workmen is justified? What relief, if any, are they eititled to? (i) Deben Ch. Mondal, (ii) Gopi Ch. Naskar, (iii) Sapan Ch. Naskar, (iv) Panchu Gopal Mondal, (v) Kanai Biswas, (vi) Ramesh Mistri, (vii) Debu Mondal, (viii) Samar Mondal, (ix) Amal Naskar, (x) Deo Narayan and (xi) Abdul Ahad.

In response to notices issued by this Tribunal, both parties appeared in this case. The Union filed its written statement on 23rd March 1972. The Company prayed for and obtained several adjournments for filing its written statement. On 2nd June 1972 the parties filed a joint petition indicating amicable settlement of the dispute out of Court. Both parties submitted that they were not inclined to proceed further in this matter, and prayed that in this state of affairs, the Tribunal should pass a no dispute award in the matter.

This petition was subscribed by a Partner of the firm and the Secretary of the Union. As the parties failed to come ready before the Tribunal on the date fixed and had, in the above manner signified unwillingness to proceed further in the matter, the only course open to the Tribunal was to submit suitable report to the State Government and submit an award on the footing that the industrial dispute under reference was no longer in existence.

It was, however, noticed that in the proceeding the Union had filed written statement verified by Shri Kamalapati Ray, President of Singh Engineering Corporation Workers' Union. The petition, dated 2nd June 1972, whereby Singh Engineering Corporation Workers' Union formally withdrew from the proceeding, had been subscribed by the Secretary of Singh Engineering Corporation Workers' Union. When Shri Kamalapati Ray, the President of the Union came to know about formal withdrawal of the Union by a petition, he submitted petition, dated 6th June 1972, challenging the authority of the Secretary of the Union to act on behalf of the workmen. He contended that the petition signed by him should not be taken into consideration. The question, therefore, arose, whether the Secretary of the Union had authority to act on behalf of the Union and the workmen. If the act of the Secretary of the Union had been authorised by the Union, the Tribunal would have to record the compromise and pass a "no dispute" award according to the wishes of the parties.

By order No. 8, dated 6th June 1972, the Tribunal directed both the officials of the Union to adduce proof of authority from the workmen. Be it noted that the President of the Union who had filed the written statement and had challenged authority of the Secretary of the Union, had himself omitted to prove his own authority to act for the workmen. Similarly the Secretary of the Union who had come forward to represent the workmen had not brought evidence to show that he had the authority to settle the dispute, or to withdraw from the proceeding as he purported to do.

On 3rd July 1972 both the officials of the Union produced evidence to show that they had authority from the workmen to act in this proceedings. It appears from the authority, dated 27th February 1972, in favour of Shri Kamalapati Ray, the President of the Union that the workmen apprehended that they might have to yield to the management under pressure and they wanted the President of the Union to conduct the case on their behalf. However. it appears from the authority, dated 15th May 1972, also signed by all the available workmen that the workmen and members of the Union subsequently authorised the Secretary of the self-same Union to file joint petition before this Tribunal withdrawing from the proceeding and seeking a no dispute award. It is clear from the documents filed by the two officials of the Union that the workmen had at first authorised the President of the Union to contest the case before this Tribunal. Evidently they subsequently changed their mind and authorised the Secretary of the Union to file the petition indicating amicable settlement of dispute out of Court and withdrawal of the Union from the proceeding.

In the result, there was nothing to prevent the Secretary of the Union to withdraw from the proceeding and to seek a no dispute award as he did.

The learned Advocate for the President of the Union submits that he is not in a position to challenge the signatures of the workmen who support the Secretary of the Union. Even so, he challenges competence of the Tribunal to record withdrawal of the Union from the proceeding and to pass a no dispute award. According to him the Secretary of the Union acted illegally because he agreed to accept bonus from the Management at less than the statutory rate. This argument is not of any avail to the President of the Union because the Tribunal has not been invited to endorse any award of bonus by the management. The question of endorsing less than statutory rate of bonus does not arise. On the authority of the Delhi Cloth and General Mills Ltd. case reported in F. I. R. 1970(2) page 308, the learned Advocate for the President of the Union also argues that the Secretary of the Union cannot claim absolute freedom of contract and arrive at a settlement after a dispute is referred to the Conciliation Officer. The Union must comply with the statute for recording a compromise. This argument advanced by the learned Advocate for the President of the Union also misses its mark because the parties have not come forward with any agreement seeking the Tribunal's approval. The position is that they are not prepared to have the dispute adjudicated by the Tribunal. They have given out that the industrial dispute has ceased to exist. Even assuming that a compromise has been arrived at, the terms are not given out and there is no question of examination of those terms by the Tribunal. The parties have walked out of the Court on the footing that the Tribunal has no jurisdiction after the industrial dispute has become extinct. That being so, the only course open to the Tribunal is to record the fact that the dispute does not exist and to pass a "no dispute" award. Accordingly the reference is disposed of by a no dispute award.

AWARD

This is a reference under section 10 of the Industrial Disputes Act, 1947. The reference is made by the Government of West Bengal by order No. 726-I.R./IR/11L-454(A)/71, dated 12th February 1972 The dispute is between (1) Messrs. Orient Bakery, (2) Messrs. Firco Bakery and (3) Messrs Lobell Bakery of Benachitty, Durgapur-13, on one side and their workmen represented by (1) Durgapur Shop Employees' Association, Benachitty, Durgapur 13 and (2) Durgapur Subdivisional Bakery Sramik Union, Nachan Road, Durgapur-13, on the other side.

Notices were duly served upon the parties. After service of notice the employers appeared. Thereafter, Durgapur Subdivisional Bakery Sramik Union appeared. But the Durgapur Shop Employees' Association did not appear inspite of service of notice upon it. Durgapur Subdivisional Bakery Sramik Union was given time to file written statement by 25th May 1972. But it did not file any written statement. Time to file written statement by Durgapur Subdivisional Bakery Sramik Union was extended more than once by the Tribunal. but the Union did not appear after its appearance on 20th April 1972, not to speak of filing any written statement. On 22nd June 1972 of the three employers only Messrs Orient Bakery appeared. Since 25th May 1972, the Tribunal repeatedly extended time to file written statement by Durgapur Subdivisional Bakery Sramik Union. but the Union did not file any written statement. On 30th June 1972 date was fixed for ex parte hearing of the Order of Reference on 11th July 1972. But on 11th July 1972, none of the parties appeared. It, therefore, appears to me that neither the employers nor the Unions are interested in the dispute. Had it not been so the parties should have appeared on 11th July 1972, when the reference was fixed for ex parte hearing in case of failure on the part of the Union to file written statement. That being so, I pass a "no-dispute" award.

AWARD

The Labour Department, Government of West Bengal, referred an industrial dispute between Messrs. India Trading Co. and their workmen represented by Commercial Employees' Union (Calcutta), to this Tribunal by its order No. 2113-IR, dated the 28th April 1972, for adjudication upon the matter under section 10 of the Industrial Disputes Act, on the following issue:

Issue

> Whether the termination of service of Shri Adhir Kumar Dey, with effect from 3rd January 1969, by way of refusal of employment to him is justified? To what relief, if any, is he entitled?

After service of statutory notices, both parties appeared on 3rd June 1972. The Union was asked to file its written statement by 24th June 1972. On that day none appeared and no steps were taken by the parties. It was ordered that the record would be put up on 15th July 1972, for orders or for disposal according to law. On that day both parties failed to appear. The Union took no steps. The record is now put up before me for dictating an award.

Regard being had to the gross laches on the part of the parties and their conduct, it must be held that they are no longer interested in adjudication of the industrial dispute. Evidently, it is expedient to submit a suitable report and award to the State Government on the footing that industrial dispute under reference has ceased to exist.

Hereby I pass a 'no dispute' award.

AWARD

The above industrial dispute over the issue given in the Order of Reference and reproduced below was referred to this Tribunal for adjudication by the Government of West Bengal, in its Labour Department, Order No. 448 I.R./IR/10L-7/72, dated the 2nd February 1972.

Issue

> Whether the termination of the services of Shri Tarak Chandra Majhi and Shri Jagannath Das by way of refusal of employment to them is justified? What relief, if any, are the workmen entitled to?

The above reference was received by this Tribunal on 21st February 1972. By 14th March 1972, notices upon both sides were properly served. The Manager of the Company entered appearance on that date but none appeared for the Union. The Company filed its written statement on 19th May 1972, but the Union did not care to file any such. So another registered notice was directed upon the Union asking them to file the written statement. By 20th June 1972 the postal acknowledgment came back and none appeared for the Union as before to file their written statement. The case was therefore fixed for ex parte hearing.

The aforesaid facts by themselves entitle this Tribunal to pass a 'no dispute' award in consonance with the rule 22 of the West Bengal Industrial Disputes Rules, 1958. In addition, however, I did allow the Company to furnish their ex parte evidence. P. W. 1 Shri Omprakash Modi, the Manager of the Company, Messrs. Surekha Engineering Works, pledged his oath before me and put the facts of the case in a nutshell. His evidence read with the documentary evidence on record, make it abundantly clear that the 2 workers, viz., Shri Tarak Chandra Majhi and Shri Jagannath Dass were never refused employment as alleged by the Union. On the contrary, the documentary evidence on the record constituted by Ext. 1 and Ext. 4 would go to show that both the workers themselves submitted their resignation letters to the Company. That apart, the receipts filed by the Company and constituted by Exts. 2 series and 5 series, would make it abundantly clear that the 2 workers have left the Company once for all after realising their full dues. It is therefore crystal clear from the aforesaid materials on the record that no dispute is alive between the parties and that as a matter of fact, the parties themselves have settled their disputes out of Court. The case therefore should be and is hereby disposed of by a "no dispute" award here and now.

This industrial dispute between Messrs. The Eastern Manufacturing Co. Ltd., Titaghur, 24-Parganas and their workmen represented by the Titaghur Chatkal Mazdoor Union, Brahmasthan, Park Road, Titaghur, 24-Parganas, arises out of a reference under section 10 of the Industrial Disputes Act made by the Government of West Bengal, Labour Department, order No. 5191-I.R./IR/7L-20/71, dated 10th November 1971.

The issue in the Order of Reference runs as follows:

Issue

> Whether the termination of services of Shri Rameswar Chowdhury, E.B. No. 10493 by way of refusal of employment to him is justified? To what relief, if any, is he entitled?

After receipt of the reference notices were duly served upon the parties by registered post. The case of the Union is that the workman Rameswar Chowdhury had been working in the Preparing Department of the Company and he was a member of the Provident Fund. He had been working continuously and regularly in the vacant places and his job was of a parmanent nature although the Company preferred to call him a Badli or Casual worker. By a letter, dated 17th September 1970, he was told by the Company that his name had been struck off from the muster rolls of the mills in accordance with the Standing Orders as he was allegedly seleeping in the Department at about 4-30 a.m. on 6th September 1970, during duty hours. He was dismissed from his service by way of dismissal on 17th September 1970, for his alleged misconduct. There was no enquiry into the charge levelled against him. No opportunity was given to him to meet the charge, and he was removed from the service in clear violation of the principles of natural justice and the provisions of the Standing Orders. The Union filed a dispute before the Labour Commissioner on 18th November 1970, in which it was stated that the concerned workman approached the Company for justice and there was no response whatsoever. All attempts at conciliation had failed. The Union asserts that the dismissal of workman is unjustified and prays for reinstatement of workman with back wages.

The case is taken up for hearing under rule 21 of the West Bengal Industrial Disputes Rules, 1958, for non-appearance of the Company inspite of service of registered notice.

The Union has examined the workman. The evidence of the workman shows that he was in the service of the Company for three years before dismissal and he worked in the same place without any break during this period. His evidence also shows that he was a member of the Provident Fund maintained by the Company. These facts go to prove that the workman was in continuous service under the Company for three years and he comes under the purview of 'workman' as defined in section 25B of the Industrial Disputes Act. It appears that no charge-sheet was served upon the workman, and no enquiry was held by the Company for alleged misconduct. No notice was also served upon the workman for terminating his service. No wage was also paid to the workman before termination of his service. It also appears that the workman appoached the Company after termination of service for reinstatement but the Company refused to reinstate him. Upon materials on record I am satisfied that the services of the workman were illegally terminated by the Company. I am also satisfied that the Union has made out a case for reinstatement.

In the result, I find that the termination of the services of workman by way of refusal is not justified. I, therefore, direct the reinstatement of the workman by the Company in his former post. I also direct the Company to pay six months' wages to the workman as compensation.

The above industrial dispute over the issue given in the Order of Reference and reproduced below was referred for adjudication to this Tribunal by the Government of West Bengal in its Labour Department order No. 4608-I.R./IR/11L 93/69, dated 15th October 1971

Issue

Bonus for the years 1966-67 and 1967-68.

The aforesaid reference was received by this Tribunal on 25th October 1971. The Company filed its written statement on 18th April 1972. In paragraphs 3 and 4 of the written statement of the Company it has been specifically averred that the said Order of Reference is not maintainable and bad in law inasmuch as the reference is unintelligible. In paragrah 12 again, it has been alleged inter alia that the factory had 700 workmen prior to the closure and that as the reference speaks of only 51 workmen and as the reference is significantly silent in respect of the names of such 51 workmen, the reference cannot be entertained far less can it be adjudicated upon by this Tribunal. In paragraph 13 again, it has been asserted that the reference is unattended with the expected list of 51 workmen.

At the time of hearing Shri U. K. Arah, the learned Advocate appearing for the Company, has, at the very outset assailed the Order of Reference as it stands on the face of the record. Shri Arah's contention has impressed me and I think he is correct in his submission. Let me clarify Shri Arah's contention herein below.

The Order of Reference reads as follows:

> "Whereas an industrial dispute exists between Messrs Kohinoor Rubber Works, 35/1A Canal East Road, Calcutta-1, and their workmen Shni Anil Kundu and 51 others and whereas it is expedient that the said dispute should be referred to an Industrial Tribunal the Governor is pleased hereby to refer the said dispute to the Eighth Industrial Tribunal."

The question naturally arises as to the necessary particulars of the 51 workmen who are referred to the body of the reference. Who are those workers? In which department do they work? What is their status and so on and so forth.

Fortunately for me Shri Susil Kumar Mazumder, the learned Advocate appearing on behalf of the 52 workmen, is frank enough to concede to the point raised by Shri Arah. Shri Mazumder states that the matter is technical. He, however, admits that the technicality is storng enough to defeat his clients' claim Both Shri Arah and Shri Mazumder agree at last that the reference should be denounced as bad in law. Shri Mazumder gives out that he would place the matter before the Labour Department so that the matter is again sent back to this Tribunal with necessary particulars about the list of workmen.

In the result, the instant Order of Reference is hereby held not maintainable is law.

AWARD

This is a reference under section 10 of the Industrial Disputes Act, 1947. The reference has been made by the Government of West Bengal, by order No. 3548-I.R./IR/11L-546/70, dated 7th August 1971. The parties in dispute are Messrs. Charu Chandra Service Station (henceforth the Company) and their workmen represented by Burdwan Petrol Pump Stations (Sales and Service) Workers' Union (henceforth the Union).

The case of the Union is as follows :—

The workmen of different Petrol Pump and Service Station in the district of Burdwan formed a Trade Union in the name of Burdwan Petrol Pump Stations (Sales & Service) Workers' Union. The Union was formed in 1969. The management of Messrs. Charu Chandra Service Station did not like the Union. The management adopted a policy to crush the Union. Shri Radheshyam Samaddar who was an employee of the said Service Station was dismissed by the management on 16th August 1969. The Union took up the cause of Shri Samaddar and the dispute was ended by a Tripartite Settlement dated 27th November 1969. According to that agreement the management agreed to rein-tate Shri Samaddar with effect from 1st December 1969 and also to pay the sum of Rs. 150 as compensation for the period of forced unemployment. Shri Samaddar joined the Service Station on 1st December 1969, but in the evening of the same day the management issued fresh appointment letter to Shri Radheshyam Samaddar. After receiving the fresh appointment letter from the management, Shri Samaddar found that he has been appointed by the management as a temporary workman for the period of three months only. Shri Samaddar raised verbal objection against such temporary appointment and requested the management to revoke it. The management did not pay any heed to the protest of Shri Samaddar. On the other hand, the management issued a show cause notice on Shri Samaddar for some baseless allegations. Shri Radheshyam Samaddar approached the Union for taking appropriate action. On 16th December 1969 the Union Secretary sent a protest letter to the Service Station for issuing a fresh appointment letter for a period of three months in violation of the terms of the Tripartite Settlement, dated 27th November 1969. Mr. Radheshyam took 15 days' leave from 17th December 1969. After the expiry of the period of leave he went to resume his duty on 1st January 1970, but he was not allowed to join. The management issued a letter, dated 10th March 1970, to shri Samaddar directing him to resume his duty within 18th March 1970. Accordingly, Shri Radheshyam Samaddar went to resume his duty, but he was not allowed to join. Further on that date Shri Samaddar was wrongfully confined on the road by Shri Jyoti Burman and his two associates with the intention to assault Shri Samaddar. Thereupon the Union moved the Deputy Labour Commissioner. There were some sittings before the Deputy Labour Commissioner for conciliation, but conciliation failed. Hence the reference by the Government to this Tribunal for adjudication of the dispute.

The case of the Company is as follows :—

The case of the Company is as follows : – Union But the Company has admitted that there was a Tripartite Settlement, dated 27th November 1969 and that Shri Radheshyam Samaddar joined the Service Station on 1st December 1969 and that he was served with a fresh appointment letter for a temporary period of three months. But the Company states that on 11th December 1969 Shri Radheshyam Samaddar had duty hours from 10-30 a.m. to 3-30 p.m. But he left his place of duty without any intimation at 2-30 p.m. and Shri Samaddar was asked to explain for his unauthorised absence and again on 13th

December 1969 Shri Samaddar did not resume his duties after recess, which began from 4-30 p.m. It is further stated that on 14th December 1969 Shri Samaddar absented himself from duty without any leave and that thereupon a letter was issued to Shri Samaddar by the Company to submit his explanation regarding his absence without any intimation or leave. Shri Samaddar replied by letter on 16th December 1969 raising the false plea that he was unable to understand the contents of the letter as the letter was written in English Shri Samaddar continued to remain absent from duty on 17th December 1969 without intimation or leave and he continued to remain absent from duty from 17th December 1969 onward without intimation or leave. By several letter, dated 22nd December 1969, 10th March 1970 and 23rd March 1970 Shri Samaddar was asked to report for duty, but in vain. Shri Samaddar did not respond to these letters nor reported for duties. Shri Samaddar did not take 15 days' leave from 17th December 1969. He did not come to the Service Station either on 1st January 1970 or 18th March 1970 to resume his duty. It is denied that Shri Jyoti Burman prevented Shri Samaddar on 18th March 1970 from resuming his duty at the Service Station and that Shri Jyoti Burman and his associates threatened him on the road. The Company urges that Shri Radheshyam Samaddar did not go to work at the Service Station from 17th December 1969 onward and that there was no question of refusal of employment by the management to Shri Samaddar and that Shri Samaddar having remained absent without intimation or permission with effect from 17th December 1969 he should be deemed to have left his service of his own accord. It has further been contended that the reference is misconceived as there was no demand for justice.

Issue for adjudication is:—

> "Whether the termination of service of Shri Radheshyam Samaddar by way of refusal of employment to him is justified? What relief, if any, is he entitled to?"

Admittedly Shri Radheshyam Samaddar had been the Pump Attendant of the Company. Admittedly also the Company had dismissed him from service. It is also admitted that there were conciliation proceedings over dismissal of Shri Samaddar and the matter was settled by Tripartite Settlement, dated 27th November 1969, in terms of which Shri Samaddar was to be reinstated with effect from 1st December 1969 and Shri Samaddar was to get Rs. 150 from the Company in full and final settlement of all his claims for back wages. There also no dispute over the fact that Shri Samaddar joined his duty at the Service Station on 1st December 1969. It appears from evidence on record that he worked there from 1st December 1969 to 16th December 1969. But the evidence of O. P. W 1 Shri Satya Charan Sen, the Manager of the Service Station, is that on 11th December 1969 Shri Samaddar left the Pump Station at 2-30 p.m. without intimation although he was allotted duty up to 3-30 p.m Further evidence of O. P. W. 1 is that Shri Samaddar repeated the same practice on 13th December 1969 as he did not resume his duty after recess. It is also the Company's case in the written statement that on 14th December 1969 Shri Samaddar remained absent without notice. P. W. 1 is Shri Radheshyam Samaddar. There is no counter evidence on this point. In his evidence he has not denied that he left the Service Station at 2-30 p.m. without notice either on 11th December 1969 or 13th December 1969. P. W. 1 has not also denied that he remained absent without notice on 14th December 1969. The evidence of O. P. W. 1 on this point is amply corroborated by the Attendance Register of the Pump Station Marked Ext. 8. Besides this, it appears that the Company issued two letters, dated 11th December 1969 and 15th December 1969 Exts. 2 and 3, calling for an explanation from Shri Samaddar for his conduct. Ext 4 which is a letter of Shri Samaddar addressed to the Manager of the Company shows that Shri Samaddar received those two letters from the Company, but instead of giving any explanation he asked for further extension of time for submitting explanation on the flimsy ground that the letters had been written in English and he was unable to understand the contents and so he was in need for further extension of time for submitting explanation. I only refer this letter Ext. 4 to emphasize the attitude of Shri Samaddar towards the management. It is not in the evidence of Shri Samaddar that he submitted any explanation for his conduct before the management as he was directed to do. Ext. G is the Union's letter, dated 16th December 1969. By this letter the Union only protested against the issue of a fresh appointment letter to Shri Samaddar as a temporary workman. It appears from the evidence that Shri Samaddar remained absent from the Service Station with effect from 17th December 1969. It is the case of the Union that Shri Samaddar took 15 days' leave whereas it is the case of the Company that Shri Samaddar never asked for leave, but he remained absent without intimation or notice. The evidence of P. W. 1 is that he made a leave application for 15 days with effect from 17th December 1969 and that he handed over the leave application to the Manager in the evening of 17th December 1969. The evidence of P W. 3 Shri Arun Ganguly, the Secretary of the Union, is that Shri Samaddar came to him on 16th December 1969 and told him that he was ill and that he would take leave for 15 days. It is also in his evidence that Shri Samaddar gave him a copy of leave application Ext. F on 17th December 1969. I have carefully gone through the written statement of the Union. There is no averment in the written statement of the Union that he submitted the leave application or that he handed over the leave application to the Manager. It is in his evidence that he demanded acknowledgement receipt from the Manager, but the Manager did not grant him any receipt. It is also curious that Shri Samaddar would leave the station on 17th December 1969 without trying to ascertain whether his leave application was allowed or not. It is also very strange that Shri Samaddar would not take any action either writing through the Union or writing personally to the Manager for knowing if his leave application was granted or not, despite his evidence that the Manager did not grant acknowledgement receipt for which he made a demand. In fact there was no correspondence from the side either of Shri Samaddar or of the Union till 20th March 1970 when the Union addressed a letter to the Manager. The letter, dated 20th March 1970, is Ext. D. Even in this letter there was no whisper of any leave application having been made by Shri Samaddar. His evidence is that he gave the leave application to the Manager in presence of Shri Jyoti Burman, P. W. 2, another employee of the Pump Station. P. W. 2 has not deposed that in his presence Shri Samaddar gave a leave application to the Manager. So the evidence of P. W. 2 does not support what P. W. 1 deposed. On the other hand, O. P. W. 1 has stoutly denied that Shri Samaddar made any leave application or gave any leave application to him. His evidence has remained unshakened in cross-examination. Moreover, it appears from the Company letter, Ext. 5, dated 10th March 1970 that the Manager had written to Shri Samaddar in his letter, dated 22nd December 1969, asking Shri Samaddar to join his duty positively on 25th December 1969 and also asking for explanation for his absence without notice from 17th December 1969. But the Union in its letter, dated 20th March 1970, Ext. D which was a reply to the Company's letter, dated 10th March 1970, did not deny the receipt of letter from the Company, dated 22nd December 1969, nor did the Union say a single word about the submission of leave application by Shri Samaddar on 17th December 1969 to the Manager or denying that Shri Samaddar was absent from 17th December 1969 without notice. Had Shri Samaddar really given any leave application for 15 days' leave with effect from 17th December 1969 Shri Samaddar or the Union would have at once written to that effect to the management after the receipt of a letter, dated 22nd December 1969 or a letter, dated 10th March 1970, from the Company. After considering the evidence on record, the probability and particularly the habit of Shri Samaddar to leave the station earlier without notice before the completion of his hours of duty and to remain absent without notice and further two letters one of the Company, dated 10th March 1970 and the other of the Union, dated 20th March 1970, I have no hesitation in mind to conclude that Shri Samaddar did not make any leave application on 17th December 1969 and that Shri Samaddar remained absent with effect from 17th December 1969 without notice and that the document Ext. F is fake. It is the case of the Union that Shri Samaddar went to resume his duty on 1st January 1970 but he was not allowed to join. That is also the evidence of P. W. 1. Therefore according to the Union there was first refusal of employment of Shri Samaddar on 1st January 1970. In the written statement the Union has stated that after the expiry of leave period Shri Samaddar went to resume his normal duty, but he was not allowed to join and so on behalf of Shri Samaddar a letter was sent to the Deputy Labour Commissioner, Durgapur, along with a copy to the management for their intervention. No letter has been filed before this Tribunal to show that any complaint was made by the Union to the effect that Shri Samaddar was not allowed to join his duty on 1st January 1970. Had Shri Samaddar really gone to resume his duty on 1st January 1970 and had he not been allowed to join his duty certainly he would have made a complaint to the Manager either himself or through the Union. But there is no document to show that he made any such complaint. Again the Union in its letter, dated 20th March 1970, did not allege that Shri Samaddar had gone to resume his duty on 1st January 1970, but he was not allowed to join his duty although in that letter the Union alleged that Shri Samaddar was not allowed to work on 18th March 1970 when he had gone to join his duty. So absence of any complaint to the effect that on 1st January 1970 Shri Samaddar was not allowed to join his duty and absence of any mention of this fact in the Union's letter, dated 20th March 1970, clearly show that Shri Samaddar did not go to the Service Station on 1st January 1970 to resume his duty. In his evidence P. W. 1 has stated that he protested before the Manager for not allowing him to join his duty and that he subsequently sent a protest letter through Shri Arun Ganguly. But the Manager, O. P. W. 1, has denied it. No protest letter has been forthcoming. P. W. 3 Shri Arun Ganguly has not also corroborated P. W. 1 on this point. In cross-examination P. W. 1 has stated when he made the protest to the Manager, P. W 2, Shri Jyoti Burman was present there. But Shri Jyoti Burman has not stated so. So P. W. 2 has not also corroborated Shri Samaddar. Therefore except the uncorroborated oral testimony of Shri Samaddar that he went to resume his duty on 1st January 1970 but the Manager did not allow him to join, there is no other evidence either oral or documentary. Considering the evidence of both oral and documentary on record I hold that Shri Samaddar has not succeeded to prove that he went to resume his duty on 1st January 1970 and the Manager did not allow him to join. The Union's further case is that in response to the Company's letter dated 10th March 1970, Ext. 5, Shri Samaddar went to resume his duty on 18th March 1970, but Shri Jyoti Burman forbade him to join as the Manager had instructed Shri Burman not to allow Shri Samaddar to join his duty. The Union in its letter, dated 20th March 1970, also mentioned this fact that Shri Samaddar went to join his duty on 18th March 1970 but he was not allowed to join. P. W. 2 Shri Jyoti Burman has also stated that on 18th March 1970 Shri Samaddar came to join his duty but under the instruction of the Manager Shri Burman did not allow Shri Samaddar to join his duty. It is in the evidence of P. W. 1 and P. W. 2 that the Manager was not present at that time. P. W. 1 has stated further in his evidence that on 18th March 1970 he again turned up at 12 noon and met the Manager, but the Manager did not allow him to join his duty. P. W. 2 has stated that he was not present when Shri Samaddar met the Manager at the Service Station at the noon on 18th March 1970. So P. W. 2 was not in a position to say whether Shri Samaddar met the

Manager on 18th March 1970. As regards the evidence of Shri Burman supporting Shri Samaddar that Shri Samaddar came to the Service Station to resume his duty on 18th March 1970, this evidence appears to be somewhat curious. In the written statement the Union positively made allegation against Shri Burman as one of the persons who way-laid Shri Samaddar on 18th March 1970 with the intention to assault Shri Samaddar. The Union in its letter, dated 20th March 1970 did not rest by saying that Shri Burman and his associates wrongfully confined Shri Samaddar on the road with the intention to assault him but has gone a step further as in its letter it alleged that Shri Jyoti Burman and two other persons caught hold of Shri Samaddar on the way at Gopalbag Road and threatened Shri Samaddar with dagger and they also snatched way his money bag containing some money. That Shri Burman and his associates threatened Shri Samaddar with dagger and snatched away his money bag—this allegation is not in the written statement of the Union. What is curious is that inspite of this allegation against Shri Burman (P. W. 2) Shri Burman has come to depose on the side of Shri Samaddar. The reason is not far to seek. It appears from document Ext. 7, dated 30th March 1970, that Shri Burman was charged with misappropriation of petrol from the Station and he was found guilty and he was warned by the management and further he gave an undertaking before the management to reimburse the Company by way of deduction from his pay. So evidently the relation between the management and Shri Burman is not cordial. Small wonder that Shri Burman will be too eager to come to support Shri Samaddar. Therefore no reliance can be put on the evidence of Shri Burman that on 18th March 1970 Shri Samaddar came to join, but only under the instruction of the Manager he did not allow him to join his duty. O. P. W. 1, the Manager, has denied that he instructed Shri Burman not to allow Shri Samaddar to join his duty. It is also significant to note that in its letter, dated 10th March 1970, the Company asked Shri Samaddar to join his duty by 18th March 1970 and not on 18th March 1970. It baffles one's understanding why Shri Samaddar who stated to be so anxious to resume his duty would wait till 18th March 1970 to resume his duty instead of rushing to the Service Station to join his service earlier. This conduct on the part of Shri Samaddar also shows that his story that he went to the Pump Station on 18th March 1970 to resume his duty is a myth. I am aware of the fact that the Union in its letter, dated 20th March 1970, alleged that Shri Samaddar went to resume his duty on 18th March 1970 but he was not allowed to join. But the Company's letter, dated 10th March 1970, Ext. 5 and the Company's letter, dated 23rd March 1970, Ext. 6 are answers to the point. In both these letters there is a reference of another letter, dated 22nd December 1969. It appears from these letters that the Company repeatedly asked Shri Samaddar to resume his duty failing which Shri Samaddar would be treated to have voluntarily resigned from his service. Even the Company by its letter, dated 23rd March 1970, offered Shri Samaddar to resume his duty by 1st April 1970. In the written statement of the Union it is no where stated that Shri Samaddar went to resume his duty on 1st April 1970 in pursuance to the Company's letter, dated 23rd March 1970. True the Union already moved the Deputy Labour Commissioner on this matter in the meantime. But the letter, dated 23rd March 1970, Ext. 6 as also the previous letter, dated 10th March 1970, in both these letters the Company referred about its earlier letter, dated 22nd December 1969, are letters by the Company to Shri Samaddar giving him enough time and opportunity not once but more than once asking him to resume his duty. But it appears to me that Shri Samaddar had no mind to resume his duty. Considering all these aspects I hold that Shri Samaddar did not go to the Service Station on 18th March 1970 to resume his duty. That being so, Shri Samaddar wilfully, deliberately and voluntarily did not go to the Service Station to join his duty with effect from 17th December 1969. He was regardless to the Company's letters, dated 22nd December 1969, 10th March 1970 and 23rd March 1970 directing him to resume his duty. Hence there arose no question of refusal of employment to Shri Samaddar by the Company. It was his own deliberate and voluntary action. That being so, there arose no question of termination of service of Shri Samaddar by way of refusal of employment. Even the Attendance Register shows that Shri Samaddar's name appearing month after month after December 1969 and in the Attendance Register he was all along marked absent with effect from 17th December 1969. If the management had any intention to refuse the employment to Shri Samaddar the management would not have written any letter to Shri Samaddar directing him to join his duty and would not have continued his name in the Attendance Register marking him absent month after month. Hence I hold that the management did not refuse employment to Shri Samaddar and that arose no question of termination of service of Shri Samaddar.

Besides this, reference shall fail also on another ground. I find from evidence on record that there was no demand of justice. There is no averment in the Union's written statement that the Union made any demand of justice upon the management. There is no chit of paper to show that the Union ever wrote to the management to allow Shri Samaddar to join his duty on 1st January 1970. It is the Union's positive case that the Company did not allow Shri Samaddar to join his duty on 1st January 1970. But there is nothing to show that the Union raised any dispute with the management either by writing or orally that the management did not allow Shri Samaddar to join his duty on 1st January 1970 or that the Union made any demand upon the management for allowing Shri Samaddar to join his duty on 1st January 1970. As regards the Union's letter, dated 20th March 1970 alleging that Shri Samaddar was not allowed to resume his duty on 18th March 1970, the allegation, as I have already said, was baseless because Shri Samaddar's going to join his duty on 18th March 1970 was a myth and hence there arose no question of refusing him to join his duty on that day. Shri Samaddar having failed to prove that he went to join his duty either on 1st January 1970 or on 18th March 1970, there could be no refusal of employment to him. In the absence of refusal of employment to Shri Samaddar, there could be no demand and as such there could also be no industrial dispute. Moreover the letter, dated 20th March 1970, was at best a letter of grievance and not a letter of demand. Therefore there was no industrial dispute. So apart from merit, the reference should fail for want of demand of justice. Hence reference fails. Shri Samaddar is found not entitled to any relief in view of my above findings.

AWARD

The Labour Department, Government of West Bengal, referred an industrial dispute between Messrs Jalan Industries (P.) Ltd., and their workmen represented by Commercial Establishments Staff Union, to this Tribunal by its order No 1278-I.R., dated 17th March 1972 for adjudication upon the matter under section 10 of the Industrial Disputes Act on the following issues:

Issues

1. Revision of wage structure of the subordinate staff.
2. Dearness Allowance.

After service of statutory notices the parties entered appearance and the Union was asked to file its written statement by 13th May 1972. The Union was unable to file its written statement on that day and prayed for extension of time for filing the same. In fact, time was twice extended on the Union's prayer, the last date for filing the written statement being 4th July 1972. On that day neither party appeared before the Tribunal. The Union also did not take any steps. In the interest of justice the case was adjourned till 18th July 1972 for disposal and/or for order. On 18th July 1972 also the parties did not appear. It was ordered that an award would be submitted to the State Government on the footing that the industrial dispute was not in existence, unless the parties appeared within 26th July 1972.

Today (26th July 1972) the parties are absent and have not taken any steps. From what has been stated it is clear that in this case the parties have absented themselves on dates fixed by the Tribunal without showing any cause therefor. It is expedient to submit a report and award to the State Government on the footing that the industrial dispute under reference is no longer in existence.

Hereby I pass such award.

AWARD

By the Government of West Bengal, Labour Department, order No. 6619-I,R./IR/11L-833/69, dated 21st September 1970, an industrial dispute existing between Messrs. Deluxe Ice & Cold Storage, 44 G. T. Road, Kotrung, Hooghly, and their workmen represented by the Deluxe Ice & Cold Storage Workers' Union, 150 C. S. Mukherjee Street, Konnagar, Hooghly, was referred to this Court under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue :

Issue

Whether dismissal of Shri Gopal Chowdhury is justified ? To what relief, if any, he is entitled ?

Pursuant to the notices, the parties appeared and filed their written statements and the case was ultimately fixed on 16th November 1971 for hearing. The case was, however, not heard on the date fixed. Several adjournments took place at the instance of the parties. On 7th July 1972, both the parties appeared before the Court and filed a joint petition of compromise. The petition was directed to be put up on 12th July 1972 for orders, a date fixed for peremptory hearing. As 12th July 1972 was declared a local holiday, so the record was put up on 13th July 1972 for orders. On 13th July 1972 I carefully looked into the terms of settlement as embodied in the petition of compromise. The terms appeared to me to be fair and reasonable, and were, therefore, accepted by me. Accordingly, I pass an award in terms of the said joint petition of compromise which shall form part of this award. This disposes of the instant reference.

ORDER

No. 4375-I.R./IR/10L-7/71.—29th July 1972.—Whereas under the Government of West Bengal, Labour Department, order No. 792-I.R./IR/10L-7/71, dated the 17th February 1971, the industrial dispute between Messrs. Gloster Cables, P. O. Fort Gloster, Howrah (Regd. Office : 21 Strand Road, Calcutta-1) and their workmen represented by Gloster Cable Employees' Union, P. O. Fort Gloster, Howrah, regarding the issue mentioned in the said order being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Third Industrial Tribunal ;

And whereas the said Third Industrial Tribunal has submitted to the State Government its award on the said industrial dispute ;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the Annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Gloster Cables, P. O. Fort Gloster, Howrah (Regd. Office : 21 Strand Road, Calcutta-1), and their workmen represented by Gloster Cable Employees' Union, P. O. Fort Gloster, Howrah, as referred to this Tribunal under G. O. No. 792-I.R./IR/10L-7/71, dated the 17th February 1971. (Case No. VIII-83/71.)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri P. K. BANERJI, Judge,

Third Industrial Tribunal.

AWARD

The Labour Department, Government of West Bengal, referred an industrial dispute between Messrs. Gloster Cables, Howrah and their workmen represented by Gloster Cable Employees' Union to this Tribunal by its order No. 792-I.R., dated 27th February 1971, for adjudication upon the matter under section 10 of the Industrial Disputes Act, on the following issue :

Issue

Whether the management is justified in dismissing Shri A. K. Bhattacharjee, T. No. S 131 from 18th September 1968 ? What relief, if any, is the workman entitled to ?

After service of statutory notices both parties entered appearance. The Union filed its written statement on 11th June 1971. And after a long time the Company filed their written statement on 18th December 1971. The case was fixed for hearing on 10th July 1972. On that day none appeared for the Union ; neither did the Union take any steps. The learned Advocate for the Company was, however, present. In the interest of justice the hearing of the case was adjourned till today. Today also neither party has appeared. The parties have also omitted to take steps.

Regard being had to patent laches on the part of the parties and their reluctance in getting ready for hearing, the conclusion must be that the parties are no longer interested in adjudication of the dispute.

In the circumstances, it is necessary for the Tribunal to submit a suitable report and award to the State Government on the footing that the industrial dispute under reference has ceased to exist.

Hereby I pass such award.

Dictated and corrected by me.

P. K. BANERJI,
Judge.

P. K. BANERJI, Judge,
Third Industrial Tribunal.

By order of the Governor,
N. R. SIRCAR, Asstt. Secy.

(iv)	Unsaponifiable matter :	Not more than 1·25
(v)	Free Fatty acid, as oleic acid:	Not more than 0·25 per cent.
(vi)	Baudouin test (as described in Note II below :)	Not less than 3·0 red units.
(vii)	Synthetic Vitamin A ·	Not less than 25·0 international units per gramme :

Provided that where, for any special reason, any person finds it necessary to manufacture, stock or sell any vegetable oil product not conforming to any or all of the above requirements, such manufacture may be undertaken by him after obtaining prior permission therefor from the Vegetable Oil Products Controller for India, and the product so manufactured is stocked and sold by him in accordance with the instructions of the said Controller.

NOTE I—The Capillary Slip Method.

(i) Thin-walled glass tube open at both ends with an external diameter 1.2 to 1.5 mm. and internal diameter of 0.83 to 1.1 mm. and length 5 to 6 mm. should be used after proper cleaning and drying.

(ii) The sample of the vegetable oil product should be completely melted and well mixed at a temperature of about 50°C. The capillary tube should be inserted into the molten product so that a column of the product about one cm. long is forced into it. The sample in the tube should be allowed to just set by keeping the tube in an horizontal position during winter, and during summer the tube may be put on a performated metal tray which is so placed insiue a small water bath containing water at 15°-17°C. that the bottom of the tray just touches the water.

(iii) The tube is then placed in a test tube immersed in water at 15°-17° C for one hour.

(iv) A centigrade thermometer (reading in 1/5th of a degree) should be suspended in the centre of a beaker provided with side-tube heating arrangement so that the lower end of the sample column is 3 cm. below the surface of water. The initial temperature of the water should be 20°C. The side-tube of the apparatus should be heated gently, so that the temperature of water increases slowly at the rate of 2°C. per minute till the temperature reaches 30°C. and thereafter at the rate of 1/2 a degree per minute.

(v) The temperature of water should be noted when the sample column commences to rise in the tube. This temperature is recorded as the melting point.

The thermometer used in this test should be checked against a standard thermometer calibrated and certified by the National Physical Labouratory, Teddington, England.

NOTE II—The Boudoin Test

(i) Reagents to be used:

(1) Refined (neutralised and bleached) groundnut oil of light colour showing a negative Baudouin Test.

(2) Concentrated hydrochloric acid (A. R.) solution (sp. gr. 1.19 at 15/15.5°C.) containing not less than 37% HCl by weight.

(3) Furfurol, which has been distilled within 24 hours prior to the test, dissolved in alcohol of not less than 95% strength to give a 2% solution (V/V).

(4) Chemically pure dilute hydrochloric acid solution (sp. gr. 1.25 at 15.5/15.5°C.) containing 24·75% HCl by weight.

(ii) Procedure: The sample of the vegetable oil product should be completely melted and well mixed at a temperature of about 50°C.

(a) Carry out a test for the presence of colouring matters which are chromogenic in the presence of hydrochloric acid as given in (b) below.

(b) Shake 10 cc. of the melted vegetable oil product with 10 cc. of concentrated hydrochloric acid [reagent (2) above]. If there is no development of a red colour in the aqueous layer, apply the Baudouin test as described in (d) below. If a red colour develops in the aqueous layer, proceed as in (c) below.

(c) Shake 15 cc. of the melted vegetable oil product in a separating funnel for half a minute with 15 cc. of dilute hydrochloric acid [reagent (4) above]. During the treatment do not permit the temperature of the contents of the separating funnel to exceed that necessary to keep the sample in liquid condition. Draw off the red acid layer which collects at the bottom of the funnel and repeat the process until no further colouration takes place. After the hydrochloric acid layer has been completely removed apply the Baudouin test to the vegetable oil product so obtained, as deseribed in (d) below.

(d) The Baudouin test shall be carried out as follows:

(1) Dilute 10 cc. of the melted vegetable oil product to be tested with 40 cc. of refined groundnut oil [reagent (1)].

(2) Take 5 cc. of this mixture in a 25 cc. measuring cylinder with glass stopper and add 5 cc. of concentrated hydrochloric acid [reagent (2)].

(3) Add 0.4 cc. of the alcoholic solution of furfurol [reagent (3)].

(4) Shake vigorously for 2 minutes.

(5) Allow to stand for 5 minutes.

(6) Filter the contents of the measuring cylinder through a wet filter paper.

(7) Determine the red colour of the filtrate and express the colour reading in terms of R (Red) units on the Lovibond scale as obtained by using a 1 cm. cell.

(8) Perform a blank experiment by using 5 cc. of refined groundnut oil [reagent (1)] in place of 5 cc. of mixture of vegetable oil product and refined groundnut oil and determine the colour in Lovibond scale as under (7) above.

(9) Deduct the colour reading obtained under (8) from that obtained under (7) and record as the Baudouin test of the sample.

Note: The time elapsing between the addition of the furfurol solution and the reading of the colour should not exceed 12 minutes.

(6) The Joint Director of Industries (Handloom), West Bengal—Member-Convenor.

2. The committee will function for one year with effect from the date of notification and submit its recommendation within a period of nine months.

3. The committee will decide the procedure for selection of applicants for powerlooms.

4. The committee will consider the applications already received and enquired into. The committee may cause further enquiry in respect of any old application, if considered necessary and may call for fresh applications from individuals and co-operative societies.

5. The principles and guidelines as laid down in Annexure 'A' may be followed by the committee in submitting their recommendations to the Government.

Order

Ordered that the notification along with the annexure be published in the "Calcutta Gazette" and copies thereof forwarded to the Chairman and the members of the Selection Committee.

Ordered also that a copy of the notification along with the annexure be forwarded to all the Departments of this Government and Director, Cottage and Small Scale Industries, West Bengal.

ANNEXURE A

1. Having regard to the provisions made in the budget for 1972-73 of the Cottage and Small Scale Industries Department, 528 powerlooms may be allotted to the Co-operative sector. The number of looms to be allotted to individuals during 1972-73 will be fixed by the committee. The committee will, therefore recommend 22 new co-operative societies for allotment of powerlooms at the rate of 24 each. These co-operative societies will get financial assistance at the rate of Rs. 3,000 per loom from the Government. Fifty per cent. of the members of the co-operative societies which will be allotted looms, should be handloom weavers. Similarly preference should be given to the handloom weavers in allotting powerlooms to individuals.

2. No financial assistance will be given to individuals to whom powerlooms will be allotted.

3. Preference will be given to individuals having experience in textile. The individual applicants must have means and ability to instal and operate the looms.

4. The number of new looms to be allotted to an individual together with existing looms, if any, owned by the same individual, should not exceed the number 8 normally. In case, however, weavers' families are not interested to instal looms either for cotton or man-made fibre, the committee may recommend allotment of looms numbering more than 8 to individuals other than weavers who will be agreeable to instal and operate the same without any financial assistance from the Government.

5. It is considered desirable that some of the powerlooms to be allotted during the next financial year should work on silk or cotton or man-made yarn. The committee may, therefore, carefully consider the applications for looms for silk or cotton or man-made fibres and in case such applications are wanting or the applicants who have already applied are not considered fit for allotment of powerlooms, the committee may invite fresh applications from individuals and co-operatives and indicate specifically the number of powerlooms to be allotted for weaving silk and cotton and man-made fibres. In recommending looms for applicants—individuals as well as co-operative societies—the Committee may keep in view the following considerations in general:

(a) Availability of power.

(b) Desirability of growth of powerlooms in clusters.

(c) Transport facilities and facilities for processing and finishing of goods.
(d) Concentration of weavers.
(e) Consideration of areas having population not exceeding 30,000.
(f) Proximity to market, etc.

By order of the Governor,
P. RAICHAUDHURI, Dy Secy.
